This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

"*Resolved*, That the Presbyteries of Crawfordville, Logansport, and Fort Wayne, be detached from the Synod of Indiana, and constituted a Synod, to be called the SYNOD OF WABASH; that they hold their first meeting at Fort Wayne, on the second Thursday of September next, at 11 o'clock A.M.; and that the Rev. Charles White, D.D., or, in case of his absence, the senior minister present, preach the opening sermon, and preside until a new Moderator be chosen; and that the Synod meet afterwards on their own adjournment."

The same Committee also reported Paper No. 1, on "*Church Extension*," and No. 2, on "*Collections for Benevolent Objects*;" recommending that these Papers be referred to a Committee to consist of one member from each Synod, to report to the Assembly as early as possible.

The report and recommendation of the Committee were adopted; and the papers were referred to the following Committee, viz.:—

Ministers—James H. Johnston, Timothy Woodbridge, D.D., Samuel Sweezy, Thomas K. Fessenden, M. L. R. P. Thompson, D.D., David B. Coe, Edmund F. Dickinson, Augustine Bardwell, Thornton A. Mills, S. Storrs Howe, Edmund Wright, Edward H. Cumpston, Samuel Sawyer, Archer C. Dickerson, and Alfred H. Dashiell; with the *Elders*—J. Marshall Paul, M.D., Dyer Loomis, Eurotas P. Hastings, and William H. Brown.

The Committee on Bills and Overtures made the following report, which was accepted, viz.:—

"The Committee on Bills and Overtures report Overture No. 1, Memorials, &c., on the subject of *Slavery;* one from the Presbytery of Grand River, and one from the Presbytery of Chicago; and, as connected with the same general subject, a resolution of the Presbytery of Belvidere; a letter from the Western Presbyterian Church of Palmyra, with questions touching the Fugitive Slave Law; and another from the church in Trumansburgh, N.Y., on the subject of the Colonization Society. The Memorials are few in number, (four in all,) kind in spirit, decorous in matter, and no doubt conscientious in origin. The Committee have carefully read and considered these documents, and unanimously and cordially agree to the following result: That the Assembly have reason to be thankful to Divine Providence for the wisdom and prudence vouchsafed to the last Assembly, in coming to conclusions on this vexed question, which have so generally met with the acquiescence of the Church at this crisis; and that it seems obviously our privilege and duty, at the present session, to leave the whole subject as it was placed by that action, and to devote our time to other subjects which demand attention;

always praying, that God will hasten on the day of universal freedom throughout our land and the world."

A motion was made that the report be adopted.

The reading of the Memorials was called for; and the Memorials from the Presbyteries of Chicago, Salem, Grand River, Fort Wayne, and Belvidere, and the letters from the churches of Trumansburgh and the Western church of Palmyra were accordingly read.

The discussion proceeded until the hour of adjournment; when, without taking the question, the Assembly adjourned until Monday, at 9 o'clock A.M.

Concluded with prayer.

MONDAY, May 19th, 9 o'clock A.M.

The Assembly met, and was opened with prayer.

Half an hour was occupied in devotional exercises; after which the roll was called, and the minutes of the last session were read and approved.

The unfinished business of the last session, viz., the subject of Mileage, and the distribution of the Commissioners' Fund, was resumed—the question being on the motion of Rev. T. A. Mills, to refer the whole subject to a Committee to report a plan which shall include the *actual expenses* as well as the distances travelled by Commissioners.

After some discussion, the matter was postponed, for the present, to hear the report of the Committee on the Polity of the Church, in reference to the request of the *Presbytery of Milwaukie* to be attached to the Synod of Peoria.

The Committee reported, recommending that the request of the Presbytery of Milwaukie be granted, and that their Commissioners be admitted to seats in the Assembly.

A motion was made that the report be adopted.

A discussion ensued, during which it was agreed to allow the Rev. William H. Spencer, the Delegate from the Presbytery of Milwaukie, to present a statement on the subject.

The Assembly agreed to adjourn to-morrow P.M. at 4½ o'clock, to give an opportunity for holding a meeting in behalf of the American Sunday-school Union.

Before the question in relation to the Presbytery of Milwaukie was taken, the Assembly adjourned until 2 o'clock P.M.

Concluded with prayer.

MONDAY, May 19th, 2 o'clock P.M.

The Assembly met, and was opened with prayer.

The minutes of the last session were read and approved.

A communication was received from Mr. Thomas R. Walker, President of the Utica Cemetery Association, inviting the members of the Assembly to visit their grounds at any time during their stay in the city.

The invitation was accepted, and the thanks of the Assembly were tendered in return.

The Committee on Bills and Overtures reported Overture No. 2, from the Synod of West Pennsylvania, "*On Stated Supplies and Vacant Congregations*," in the form following:

"When a minister is at the same time *pastor* of one church, and acts as the *stated supply* of another church, has each of said churches a right to be represented by its own Elder, at the same meeting of Presbytery or Synod? Or does this case came under the Rule, chap. x. sect. 4, p. 368, of Form of Government?" they recommend that the following answer be returned, viz.: "That churches, having stated supplies only, are not such churches as are contemplated in the article referred to, and have a right of representation according to the principles of the Form of Government, chap. x., sec. 5."

The report was adopted.

Also, Overture No. 3, from the Synod of New-York and New-Jersey, and from the Presbytery of Pittsburgh, "*On Church Covenants*," requesting the Assembly to take order in reference to some uniform mode and formula of receiving members into our churches; with a recommendation of the following answer:—

"That it is inexpedient for the Assembly to attempt such a measure, however desirable it is to have uniformity; but that it more properly belongs to the Presbyteries and Synods."

The report was adopted.

The order of the day was suspended for the present, and the unfinished business of the morning, viz., the consideration of the *Application of the Presbytery of Milwaukie*, was resumed; the question being on the adoption of the report of the Committee.

Rev. William H. Spencer, the Delegate from the Presbytery of Milwaukie, was heard in support of the application.

After a long discussion, the question was put, and the report of the Committee was adopted. The Presbytery was attached to the Synod of Peoria, and the Rev. William H. Spencer, the Delegate, was enrolled as a member of the Assembly.

The Assembly proceeded to hear the Delegates from Corresponding Bodies.

The Rev. Francis Horton, Delegate from the General Association of Massachusetts, and the Rev. Isaac Willey, Delegate from the General Association of New-Hampshire, were heard in such statements as they desired to make in reference to the bodies which they represented.

It was made the order of the day for to-morrow, at 9 o'clock A. M., to hear the other Delegates from Corresponding Bodies; and immediately after, to hear the Agents of Benevolent Societies.

Adjourned until to-morrow morning at 9 o'clock A. M.

Concluded with prayer.

TUESDAY, May 20th, 9 o'clock A.M.

The Assembly met, and was opened with prayer. Half an hour was employed in devotional exercises.

The calling of the roll was hereafter dispensed with. The minutes of the last session were read and approved.

The Rev. Daniel Russell, a Commissioner from the Presbytery of Angelica, appeared, and his name was placed on the roll of the Assembly.

A communication from Mr. Theodore Dwight, of New-York city, in reference to a proceeding of the Synod of New-York and New-Jersey, was received, and referred to a Special Committee, consisting of Rev. James W. McLane, Rev. Franklin A. Spencer, and Elder William H. Brown.

A printed pamphlet, on the subject of "Trustees, Sessions, Voting, and Church Order," was communicated through the Moderator, and referred to the Committee on the Polity of the Church.

The first order of the day, viz.: nomination of Delegates to Corresponding Bodies, was postponed; and the Assembly proceeded to hear further statements from the Delegates of Corresponding Bodies.

The Rev. Lorenzo Carey, and the Rev. Francis Horton, Delegates from the General Association of Massachusetts; Rev. Uriah Balkam, from the General Conference of Maine; Rev. Cyrus B. Drake, from the General Convention of Vermont; the Rev. John Gridley, from the Presbyterian and Congregational General Convention of Wisconsin; and the Rev. Dirck C. Lansing, D.D., from the General Association of New-York; made interesting communications on the state of Religion, Education, and Temperance, within their respective bounds.

Written communications, on the same subject, were also received from the Rev. John G. Morris, D.D., Delegate from the Evangelical Synod of the Lutheran Church in the United States, and from the Rev. N. A. Keyes, Delegate from the General Synod of the German Reformed Church, containing apologies for their absence, and interesting statements in respect to their particular communions. These communications, so far as written, were put into the hands of the Committee on the Narrative.

The Moderator then, in the name of the Assembly, made an appropriate address to the Delegates of Corresponding Bodies, expressing the continuance of the most friendly feelings of the General Assembly towards the various Ecclesiastical Bodies which have been here represented.

A communication was received from Messrs. Mark H. Newman & Co., publishers of the Assembly's Hymn Book, directing attention to some new editions of the Hymn Book, together with a donation of several copies of the Confession of Faith, Shorter Catechism, Doddridge's Rise and Progress, and Baxter's Call, in a cheap form, for general circulation, which were accepted with thanks.

The Rev. John Patton, Corresponding Secretary of the Philadelphia Education Society, was then heard in an address in behalf of the cause of Education. After which the Assembly adjourned, to meet at 2 o'clock P.M.

Concluded with prayer.

TUESDAY, May 20th, 2 o'clock P.M.

The Assembly met, and was opened with prayer. The minutes of the last session were read and approved.

The Rev. Daniel G. Sprague, of the Presbytery of Newark, and Mr. John Foote, Elder from the Presbytery of Chenango appeared as Commissioners, and their names were placed on the roll of the Assembly.

Rev. Patterson Fletcher offerered resolutions on the subject of reporting the number of candidates for the ministry; which were referred to the Committee on Church Extension.

The Committee on the Polity of the Church made a report in reference to memorials from the Synods of Ohio, Western Reserve, and Cincinnati, on the subject of the *Boundaries of those Synods.* And, as there appears to be a full concurrence between them as to what is desirable, the Committee recommended the adoption of the following resolutions:—

1. That the division line, between the Synods of Western Reserve and Cincinnati, be the southern line of the Western Reserve, extended westward to the State line of Indiana.

2. That the division line between the Synods of Ohio and Cincinnati be as follows: Beginning at the northwest corner of Wyandot county, Ohio; thence southwardly with the western lines of Wyandot, Marion, Union, Madison, Pickaway, Ross, Pike, and Scioto counties, to the Ohio River.

The report was adopted.

They also reported in reference to an application of the Presbytery of Des Moines for a division of said Presbytery, and the *erection of a new Synod*, as follows:—

That, in their estimation, the way is not fully prepared for the formation of a new Synod; inasmuch as neither the Presbytery of Minnesota, nor the Synods of Illinois and Peoria, have been consulted on the subject: Also, that the small number of members which would compose the Synod renders it a subject of doubtful expediency for the present year.

The Committee, therefore, recommend that the papers be returned to the Presbytery of Des Moines, that they may, if they see fit, apply to the Synod of Illinois for an orderly division of their Presbytery, and prepare the way for the erection of a new Synod the coming year.

This report also was adopted.

The Committee appointed to audit the accounts of the Treasurer and Stated Clerk reported, that they had examined the accounts which have been presented, and find them accurate.

By the accounts presented, there has been received during the past year,

For the Commissioners' Fund, - - - - -	$473 19
For the Contingent Fund, - - - - -	496 20
Amounting to - -	$969 39
Of which there has been expended for various purposes,	$893 39
Leaving a balance on hand of - - -	$76 00

$21 50 of which is in the hands of the Stated Clerk, and $54 50 in the hands of the Treasurer.

It further appears by these accounts, that there is a balance due the estate of William Osborn, for printing, of $67 12; which, deducted from the surplus in the hands of the Clerk and Treasurer, would leave an actual balance of $8 88.

The report was adopted.

Nominations were then made of Delegates to Corresponding Bodies. And the election was made the order of the day for to-morrow at 2 o'clock P.M.

The unfinished business of Saturday, viz., the consideration of the report on the subject of *Slavery*, was resumed, the question being on the adoption of the report of the Committee.

The discussion was after a while suspended, to receive a communication from the Hon. William J. Bacon, Chairman of a Committee of the Common Council of this city, in reference to the approaching visit of the President of the United States.

Whereupon it was *Resolved*, That the Rev. Alanson Scofield, Hon. William Strong, and Messrs. John L. Ketcham, Jacob Gideon, and Elisha Taylor, be a Committeee to report what action should be taken by the Assembly in reference to that event.

The discussion was resumed. Rev. Dennis Platt moved to amend, by adding:

"The Assembly are aware, that a new phase of this subject has been presented by a recent enactment of Congress, commonly known as the 'Fugitive Slave Law.' But we suppose that the principles already settled will be a sufficient guide to a sincere and intelligent inquirer after truth and duty. While all active resistance to legal authority is to be avoided, (except in cases which justify a bloody revolution,) it is the right and duty of all citizens to speak and vote according to their honest convictions in favor of good laws, and for the repeal of those which are evil.

"And no human enactment can make it our duty to refrain from acts of charity towards the suffering, or to engage in the work of sending back to a hopeless bondage persons who are innocent of crime, and who have according to the law of nature already achieved their freedom."

At 4½ o'clock, agreeably to previous arrangements, the Assembly adjourned until to-morrow, at 9 o'clock A.M.

Concluded with prayer.

WEDNESDAY, May 21st, 9 o'clock A.M.

The Assembly met, and was opened with prayer.

The Committee, appointed to report in reference to the visit of the President of the United States, made a report, recommending that a vote of thanks be tendered to the Common Council of this city for their expression of courtesy to this Assembly; and that the Assembly, on being notified of the arrival of this distinguished visitor, with the intention to remain long enough to afford an opportunity so to do, will adjourn, or take a recess, that the members who wish may meet and interchange civilities with him and the members of the Cabinet who may accompany him.

The report was adopted.

An application from the Rev. Mr. Bogue, to be heard on behalf of the American Society for Meliorating the Condition of the Jews, was presented, and the consideration thereof postponed for the present.

The unfinished business of yesterday, viz., the discussion of Rev. Dennis Platt's amendment to the report of the Committee of Bills and Overtures on the subject of *Slavery*, was resumed.

Mr. Platt had leave of the Assembly to amend his motion so as to read as follows:—

"In regard to the new phase of this subject presented during the last year, and to questions growing out of it, there seems to be no occasion for the Assembly to assert any new principle; since it is an established doctrine of our Church and of Protestant Christendom, that whilst obedience to law is a Christian duty, in all but extreme cases, yet no human enactments can bind any man to do that which he knows to be in conflict with the law of God."

The Rev. Archer C. Dickerson moved to amend by striking out all after the words "new principle."

The Rev. Lemuel Grosvenor moved to postpone the question before the house, to take up a substitute.

The Rev. Elihu P. Marvin moved the previous question, which was ordered by the Assembly.

The previous question was then put. The amendments were successively rejected, and the original report of the Committee was adopted.

After which the Assembly adjourned until 2 o'clock P. M.

Concluded with prayer.

WEDNESDAY, May 21st, 2 o'clock P.M.

The Assembly met, and was opened with prayer. The minutes of the last session were read and approved.

The report was adopted.

The unfinished business of Monday, viz., the subject of mileage, was resumed;—the question being on the motion of the Rev. Thornton A. Mills to refer the subject to a Special Committee.

The motion was carried, and the whole subject was referred to a Committee, consisting of the Rev. Thornton A. Mills, and the Hon. Messrs. Augustus P. Hascall, and Elijah Rhoades.

The Rev. Edmund F. Dickinson offered a resolution, proposing to have *Statistical Tables* prepared of slavery as it exists in our Southern churches.

After some discussion, the resolution and amendment were, on leave, withdrawn.

The Committee on the Records of the Synod of Albany made a report, and, on their recommendation, the records were approved, with the following exceptions:—

1. On page 224, entries are made in pencil marks. 2. On page 227, is found an order for religious exercises for the afternoon and evening, which the records show were not performed until the afternoon and evening of the next day, without any record of the change.

The thanks of the Assembly were tendered to the Rev. Thornton A. Mills, for his Sermon on Home Missions, delivered during the present sessions of the Assembly, and a copy thereof was requested for publication.

The Assembly then adjourned until to-morrow, at 9 o'clock A.M.

Concluded with prayer.

THURSDAY, May 22d, 9 o'clock A.M.

The Assembly met, and was opened with prayer. The usual time was employed in devotional exercises.

The minutes of the last session were read and approved.

The Committee on Bills and Overtures reported Overture No. 4, in these words: "May a session of a church invite a minister of the gospel belonging to the same Presbytery or Synod to which the church belongs, to sit as a corresponding member of said session; and, when so invited, may such minister, at the request of an accused brother, be assigned as counsel for the accused?"

The Committee recommended that both questions be answered in the negative; and the report was adopted.

Also, Overture No. 5, from the Presbytery of Greencastle, in these words, viz.: "Whereas it is very desirable that the Minutes of the General Assembly be extensively circulated; and whereas many of our ministers,

and more of our churches, never obtain them; therefore, *Resolved*, That the General Assembly be requested to adopt some measure to extend their circulation."

The Committee report, that the existing regulations of the Assembly are designed to supply all who pay the proper amount into the Contingent Fund, at the rate of 25 cents per copy; and this seems to be as economical and wise a plan as could be designed. The report was adopted.

The Rev. John C. Brigham, D.D., Corresponding Secretary, and the Rev. Samuel H. Cox, D.D., were permitted to address the Assembly in behalf of the American Bible Society. After which the following resolutions were adopted:—

"*Resolved*, That the American Bible Society, from the catholicity of its principles, the extent of its operations, and the indispensable need of the Book which it circulates to all men, has not only the confidence and good wishes of the General Assembly, but its prayers that prosperity and increasing usefulness may continue to attend the labors of that national institution.

"*Resolved*, That the manner in which the Society carries on its operations, through local auxiliaries, renders it peculiarly important that pastors and other friends of the Bible give attention to the management of those auxiliaries, and see that they discharge their duties with punctuality and energy."

The Rev. J. B. Pinney was also heard in behalf of the American Colonization Society.

The Committee, to whom was referred a communication from Mr. Theodore Dwight, of New-York, reported, that the subject of the communication pertains to matters not under the jurisdiction of the General Assembly; and they therefore recommended, that the paper be returned to Mr. Dwight.

The report was adopted.

Invitations were received from the Directors of the Utica Orphan Asylum, and from the Trustees of the Utica Steam Cotton Mills, to visit these establishments, at the convenience of the Assembly.

The invitations were accepted, and a vote of thanks was passed.

Concluded with prayer.

THURSDAY, May 22d, 2 o'clock P.M.

The Assembly met, and was opened with prayer. The minutes of the last session were read and approved.

The Committee on the Polity of the Church made a report on the subject of Correspondence with the *General Association of New-York*, as follows:—

"That, from the position in which that body, and a large portion of the Presbyterian Church, are placed, in respect to each other, it is natural that a spirit of rivalry should exist between them; and that this should engender a spirit of proselytism, which appears to have been manifested, in a degree, in some of the past action of the Association, which we hope will not be persisted in on their part, and which we trust will never characterize the action of our Church. We are brethren of the same family, have the same Lord, the same faith, the same baptism, and the same great ends in view, and should live together in the strictest bonds of holy fellowship and union; striving together for the advancement of the kingdom of our Lord and Saviour Jesus Christ. Whether an individual church chooses to administer the discipline in the Presbyterian or Congregational way, is comparatively a matter of minor concern. Let each be persuaded in his own mind, and not interfere with the rights of his brother.

"We recommend that the correspondence be continued, and hope that it may be so conducted as to prove mutually satisfactory, and promotive of the interests of the kingdom of our dear Redeemer."

The report was adopted.

A communication was received from Mr. D. D. T. Davie, a daguerreotypist of Utica, proposing, with their consent, to daguerreotype the Assembly,

The seventeenth of the "Rules for Judicatories," concerning the "Previous Question," was referred to a Committee, consisting of the Hon. William Strong, Mr. Abraham B. Conger, and Mr. William H. Brown, to explain its use and proper mode of application.

Resolved, That it be recommended to all our Churches to observe the *first Monday in January* next, as a day of Fasting and Prayer, for the *Conversion of the World.*

The Assembly agreed to hear reports of the state of the Theological Seminaries within our bounds, immediately after the administration of the Lord's Supper.

After which the Assembly adjourned until to-morrow, at 9 o'clock A.M. Concluded with prayer.

FRIDAY, May 23d, 9 o'clock A.M.

The Assembly met, and was opened with prayer. The usual time was employed in devotional exercises.

The minutes of the last session were read and approved.

The Committee on Leave of Absence reported that leave of absence had been given to the Rev. Messrs. Charles Doolittle, Lemuel Grosvenor, and Joseph C. Whitney; and to Messrs. H. H. Everest, Ebenezer B. Jones, Henry Stephens, John Foote, William R. Shepherd, Benjamin Dunning, Jonathan Provost, Daniel Bushnell, John Heald, and Aaron C. Potwin.

The Committee, to whom was referred the subject of *Mileage*, presented a report, which was adopted, and is as follows:—

"The Commissioners' Fund is distributed at the present time in the following manner: The money contributed for the General Fund is paid into the hands of the Committee on Mileage, and distributed to such Commissioners as claim it, (whose Presbyteries have contributed any thing to the fund, and who have not otherwise been paid,) according to the number of miles each has travelled to the place of meeting.

"This mode of distribution appears to be as simple and equitable as any that can be adopted; and the Committee recommend that it remain unchanged.

"Our Form of Government, chap. XXII., sec. 3., makes it proper for each Presbytery to pay its own Commissioners; consequently, if any Presbytery shall choose to do so, the Assembly cannot *require* them to contribute to the General Fund; but it is most earnestly *recommended* to the older and abler Presbyteries, in view of the wide extent of our Church, and the great importance of our rising Presbyteries being represented in the meetings of the Assembly, if they shall still choose to exercise their right to pay their own Commissioners in full, that they be particular in making additional collections for the General Fund, so that the younger and feebler Presbyteries may be fully represented. And it is hereby made the duty of the Stated Clerk to give due notice of this recommendation previous to the meeting of the General Assembly."

It was moved that the Presbyteries, in their annual report to the Assembly, state whether they pay their own Commissioners, and what additional amount they contribute to the common fund.

After some discussion, the subject was referred to the Committee which had just reported on the subject of mileage.

The Judicial Committee presented their report, which was adopted, and is as follows:—

"The Judicial Committee congratulate the General Assembly on the peaceful and happy relations of our ecclesiastical courts, and the manifest disposition to terminate personal difficulties, without extended litigation.

"A single paper only has been referred to your Committee; and even this will allow no action by the General Assembly at its present sessions.

"The paper alluded to is a complaint preferred by Mr. Franklin Knox against the Synod of Missouri, for its proceedings in the trial of an appeal of William G. Webb from the decision of the Presbytery of St. Louis. The grounds of the complaint are alleged to be observable in the Synodical Records touching the case.

"These records have not been sent up to the Assembly; consequently, the complaint cannot be taken up and intelligently issued at the present time.

"The Judicial Committee recommend, therefore, that the paper be returned to Mr. Knox, with the advice, that the difficulty be adjusted in some other way, if possible; but, if this be impracticable, that the complaint be sent up to the next General Assembly, accompanied by the necessary documentary evidence in the case."

The Rev. Theron Baldwin was heard in a short address in behalf of the Society for Collegiate and Theological Education in the West. After which the following resolution was adopted:—

"*Resolved*, That the Society for the Promotion of Collegiate and Theological Education at the West, by aiding in the establishment of the higher institutions of learning under Christian influence, on our great home-missionary field, is directly and efficiently co-operating with other agencies in securing the evangelization of our country; and that, by reason of the work in which they are engaged, its past success, and its prospective usefulness, it deserves the sympathy and aid of our churches, whose prosperity has ever been closely identified with the spread of intelligence, and whose power for good, under God, resides pre-eminetly in an educated and evangelical ministry."

The Committee, to whom was referred the subject of the Erection of Presbyteries at Missionary Stations in Foreign Lands, made a report, which was adopted, and is as follows:—

"There are about thirty missionaries under the care of the American Board of Commissioners for Foreign Missions, who belong to various Presbyteries embraced in this General Assembly. In the judgment of your Committee, the propagation of vital religion is the first object of missionary labor; and no great interest connected with this end ought to be jeoparded by premature action in giving shape to our ecclesiastical arrangements in the missionary stations among the heathen. Still it is obvious that the number of our missionaries is such, and so many, in some instances, are laboring in the same locality, as to render it proper to inquire whether they may not, with great advantage, be formed into Presbyteries, by means of which we may propagate the policy as well as the doctrines of our Church.

"The introduction of such a change is a work of some delicacy; and, in the judgment of your Committee, demands time for a mature deliberation, and a full interchange of sentiment with the parties concerned in it. The Prudential Committee, we learn, have left the management of ecclesiastical affairs to the missionaries themselves. So long as the gospel is preached, souls converted, the heathen instructed, and those great principles of religious liberty maintained which are secured by ministerial parity, the object of the Board is attained.

"Yet there are some missionary stations in which the number of laborers is small, and the Congregational and Presbyterian elements so equally divided, that, if either form of government were insisted on, the harmony of the mission might be marred. In cases of this sort, it is highly probable that every real interest of the mission would be promoted by delay. Information in regard to the proportion of Presbyterian ministers in each

locality where such a mixture occurs, and in respect to the sentiments and wishes of our brethren, seems to be indispensable to a wise and judicious action.

"The Committee recommend, therefore, that a Committee of three ministers be appointed to confer with the Prudential Committee, and to correspond with those members of our Presbyteries who are in the employment of the American Board, and to submit to the next Assembly a report, embodying such information as may enable them to judge wisely of the whole matter."

The Rev. Joel Parker, D.D., Rev. E. W. Gilbert, D.D., and Rev. Thomas Brainerd, D.D., were appointed a Committee of Correspondence on the above subject.

It was ordered, that all moneys for the Commissioners' Fund be paid to the Committee on Mileage previous to 6 o'clock this afternoon; and that all claims on the fund be presented by the Commissioners before to-morrow, at 9 o'clock A.M.

The Assembly then took up the report on *Church Extension*. A motion was made to adopt the report. After some discussion, the Assembly adjourned until 2 o'clock P.M.

Concluded with prayer.

FRIDAY, May 23d, 2 o'clock P.M.

The Assembly met, and was opened with prayer. The minutes of the last session were read and approved.

The reports of Committees appointed to examine Synodical Records were received; and, on their recommendation, the Records of the following Synods were approved, as far as written, viz.: West Tennessee, Utica, New-York and New-Jersey, Cincinnati, Western Reserve, Ohio, Genesee, Kentucky, Geneva, Indiana, Peoria, Pennsylvania, Virginia, Michigan.

The Records of the Synods of Mississippi, Tennessee, and Illinois not being present, the Committees appointed to examine them were discharged. The Records of the Synod of West Pennsylvania were approved, with directions that the Stated Clerk be requested to number the pages of the Records.

The unfinished business of the morning, viz., the report of the Committee on *Church Extension*, was resumed.

The Rev. Daniel Russell moved so to amend and modify the report, as to extend the benefits proposed to the *whole* Presbyterian Church. The motion was postponed.

The Rev. Clement E. Babb moved to amend, by striking out all after the preamble, and to introduce a substitute.

The subject was discussed until the hour of adjournment, when, without taking the question, the Assembly adjourned until to-morrow, at 9 o'clock A.M.

Concluded with prayer.

SATURDAY, May 24th, 9 o'clock A.M.

The Assembly met, and was opened with prayer. After the usual time employed in devotional exercises, the minutes of the last session were read and approved.

The Rev. John Marsh, Secretary, was then heard in an address in behalf of the *American Temperance Union.*

After which, the following resolutions were adopted :—

"*Whereas*, In the good providence of God, a great and benign change has been wrought by the Temperance reform, in its distinctive character, in the drinking usages of the people of the United States, and of other countries, deeply affecting the great interests of religion and humanity; and whereas, notwithstanding all that has been accomplished, there is still in all our cities, and on all our thoroughfares, a vast amount of intemperance, especially among our young men and our floating population, causing an alarming increase of crime, pauperism, desecration of the Sabbath, and contempt of God; therefore,

"*Resolved*, That the General Assembly would again express its deep sense of the necessity of a continued and more vigorous support of the Temperance enterprise; and they would enjoin upon all Presbyteries, ministers, churches, Sunday-school teachers, to be active and vigilant in this great work; instead of tardily following, ever taking the lead in it, as God's great reforming power in the earth; and by personal example, by family and social and official influence, by the diffusion of wise Temperance publications, by the encouraging and upholding of legislatures and magistrates in the enactment and execution of efficient laws for the suppression of the traffic, to do what in them lies, in their day and generation, to stay the further desolations of intemperance, and thus prepare the way of the Lord among all people."

The Committee on Leave of Absence reported, that leave had been given to the Rev. Messrs. Charles W. Treadwell, Charles C. Carr, Albert H. Gaston, Jonathan B. Condit, D.D., Burtis C. Megie, George Chandler, James H. Baldwin, and Lewis H. Loss; also, to Messrs. Elijah Rhoades, Sylvester Willard, Augustus P. Hascall, Moses Bristol, Samuel Phillips, John C. Hines, John Taylor, John Clouds, William B. Cory, and Thurston Wood.

The Committee, to whom was referred the interpretation of the 17th rule, presented a report, and, on their recommendation, the 13th and 17th rules were amended, so as to read as follows :—

"The previous question shall be put in this form: *Shall the main question be now put?* It shall only be admitted when demanded by a majority of the members present; and its effect shall be to put an end to all debate, and bring the body to a direct vote,—first, upon a motion to commit the subject under consideration, (if such motion shall have been made;) secondly, (if the motion to commit does not prevail,) upon pending amendments; and, lastly, upon the main question. The call for the previous question shall not be debatable.

"The 13th rule shall be amended by striking out the words, '*or the previous question.*'"

The Committee, to whom were referred the resolutions on the subject of the SABBATH, reported the following resolutions, which were adopted: —

"*Resolved*, 1. That this Assembly continues to regard the holy Sabbath as an institution of God, universally and perpetually binding upon man, and as of primary and indispensable importance to all the interests of the Church, the country, and the world.

"*Resolved*, 2. That we view with great pleasure any intimations of an increasingly healthful sentiment in regard to the Sabbath in our country, especially in public corporations; and exceedingly deplore the unhappy example of its desecration in high places.

"*Resolved*, 3. That in this age of growing internal improvements and consequent temptations and facilities for transgression, and when such large accessions are constantly making to our population, with loose and unscriptural views of the Sabbath, it is more than ever incumbent on all Christians, by their influence, example, and efforts, to honor and conserve this sacred institution."

The unfinished business of yesterday, viz., the subject of *Church Extension*, was resumed; the question being on the amendment, offered by the Rev. Clement E. Babb, to the report of the Committee.

Some progress having been made in the discussion, it was suspended, and the Rev. Francis Horton, Delegate from the General Association of Massachusetts, after a short address, to which the Moderator responded, took his leave.

The discussion was resumed, and continned until the hour of adjournment, when, without taking the question, the Assembly adjourned until Monday, at 9 o'clock A.M.

Concluded with prayer.

MONDAY, May 26th, 9 o'clock A.M

The Assembly met, and was opened with prayer. After the usual time had been occupied in devotional exercises, the minutes of the last session were read and approved.

The Rev. Thomas K. Fessenden having declined the appointment of Delegate to Connecticut and Massachusetts, the Rev. S. Storrs Howe was elected in his place.

The Committee on Mileage made a report, which was adopted; and the Committee (in the absence of the Treasurer) were directed to pay the Commissioners, according to their proportion of the fund, at the rate of 3·7329 cents per mile.

The Committee, to whom was referred the subject of reporting the Collections for the Commissioners' Fund, made the following report, which was adopted:—

"*Resolved*, That the Presbyteries be required to report in full the sums paid by their respective churches for the payment of Commissioners to the General Assembly; and that the Stated Clerk be directed to state the portion of the whole retained by the Presbyteries for the payment of their own Commissioners, and that which passed into the hands of the Treasurer for the General Commissioners' Fund of the Assembly."

The unfinished business of Saturday, viz., the subject of *Church Extension*, was resumed; the question being on the amendment of the Rev. Clement E. Babb to the report of the Committee.

The Rev. Joseph G. Wilson moved, that the whole subject of Church Extension, with the various reports and amendments, be referred to a Special Committee, for the purpose of making a report to the next Assembly.

The Rev. Alanson Scofield moved to postpone Mr. Wilson's motion, in order to take up the following substitute:—

"*Resolved*, That the Presbyteries be overtured on the whole subject of Church Extension, that they may, if they choose, memorialize the next General Assembly."

Rev. James W. McLane moved the previous question, which was ordered by the Assembly.

The motion of the Rev. Joseph G. Wilson, to refer the whole subject to a Special Committee, was then carried; and the whole subject was accordingly referred to a Special Committee, consisting of the Rev. Thornton A. Mills, Rev. Nathan S. S. Beman, D.D., Rev. Frederick A. Ross, Rev. Artemas Bullard, D.D., Rev. Asa D. Smith, D.D., Rev. D. Howe Allen, D.D., Rev. James B. Townsend, Rev. Samuel W. Fisher, and Rev. Robert W. Patterson; four of whom to form a quorum.

The Assembly then adjourned until 2 o'clock P.M.

Concluded with prayer.

MONDAY, May 26th, 2 o'clock P.M.

The Assembly met, and was opened with prayer.

The minutes of the last session were read and approved.

The Committee on Bills and Overtures reported Overture No. 5, as follows:—"May the session of a church, at the request of an accused brother, assign as his counsel a minister of the gospel belonging to the same Presbytery to which the session belongs?"

The Committee answered:—"There is no provision for such a case in our Constitution; and, though it does not appear to contravene its spirit and design, and might in special cases be allowable with advantage; yet, a strict interpretation of chap. iv., sec. xxi., of the Book of Discipline, seems to preclude the employment of any one as counsel who is not a member of the judicatory."

The report was adopted.

The Committee, to whom was referred the nomination of a Preacher on Home Missions, recommended the appointment of the Rev. Artemas Bullard, D.D., as Principal, and Rev. George Duffield, D.D., as Alternate.

Their recommendation was adopted.

"*Resolved*, That the rule in regard to the *printed Minutes*, adopted by the last, and several preceding Assemblies, be adopted in reference to the Minutes of this Assembly."

The bills for stationery and for printing were presented and ordered to be paid.

The following resolution was adopted:—

"*Resolved*, That this Assembly does hereby declare its undiminished

confidence in, and cordial sympathy with, the American Board of Commissioners for Foreign Missions, the American Home Missionary Society, and the American Tract Society, with which our Church has co-operated for so many years, in carrying forward the blessed work of the gospel, and doing good to man; and does hereby affectionately commend them to the Presbyteries and Churches connected with this Assembly."

"*Resolved*, That it be referred to a Committee, consisting of Rev. Edwin F. Hatfield, D.D., Rev. Alfred E. Campbell, D.D., Rev. Asa D. Smith, D.D., Rev. James W. McLane, Messrs. Moses W. Dodd, Roe Lockwood, and Charles Starr, to take into consideration the employment of the PRESS for the promotion of the cause of Christ, by means of our denomination."

Ordered—That the salaries and travelling expenses of the Stated and Permanent Clerks be paid.

"*Resolved*, That the thanks of the Assembly be tendered to the citizens of Utica, and the families of different religious denominations, who have extended such kind and cordial hospitality to the Commissioners in attendance, and have contributed to make their stay in this city so peculiarly pleasant. And that it is our fervent prayer, that the blessing of God may, in connection with this meeting, and with the ordinary means of grace here enjoyed, rest upon them.

"*Resolved*, That the thanks of the Assembly be tendered to those railroad and steamboat companies that have offered to convey the members of this Assembly at a reduced price.

"*Resolved*, That the thanks of the Assembly be tendered to the Trustees of the First Presbyterian Church in this city, and to the Bleecker street Baptist Church, for the accommodations extended to the Assembly during their present sessions."

The Rev. Ova P. Hoyt, Delegate to the Presbyterian and Congregational Convention of Wisconsin, forwarded a written report, which was read, and his bill of travelling expenses was ordered to be paid out of any unappropriated funds.

The bill of expenses of the Rev. Conway P. Wing, as Delegate to the General Assembly of the Cumberland Presbyterian Church, was presented, and ordered to be paid out of any unappropriated funds.

The minutes were read and approved.

The roll was called, and none of the members were found to have absented themselves without leave.

The Rev. M. L. R. P. Thompson, D.D., from the Committee to prepare a Narrative, made a report, which was adopted, and ordered to be published in the Appendix to the Minutes.

The thanks of the Assembly were tendered to the Moderator, for the modest, efficient and impartial manner in which he has discharged the duties of his office.

The business of the Assembly having been finished, and the vote having been taken for dissolving the Assembly, the Moderator, with prayer and the apostolic benediction, declared the Assembly dissolved; and required another General Assembly, chosen in the same manner, to meet in the Fourth Presbyterian Church, in the city of Washington, on the third Thursday of May, A.D. 1852, at 11 o'clock A.M.

APPENDIX.

ANNUAL NARRATIVE

OF THE

State of Religion

WITHIN THE BOUNDS OF THE PRESBYTERIAN CHURCH

IN THE

UNITED STATES OF AMERICA.

MAY, 1851.

THE Committee, to whom was referred the business of preparing a Narrative of the State of Religion within the bounds of the General Assembly, respectfully report:—

The duty assigned to us is, on all accounts, difficult, and, on some accounts, not possible to be adequately performed. Had we just such narratives from all the Presbyteries as it is desirable that we should have, it would, even then, be no easy task to gather into a small space all the points of interest and importance, and so to arrange and exhibit them as to give a clear view of the actual state of things in our vast and varied field. Unhappily, however, of the one hundred and four Presbyteries in our connection, less than three fourths are heard from; and, for the most part, the reports laid upon the table of the Assembly are exceedingly meagre and unsatisfactory.

Your Committee would suggest the propriety of some action of this body, designed to secure, in future years, more perfect reports from all the inferior judicatories.

Having carefully availed ourselves of all the sources of information within our reach, we unite in making the following representations:—

I. THE EXTERNAL CONDITION OF THE CHURCH.

The external condition of our Church may be regarded as generally prosperous. While, from various causes, many congregations, in almost every part of the land, are struggling to maintain an existence, and some, it is to be feared, are struggling vainly, yet, on the whole, the aspect of

things is encouraging. One cannot return from a walk about Zion, having told the towers thereof, and marked well her bulwarks, and considered her palaces, without joyously feeling that she is a city that is compact together, and, under God's protection, safe from the assaults of her enemies.

The past year has evidently been a year of God's favor toward us. The ground previously possessed has been well maintained, and much new ground has been occupied. New churches have been organized, and old ones have received large accessions to their numbers. Many new houses of worship have been erected, and many old ones have been repaired and enlarged. A large amount of church debts has been cancelled, and other serious embarrassments, which are mentioned as having formerly existed, have, in various instances, been removed.

Many Presbyteries report a large increase of attendance on the ministrations of the sanctuary, and all assure us that they are living at peace among themselves, and laboring harmoniously to advance the cause of the gospel.

WANT OF MINISTERS.

That, in the external condition of our Church, which occasions most anxiety, is the great and growing scarcity of well-qualified and faithful ministers. From every quarter in the West, Southwest, and Northwest, the complaint on this ground is urged in a manner that has deeply affected our minds. Not only is the want of ministers sorely felt on the field, so as to be the principal cause of whatever distress exists there, and of the danger that threatens the permanence of not a few churches, but there seems to be no promise nor prospect of a speedy adequate supply; nor even that the difficulty is not to become greater, rather than less. It is a most alarming fact, that, as compared with former years, the number of young men preparing for the sacred office is very small. At a time when, to meet the growing demands of our country and the world, the supply should at least be doubled, a fearful diminution of the supply seems to be inevitable.

Your Committee feel impelled to ask, if something cannot be done to remedy the evil. May not individual churches do something, by thoroughly canvassing among themselves for pious young men, endowed by nature and grace with the proper qualifications, by urging them into a course of preparation for the ministry, and by aiding them, if need be, with the means of prosecuting their studies? And may not some means be devised of revivifying or reorganizing, on some more efficient plan, our Boards of Ministerial Education? Your Committee feel that scarcely any other interest of the Church demands, at the present time, so large a share of our attention.

THEOLOGICAL SEMINARIES.

We have reason to congratulate ourselves on the present condition of our Theological Seminaries, and their thorough preparation to do the work for which they are intended. We believe that no similar institutions in the land are better furnished for the business intrusted to them. Would to God that these schools of the prophets had work to do, com-

commensurate with their ability! We deeply feel that the members in attendance on them should be speedily doubled; and we cannot but think that, with proper effort on the part of ministers and churches, this consummation, so much to be desired, is possible.

From all that appears, your Committee are of the opinion, that our Church has never enjoyed a higher degree of favor with the community at large than she does at the present moment, and that she was never in circumstances more favorable for exerting a wide and powerful influence for God.

2. THE INTERNAL CONDITION OF THE CHURCH.

In regarding the interior condition of our Church, the first great fact that presents itself is, the unusual number, as compared with recent years, of

REVIVALS OF RELIGION.

Almost every Presbytery has sent up the cheering intelligence of these displays of Divine grace upon more or less of its congregations. Some have represented their entire fields as being visited with the refreshing showers of Heaven. It is a peculiarly gratifying fact, in connection with this subject, that many of our colleges and other literary institutions have been reached by these reviving influences; and it is to be hoped that not a few have been converted, who will ere long come up as ministers to labor amid the desolations, where more laborers are so greatly needed.

There is reason to believe that the word of salvation is faithfully and fully preached in all our congregations; that the ministers of Christ, with the elders and other members of the churches, are using with fidelity all the ordinary and approved means for promoting their appropriate gospel work; and that, under these influences, the great body of believers is being perfected more and more in knowledge and grace, as well as adding to itself daily of such as shall be saved.

It does not appear that any serious dissensions are disturbing any portion of the Church; but that, on the contrary, great peace and harmony every where prevail.

CHURCH EXTENSION.

We have gratifying evidence, that the interest felt in the various enterprises of Christian benevolence is rather increasing than declining. We are particularly interested in the notices afforded of a greatly augmented zeal in almost every portion of the Church, in behalf of those causes which aim especially to extend the influence of the gospel in our own country. The conviction is evidently gaining strength, that, while "the field is the world," and we are bound to do all that we can to send the gospel to the utmost ends of the earth, we are yet especially constrained by the necessity of the case, if we would long retain the power of doing any thing for Christ, and by the most obvious principles of simple duty, to exert ourselves for the universal diffusion of a strong gospel influence in this land.

THE SABBATH.

Much attention is being directed everywhere to the cause of Sabbath

observance, and results are reported to us in this relation of a most cheering character.

TEMPERANCE.

There seems to be a decline only in respect to the cause of *Temperance*. A few Presbyteries report favorably on this subject; but, for the most part, the language employed is eminently gloomy and disheartening. We make this announcement with the profoundest sorrow.

EDUCATION.

In regard to the efforts made in behalf of the rising generation, we are happy to say, that we see much cause for rejoicing. Sabbath-schools and Bible-classes are maintained every where, with great and growing interest, and with apparently increased success. It affords us peculiar pleasure to report, also, that the Shorter Catechism is having assigned to it, very generally, the place to which it is properly entitled in this department of instruction. We regret that, in connection with what is being done for children and youth, we are not able to speak positively of the extent to which is observed the patriarchal institution of parental and household teaching.

On the whole, we feel that we have much reason to rejoice in the report which it is our privilege to make, and that we are specially called upon to render devout praise and thanksgiving to the great Head of the Church for his grace bestowed on us.

DECEASE OF MINISTERS.

It is our melancholy duty to announce that, during the last year, Death has been reaping among us his accustomed harvest. The catalogue of deceased ministers contains some of the brightest names of the Church. In this respect, the year covered by this report has been one of severe but righteous visitation; in view of which it becomes us especially to humble ourselves under the mighty hand of God, and to pray earnestly that the rod may be sanctified to our own souls.

Since the meeting of the last Assembly, the following twenty-nine ministers have departed this life, viz.:—

Thomas Gordon,	of the Presbytery of	Troy.

CORRESPONDING BODIES.

In conclusion, we are happy to report the most gratifying evidence of prosperity, progress, and peace in those branches of the Church of Christ with which we are in correspondence, and whose delegates have communicated with us, either personally or by letter, during the session of this Assembly, viz.:—

The General Associations of Massachusetts, New-Hampshire, and New-York; the General Conference of Maine; the General Conventions of Vermont and Wisconsin; and the General Synods of the Lutheran and German Reformed Churches.

REPORTS OF DELEGATES.

I. To the General Convention of Vermont.

By the appointment of the last General Assembly, I attended the General Convention of Vermont, at their sessions in Burlington, June, 1850, and from that body received a very cordial welcome, not only on account of the long-cherished correspondence between us, as sister branches of the Church of Christ, but, as it seems, more emphatically on account of the recent action of our body at Detroit, on the subject of slavery.

The sessions of the Convention were marked with great earnestness and harmony; and, in there port of the state of religion within their bounds, our hearts were cheered with the tidings that the influences of the Holy Spirit had been here and there poured out on their thirsty field.

I was personally much gratified with the kind and hearty good-will expressed in their sessions towards our body, and, indeed, towards all who love our Lord Jesus Christ. "Behold how good and how pleasant it is for brethren to dwell together in unity." May the bonds of our Christian union be preserved for ever.

A Delegate was appointed to represent the Convention in the Assembly, who, when he appears, will testify gladly of the fraternal Christian love which they bear towards us in the Lord.

All which is respectfully submitted. DAVID DOBIE.

II. To the General Association of New-York.

The undersigned respectfully reports, that, in the absence of Rev. A. D. Smith, D.D., Principal, he was present as Alternate Delegate at the meeting of the General Association of New-York, at Paris-Hill, on the 23d and 24th of August last. This body was not numerously attended, but exhibited in its proceedings a pleasing degree of spirit as well as of harmony. The narratives of the state of religion gave evidence of improve ment among the churches represented. Several of them had enjoyed during the preceding year partial revivals of religion. The only thing in the proceedings of the Association which seems to require notice is, the exhibition of a growing zeal for the principles of Independency as against Presbyterianism, leading to measures for the complete separation of the churches of that order from those connected with this Assembly.

A Committee, appointed the year before, presented a report on the best method of sustaining and extending the institutions of the Congregational order in the State of New-York. With the measures proposed, so far as they relate to preaching, printing, furnishing manuals of Congregationalism, "calculated for this meridian," &c., we have no direct concern. In addition to these, the Association recommend the "practical discontinuance of the Plan of Union." This is proposed to be carried out by "the formation of Ministerial Associations in those sections of the State where the Congregational churches are generally allied to Presbyteries;" by the "quiet withdrawal of Congregational pastors from the meetings of Presbyteries," and by the "gradual return of the churches to their original Independency."

In making this recommendation, the Association apparently lost sight of the fact, that the "Plan of Union of 1801,"—that referred to in the report as "distinctly contemplating the co-existence of Associations with Presbyteries upon the same ground,"—was formally abolished by competent authority in the Presbyterian Church fourteen years ago. The Assembly of 1837, before passing the Exscinding Acts, abrogated the Plan of Union between the Presbyterians and Congregationalists, and it has never been revived by any succeeding General Assembly. But, were it still in force, it is to be observed, no Congregational *Church* or *Minister* was ever absorbed into a Presbytery under its provisions; of course, none could be withdrawn by its "practical discontinuance."

It seems necessary to state distinctly the fact, of which the majority of the General Assembly of 1837 were ignorant, and which the Congregational Association of this State appear to have forgotten, that Congregational Churches came to be incorporated into Presbyteries, not through the Plan of Union of 1801, but through the act of the Synod of Albany in 1807, sanctioned by the General Assembly in 1808. The Overture for this arrangement, as for the previous one, came from the brethren of the Congregational order. The "Middle Association" of this State applied to be received into union with the Synod of Albany, "reserving to their churches the liberty to transact, if they pleased, their internal discipline according to the principles of Congregational government." By the consent of the Synod of Albany to this application, sanctioned by the subsequent approval of the General Assembly, the Middle Association became in fact a Presbytery—excepting only these irregularities, that it retained the *name* of Association, and its churches were left at liberty to conduct their discipline, either through a bench of Elders, or by the whole body of communicants.

The former irregularity disappeared, when, in 1810, the churches of that Association and of the Presbytery of Geneva were, at their own request, distributed into three Presbyteries—those of Geneva, Cayuga, and Onondaga. The latter irregularity remained; some of the churches of the former Middle District Association still preferring to conduct their discipline congregationally, and, at the same time, retain their connection with the Presbyterian Church. The historical error of those who passed the Exscinding Acts lay, in assuming that the Synods of Utica, Geneva, and Genesee had been formed and attached to the General Assembly, under the Plan of Union of 1801, and that the abrogation of that Plan as "un-

constitutional, null and void from the beginning," threw them out of the ecclesiastical connection of the Presbyterian Church. The error of the General Association of New-York consists in assuming that an indefinite—impliedly, a *large*—number of Congregational churches were, through the operation of the Plan of Union of 1801, drawn into the vortex of Presbyterianism; and that, through some despotic energy of that Plan, they are still kept from their natural "position of independent self-existence upon their own ecclesiastical basis." The Association recommend, therefore, that statistics of these distressed and captive churches be obtained for the encouragement of the whole Congregational order, and "to increase the respect of other bodies of Christians."

It might seem quite superfluous to say, that the churches spoken of, by whatever act united to the Presbyterian Church, retain their existing relations simply because they prefer so to do. The door has always stood open for their withdrawal, whenever they were so disposed. But, like the excellent men who planted and trained them, and who negotiated the Plan of Union with the Synod of Albany, they have believed that their own interests and the success of our common Christianity were promoted by their incorporation with a body to which their doctrines and external order so closely conform. They have, in some cases, administered a pointed rebuke to that zeal which has sought to withdraw them against their wills from that union. The present attempt is unpleasantly suggestive of another, made by the same Association, soon after the passage of the Exscinding Acts, in which all Congregationalists were called upon to abandon a system (the Presbyterian) built on a "*usurpation of those powers* which the Lord had committed to the churches alone."

So much notice it seemed proper to take of the action of a body in correspondence with this Assembly, designed to effect a change in the ecclesiastical relations of churches now represented here. As to the continuance of the correspondence, it may be observed, that the Delegate from this Assembly, attending on the last previous meeeting of the General Association of New-York, was obliged to report in qualified terms, (see his letter on p. 336 of the Minutes,) as to the cordiality of his reception. The Delegate from the General Association, attending the sessions of this body at Detroit last year, came back with a report containing much reproach and crimination against the Assembly. These facts may suggest a doubt, a painful apprehension, that the correspondence fails at present to conduce to harmony and mutual edification.

All of which is respectfully submitted.

SAMUEL M. HOPKINS.

III. To the Presbyterian and Congregational General Convention of Wisconsin.

In compliance with the appointment of the General Assembly at Detroit, in May, 1850, the undersigned, in connection with the Rev. O. P. Hoyt, attended the meeting of the Presbyterian and Congregational General Convention of Wisconsin, which was holden at Janesville, on the first Thursday of October, 1850.

This Convention is a union of both Presbyterian and Congregational

ministers and churches, and grew out of the different preferences and spirit of conciliation that obtained in the persons who composed the churches when they were first organized. The Plan of Union has thus far operated happily. The meetings of the General and District Conventions have been uniformly characterized by great unanimity and Christian affection, and not unfrequently by the special manifestations of the Holy Spirit's agency; so that, in repeated instances, "refreshings from the presence of the Lord" have descended on the churches in connection with these annual convocations. The Convention is composed of able, self-denying, and hard-laboring men, on whose efforts the blessing of the Head of the Church has signally rested. It was our delightful privilege to mingle in the counsels of these brethren, and to receive their assurances of our welcome and cordial reception as Delegates of the General Assembly of the Presbyterian Church. We found them entering earnestly into those benevolent efforts and modes of evangelism, in which the churches in our connection so cordially labor. They are one with us in the distinctive doctrines of our faith, and in the propagation of a living, evangelical, and aggressive Christianity.

The Convention desire the continuance of this fraternal correspondence between the two bodies, and appointed a delegation to attend the sessions of the General Assembly at Utica, on the 15th of May, 1851.

Most respectfully submitted.

LEWIS H. LOSS.

IV. To the General Synod of the German Reformed Church.

By the appointment of the General Assembly of 1850, I attended the annual General Synod of the German Reformed Church, which met at Martinsburgh, Va., on the second Tuesday of October, and was treated with great kindness and courtesy. The deliberations of that body pertained principally to objects connected with their own particular denomination, especially the concerns of their Seminary. But your Delegate was pleased to remark, in all cases where our branch of the Church was brought to view, that the feelings of the body were kind and fraternal. That branch of the Church is doing an important work, and its mission to the German part of our growing population is one of immense significance and interest, calling for the sympathies of all evangelical Christians.

All of which is respectfully submitted.

V. To the General Assembly of the Cumberland Presbyterian Church.

By appointment of the General Assembly of 1849, I attended the meeting of the General Assembly of the Cumberland Presbyterian Church, at Clarksville, in May, 1850. I was received unanimously and with great cordiality by that body. Other duties required me to take leave of the brethren on the fourth day of their sessions, when I was charged by the Moderator, in the name of all the brethren present, to

present to the General Assembly of our Church their affectionate regards as brethren in Christ.

The tender care of the speakers to avoid wounding the feelings of others, in every discussion which arose during my stay, was worthy of all praise. They demonstrated that the unity of the Spirit can be kept, even where brethren differ considerably in their views. The Assembly spent half an hour each morning in reading the Scriptures, singing and prayer; and these exercises were marked by much fervor of spirit.

This branch of the Church deserves the praise of all the friends of education, for her noble efforts to endow her University at Lebannon, Tennessee, and her colleges, of which it appeared she had several in different stages of progress. When she shall have had time, by thorough education and mental discipline, to develop the natural talents of her young men, her ministry, it may be confidently hoped, will take a prominent place among the defenders of the faith.

It also appeared, from the reports of the Presbyteries and Synods, that the Church is rapidly increasing, and that a large number of pious young men are in a course of training for the gospel ministry. The Church is determined to elevate the standard of ministerial qualification to meet the demands of our age.

I cannot hesitate to recommend a continued correspondence with fraternal affection and confidence.

All which is respectfully submitted.

EDWARD M'MILLAN.

ORGANIZATION OF NEW CHURCHES.

Extract from the Minutes of the General Assembly, in session at Philadelphia, May 27th, 1831.

"The committee, to whom was recommitted the report to the last Assembly on the ORGANIZATION OF NEW CHURCHES, reported again, and their report was read and adopted, and is as follows, viz.:—

"That a particular Presbyterian church, so far as adults are concerned, is constituted and organized, as such, by a number of individuals, professing to walk together as the disciples of Jesus Christ, on the principles of the Confession of Faith, and Form of Government, of the Presbyterian Church, and the election and ordination of one or more ruling elders, who, by the ordination-service, become the spiritual rulers of the persons voluntarily submitting themselves to their authority in the Lord.

"This organization ought always to be made by application to the Presbytery, within the bounds of which the church to be organized is found, unless this be exceedingly inconvenient; in which case it may be done by a duly authorized missionary, or a neighboring minister of the gospel.

"At the time appointed for the purpose, after prayer for Divine direction and blessing, the presiding minister, or committee appointed by the Presbytery, should first receive from those persons to be organized into the new church, if they have been communicants in other churches, letters

of dismission and recommendation; and, in the next place, examine and admit to a profession of faith such persons as may offer themselves, and may be judged suitable to be received on examination. If any of these persons admitted to a profession on examination have not been baptized, they should, in this stage of the business, be made the subjects of Christian baptism.

"The individuals, ascertained in the foregoing manner to be desirous and prepared to associate as a church of Christ, should now, by some public formal act, such as rising, joining hands, or subscribing a written statement, agree and covenant to walk together in a church relation, according to the acknowledged doctrines and order of the Presbyterian Church.

"The next step is to proceed to the election and ordination of ruling elders, in conformity with the directions given on this subject in the Form of Government of the Presbyterian Church.

"Deacons are to be elected and ordained in like manner as in the case of ruling elders.

"When a church has been organized in the manner already described, report of the same should be made, as soon as practicable, to the Presbytery within whose bounds it is located. And when a missionary, or other minister of the gospel, not specially appointed to the work by a Presbytery, has, in the manner above specified, organized a church, not within the known bounds of any Presbytery, the church thus organized should as soon as practicable make known to some Presbytery, with which it may be most naturally and conveniently connected, the time and manner of its organization, and desire to be received under the care of said Presbytery.

"In cases in which churches are to be formed within the known boundaries of any Presbytery, it is most desirable that persons, wishing to be organized as a Presbyterian church, should petition that Presbytery to receive them under its care for the purpose of organizing them in due form.

"There may be people in destitute portions of our land, who may be disposed to associate for the purpose of forming a Presbyterian congregation, when no minister of the gospel can be obtained to aid them. The forming of associations for such a purpose, in the circumstances contemplated, should be considered not only as lawful, but highly commendable. And such associations when formed should, as speedily as possible, take measures for obtaining the preaching of the gospel, and for becoming organized as regular churches.

"Cases may also occur, in various places, in which a collection or association of people may desire the preaching of the gospel, and be willing, in whole or in part, to support it, and yet may not have suitable men among them to sustain the office of ruling elders.

"Such people may, and ought to obtain a preacher of the gospel to labor among them, and occasionally to administer ordinances, under the direction of some Presbytery, till they shall find themselves in circumstances to make a proper choice of ruling elders, and to have them regularly set apart to their office."

DELINQUENT CHURCH MEMBERS.

Extract from the Minutes of the General Assembly of 1825, Vol. V. 255–6.

"The committee appointed on the Overture from the Synod of New-Jersey, inquiring what a Church Session ought to do with members in communion, who have been absent for years without having taken a certificate of dismission, and whose place of residence is unknown, made a report which, being read and amended, was adopted, and is as follows, viz.:—

"That although this particular case is not provided for by a specific regulation in our Book of Discipline, yet it is embraced by certain general principles, which are recognized in that book, and interwoven with many of its provisions. These principles, together with the result, bearing on the case in question, the committee beg leave most respectfully to state.

"1. Every church member is amenable to some appropriate tribunal, by the wisdom and fidelity of which, in case of his falling into any error, immorality, or negligence, he may be dealt with according to the Word of God.

"2. No member of a church can properly ever cease to be such but by death, exclusion, a regular dismission, or an orderly withdrawing to join some other Christian denomination; and must of necessity continue to be amenable to that church until he becomes regularly connected with another.

"3. For a church member to withdraw from a use of his privileges as a member, either by irregularly connecting himself with another denomination, or by going to a distant part of the world, to reside for a number of years without making known his removal to the Church Session, and asking a certificate either of good standing, for the purpose of enjoying occasional communion elsewhere, or of dismission, to join some other church, is itself a censurable violation of the principles of church fellowship, and may infer suspension from its privileges.

"4. Church members, therefore, who have been absent for a number of years in unknown places, are by no means to have their names erased from the churches to which they respectively belong; but are to be held responsible to their respective churches, and, if they should ever return, or be heard from, are to be regularly dealt with according to the Word of God, and the principles of our Church; and, although great caution and tenderness ought to be exercised toward those whose withdrawing from Christian privileges may be occasioned by the unavoidable dispensations of Providence, without any material fault of their own, yet in all cases in which a Church Session has good reason to believe, that any of the church under their care have absented themselves with design, either from a disregard of Christian privilege, or from a wish to escape from the inspection and discipline of the church, they ought without unnecessary delay to declare such persons suspended from the privileges of the church, until they give evidence of repentance and reformation; and of course, in making their statistical reports, ought to enumerate such among the members under suspension."

PRAYER FOR THE ASSEMBLY.

Extract from the Minutes of the General Assembly, in Session at Philadelphia, May 19th, 1821.

"An overture from the Synod of North Carolina was received and read, and is as follows:—

"Whereas the General Assembly is the highest and most important judicatory of the Presbyterian Church; and whereas, to obtain the Divine blessing on that judicatory must appear, to every Christian of our denomination, to be a matter of the utmost moment; therefore,

"*Resolved*, That this Synod do respectfully suggest to the General Assembly the propriety of recommending, to all the churches under their care, to observe the *afternoon or evening previous to the meeting* of that body, as A SEASON OF SPECIAL PRAYER to Almighty God for his blessing; that he would, of his infinite mercy, condescend to superintend and direct all their measures, deliberations and decisions; so that all may redound to the promotion of his own glory, and the general prosperity of that particular Church to which we belong.

"After some discussion, the above overture was adopted."

COMMISSIONERS' FUND.

Extract from the Minutes of the General Assembly, in Session at Philadelphia, May 23d, 1843.

"The Committee on the *Commissioners' Fund* made the following report, which was adopted:—

"*Resolved*, 1. That the regulations of the Assembly, passed in 1838, be and the same are hereby repealed.

"2. That hereafter any Presbytery, which had formerly obtained leave to pay the expenses of their own Commissioners to the Assembly, shall have liberty to pursue the same course, if they shall desire it.

"3. Nevertheless, the Assembly would earnestly desire and recommend, that all the churches and Presbyteries, under care of this Assembly, should make common cause in raising an adequate fund to defray the necessary expenses of all Commissioners whose circumstances may constrain them to apply for the same. This course of conduct the Assembly deem most equitable, fraternal and Christian; for thus the strong will help to bear the infirmities of the weak, and all parts of the Church be best tempered together and edified.

"4. That every Presbytery be and hereby is earnestly requested to cause a contribution for the Commissioners' Fund to be taken up in all their churches, in the winter preceding each future General Assembly, and transmit the whole amount of the same to the Assembly, by their own or some neighboring Commissioner.

"5. That such Commissioners to this or any future General Assembly, whose Presbytery has not preferred to defray his expenses by the applica-

tion of their own funds, and who has returned his mileage, or at any time within four days from and after the opening of any future Assembly, returns to the Mileage Committee the number of miles which he has necessarily travelled from home in going to the Assembly, shall be entitled to receive his share of the Commissioners' Fund, provided the Presbytery from which he comes shall have made any reasonable contribution to the said fund out of which his mileage is to be drawn; of which the Mileage Committee, subject to an appeal to the Assembly, shall be competent to judge.

"6. That all funds sent up to the Assembly for this purpose shall be, at every General Assembly, committed to the Mileage Committee, to be divided between the lawful applicants for the same, in proportion to the number of miles which they have necessarily travelled.

"7. That, should the Commissioners' Fund in any one year be sufficient to allow each applicant Commissioner for allowance of mileage more than five cents for each mile travelled in coming to the Assembly, then the surplus at each Assembly, after paying five cents a mile to the applicants, shall be reserved and paid to the Treasurer for the time being, for the purpose of being divided at the next Assembly, if needful."

☞ See also Minutes of 1851, p. 24.

CONTINGENT FUND.

The Annual Meetings of the General Assemblies of the Church are attended with a considerable expense. In addition to the travelling expenses of the Commissioners, which are defrayed by the Commissioners' Fund, as far as that fund will allow, the salaries and travelling expenses of Clerks and of the Delegates to Corresponding Bodies, the incidental expenses of the sessions, the bill for printing the Minutes, &c., are to be met by a Contingent Fund. These various items require an outlay ordinarily of more than five hundred dollars. It is expected that every Presbytery will call upon the churches under its care for a contribution to this fund; or that they will designate what proportion of the funds raised within their bounds for the Assembly shall be paid into the Contingent Fund. That proportion should not be less than twenty-five cents for each minister of the Presbytery, which amount will entitle each of them to a copy of the Printed Minutes when published.

PRESBYTERIAL REPORTS.

Every Presbytery in connection with the Assembly is expected to send up to the Assembly, every year, a *Statistical Report*, in the form and manner of those published in this Appendix, accompanied with a statement of the various changes that have occurred in their constituency, &c., during the year, as enumerated in the Form of Government, chap. x., sec. ix., respecting their reports to Synod. They are to be strict in requiring the usual statistical report from the Session of any church under their care, in season for the transmission of the Presbyterial Report by their Commissioner to the Assembly.

It was enjoined, by the General Assembly of 1818, on every Presbytery, to inquire of their Commissioners to the Assembly, at their first meeting after the rising of the Assembly, whether the Statistical Report of that Presbytery was laid before the Assembly.

It is expected, also, that every Presbytery will forward to the Assembly by the hands of their Commissioners, a written *Narrative of the State of Religion* within their bounds during the year previous. Complaint was made by the Assembly of 1851, that not more than three fourths of the Presbyteries had fulfilled this duty. These Narratives should particularize, as much as possible, the various matters respecting both the temporal and spiritual state of the congregations under their care; their trials, encouragements, and prospects, as also the peculiar moral and religious condition of the community, and the encouragement given to the various benevolent enterprises of the Church. They should, as much as possible, serve to furnish the Assembly with the moral and religious statistics of the whole Church for the period of one year. Such reports will serve a most valuable purpose; and it is hoped that care will be taken by all the Presbyteries to furnish them.

STATED CLERKS OF SYNODS.

It is made the duty of the Stated Clerks of the respective Synods to take special care in forwarding to the General Assembly, by the hands of one of the Commissioners, their *Book of Records*, for "the inspection of the General Assembly," and to report to the Assembly the number of Presbyteries, ministers, churches, licentiates and candidates within the bounds of their Synod, and particularly all changes which may have been made in the number or arrangement of their Presbyteries since the last report, authenticated by the signature of the Stated Clerk.

The Assembly of 1851 took order in relation to the Statistical Reports of the Synods, on account of the numerous delinquencies in this respect, and enjoined it on the several Synods to be careful in this matter, according to the Form of Government, chap. xi., sec. vi. It is desirable, also, that the Synods report the time and place of their next meeting, with the names of their Moderator and Stated Clerk.

STATED CLERKS OF PRESBYTERIES.

The attention of the Stated Clerks of Presbyteries is respectfully requested to the following matters pertaining to the General Assembly. They are requested to take particular care,

1. That the Commissioners to the Assembly be furnished with a *commission*, according to the form prescribed in the Form of Government, chap. xxii., sec. ii.

2. That *collections* be taken, if possible, in all the churches of the Presbytery, for the Commissioners' Fund, and also for the Contingent Fund, and that the amount be forwarded by the hands of one of the Commissioners.

3. That a *Narrative* of the State of Religion be prepared at the stated meeting of the Presbytery immediately preceding the meeting of the General Assembly, and forwarded in like manner, properly authenticated. The Narrative should specify also the decease of every minister who has been removed by death since the last report.

4. To prepare a full and accurate *Report of the Statistics* of the Presbytery, distinctly written, not on the same paper with the Narrative, but separately, for the convenience of the Assembly in referring them to distinct committees. In preparing the Statistical Report, let the following rules be observed:—

(1.) Carefully copy the blank form and order of columns, &c., on the opposite page. ☞

(2.) Record ministers in the order of their *ministerial* age, with their *Christian* names in full, and their address in the adjoining column.

(3.) Place the name of every church opposite the name of its pastor or stated supply; or, if vacant, at the foot of the roll.

(4.) Place, after the name of every minister, an abbreviation denoting his occupation: e. g., P., for pastor; S. S., for Stated Supply; H. M., for a Home Missionary; F. M., for a Foreign Missionary; Pres., for a President of a College; Prof., for a Professor in a College or Theological Seminary; Sec., for a Secretary of a benevolent institution; Ag., for an Agent of do.; Ch., for a Chaplain; Tea., for a Teacher; Ed., for an Editor; P. C., for a Pastor of a Congregational Church; W. C., for a minister without charge; Col., for a Colporteur; and T. M. for a Tract Missionary.

(5.) Place, after the name of every church, the abbreviations, P., for one that has a Pastor; S. S., for one that has a Stated Supply; or V., for one that is vacant.

(6.) If a church fails to report, let the number of communicants be given as reported to Synod, or to the last Assembly, with an asterisk (*) in the column of communicants, denoting the fact.

(7.) In the *additions* to the church, distinguish between those on *examination* and those on *certificate;* in the *baptisms*, between the *adults* and the *infants;* and be careful to observe the order of the columns in which these particulars are recorded.

(8.) The *names* of the Licentiates are to be recorded in the last column; but of the Candidates, the *number* only is to be given.

(9.) Avoid erasures or interlineations; and make names and numbers distinctly legible.

(10.) *Add up* every column, and authenticate the Report with your *signature.*

(11.) Affix no extraneous matter; such as memoranda, explanations, or orders for the delivery of the Printed Minutes of the Assembly; let these be given on a separate sheet.

5. That the Statistical Report be forwarded by the hands of one of the Commissioners of the Assembly; or, if this be neglected, that it be sent, as soon as possible, by mail, to the Stated Clerk of the General Assembly, No. 202 Henry street, New-York.

The same sign attached to the first column shows the *whole number of additions* both on examination and certificate, no distinction having been made in the presbyterial report.

COMPARATIVE VIEW.

THE preceding tables show a gratifying increase in all the particulars enumerated, with the single exception of Adult Baptisms.

Of SYNODS, there are twenty-one; the Synod of Wabash having been erected by the last Assembly.

Of PRESBYTERIES, there are one hundred and four; the Presbyteries of Greencastle, Minnesota and Milwaukie having been constituted during the past year; and the Presbyteries of Peoria and Knox having been united.

Of MINISTERS, there are one thousand four hundred and ninety; an increase of seventeen; while thirty-one have been removed by death. The LICENTIATES are one hundred and forty; an increase of three. The CANDIDATES reported are sixty-four; an increase of four. A large number of candidates in addition to these, who have not yet formally been taken under the care of their respective Presbyteries, are pursuing a course of academical and theological study in the several academies, colleges, and theological seminaries in our connection. It is very commonly the case, that the candidate delays his application to the Presbytery until the last year or two of his theological course.

Of CHURCHES, there are one thousand five hundred and seventy-nine; an increase of eleven. The ADDITIONS to the churches have been, on *Examination*, five thousand six hundred and seventy-nine, and, on *Certificate*, four thousand two hundred and three; an increase over the previous year in both particulars, and more than in any other year since 1837. The COMMUNICANTS are one hundred and forty thousand and seventy-six; an increase of two hundred and seventy-nine.

Of BAPTISMS, one thousand six hundred and seven *Adults* have been reported, and four thousand one hundred and twenty-six *Infants*; a decrease of one hundred and seven adults, and an increase of thirty infants.

Of CONTRIBUTIONS to the *Commissioners' Fund*, the sum of two thousand three hundred and sixty-five dollars and six cents has been reported, and to the *Contingent Fund*, three hundred and fifty dollars and seventy-seven cents; an increase, to the former, of eight hundred and forty-three dollars and eighty-four cents; and, to the latter, of one hundred and twenty-two dollars and twenty-two cents.

All the Presbyteries have reported, with the exception of Delaware, Ontario, Rochester, San Francisco, and Ionia. Many of the Reports, however, are exceedingly imperfect; from a large number of churches no returns have been received. It is greatly to be desired that every Presbytery would take measures to insure full returns from all their churches.

All which is respectfully submitted.

EDWIN F. HATFIELD,
Stated Clerk.

NEW-YORK, July 14th, 1851.

WASHINGTON CITY, May 20th, 1852.

THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES OF AMERICA met, agreeably to appointment, in the City of WASHINGTON, in the Fourth Presbyterian Church, on Thursday, the 20th day of May, 1852, at 11 o'clock A.M., and was opened with a sermon by the Rev. ALBERT BARNES, the Moderator of the last Assembly, from 1 Cor. xii. 4–11 : "*Now there are diversities of gifts, but the same Spirit. And there are differences of administrations, but the same Lord. And there are diversities of operations ; but it is the same God which worketh all in all. But the manifestation of the Spirit is given to every man to profit withal. For to one is given by the Spirit the word of wisdom ; to another the word of knowledge by the same Spirit ; to another faith by the same Spirit ; to another the gifts of healing by the same Spirit ; to another the working of miracles ; to another prophecy ; to another discerning of spirits ; to another divers kinds of tongues ; to another the interpretation of tongues. But all these worketh that one and the self-same Spirit, dividing to every man severally as he will.*"

After sermon, the Assembly was constituted with prayer.

The Committee of Commissions presented their report, and the following persons were thereupon enrolled as duly-appointed Commissioners to this General Assembly, viz. :

"The first, marked No. 1, in the Report of that Committee, is from the Presbytery of Athens. It inquires, whether it will not be lawful for the General Assembly to call before them Synods and Presbyteries, which are alleged to be guilty of wrong doing in the matter referred to. No. 4 is from the Presbytery of Franklin. It represents that the Synods of Kentucky, Mississippi, Missouri, Virginia, Tennessee, and West Tennessee, are charged by 'common fame' with holding sentiments and countenancing practices on the subject of slavery, in direct opposition to the repeated declarations of the General Assembly; and respectfully suggests, that the said Synods be cited to appear before the next Assembly, to answer upon the subject, according to the Book of Discipline, Chap VII. Sect. 1, Articles 5 and 6.

"The Committee would suggest, that prosecutions on the ground of 'common fame,' even in the case of a single individual, ought, not only on principles of Christian charity, but according to an explicit injunction of the Book of Discipline, Chap. III., Sect. 5, to be undertaken with 'great caution.' Much more, when the character of a Synod is concerned, or, as in the present case, of several Synods; and when the matter in question is one of peculiar delicacy and difficulty.

"It does not appear to the Committee, that there is any such 'common fame' in the premises as requires the interposition of the General Assembly; and they therefore recommend, that the action proposed by the Memorials be *not taken.*"

A motion was made that the report of the Committee be adopted.

The consideration of this motion was deferred for the present, and the report put upon the docket.

The Committee on Bills and Overtures reported No. 12, "*A Memorial from the Trustees and Elders of Park Church, Newark, N. J.;*" which was put upon the docket.

The unfinished business of the morning, the consideration of the Report on *Church Extension*, was resumed; the question being still on Mr. Ranney's amendment.

The discussion was continued until 6½ o'clock.

Before the adjournment, the Committee on Mileage made the following report:

"There has been paid into the hands of the Committee, from fifty Presbyteries, the sum of $1,077.88; and apportionment has been made on 49,436 miles of travel in coming to the Assembly, at the rate of $2.18 for every 100 miles of travel, and in favor of 70 members, the whole number (from Presbyteries which have contributed to the Commissioners' Fund) who are understood to have applied for a portion of the fund."

The report was adopted, and, in the absence of the Treasurer, the Committee on Mileage were authorized and directed to pay the Commissioners accordingly.

The Assembly then adjourned until to-morrow at 9 o'clock A.M.

Concluded with prayer.

THURSDAY, May 27th, 9 o'clock A.M.

The Assembly met, and was opened with prayer.

After the usual time had been occupied with devotional exercises, the minutes of the last session were read and approved.

On motion of Rev. Henry A. Rowland, *the Complaint of Members of the Park Church, Newark, N. J.*, was made the order of the day, immediately after the disposal of the question before the house.

The unfinished business, the consideration of the Report on *Church Extension*, was resumed; the question being still on Mr. Ranney's amendment.

The discussion continued until 12 o'clock, when, on motion of the Hon. William Darling, it was resolved, that the discussion be arrested, and the whole subject be committed to a Special Committee, at a quarter before 1 o'clock this day.

The discussion continued until the appointed time; when the whole subject was referred to a Special Committee of twelve, viz.: Rev. Messrs. Stephen Taylor, D.D., Nathan S. S. Beman, D.D., Philemon H. Fowler, Asa D. Smith, D.D., George A. Lyon, D.D., Samuel W. Fisher, and Robert W. Patterson; with the Hon. Messrs. William Darling, William Jessup, LL.D., and John L. Mason; and Messrs. John Ogden and Horace Maynard.

The Rev. John J. Miter, the Delegate from the Presbyterian and Congregational Convention of Wisconsin, after a short address, which was responded to by the Moderator, respectfully took his leave.

A written communication was received and read from the Rev. Joseph H. Jones, D.D., Secretary of the "Corporation for the Relief of Presbyterian Ministers, and their Widows and Children," requesting of the Assembly the acceptance of a number of copies of an Address on the subject.

Also, a similar communication from the Rev. Albert Barnes, on the same subject, commending to the attention of the members the objects of this corporation.

Copies of the Address were accordingly received and distributed to the members of the Assembly.

Took a recess for ten minutes.

After the recess, the Assembly took up *the Complaint of J. Henry Clark, M.D., Edward A. Crane, and other Members of the Park Church, Newark, N. J., against the Synod of New-York and New-Jersey.*

The Moderator read the 39th Rule, reminding the Assembly of the solemn judicial business on which they were about to enter.

The Moderator, on the ground of his being a member of the Synod complained of, voluntarily relinquised the chair, while this case should be under consideration, to the Rev. Nathan S. S. Beman, D.D., the Moderator of a former Assembly. Messrs. Edward A. Crane and Ellison Conger appeared on the part of the complainants.

The Assembly heard the decision complained of; then the reasons assigned for the complaint; then the whole record of the proceedings of the Synod in the case.

Before the reading of the documents was finished, the Assembly adjourned until 4½ o'clock P.M.

Concluded with prayer.

THURSDAY, May 27th, 4½ o'clock P.M.

The Assembly met for the celebration of the Lord's Supper; and, in union with a large number of Christians who accepted the invitation to participate with them, united in the celebration of this ordinance in the order previously appointed.

After the Supper, the Assembly resumed business.

The Rev. Hiram P. Arms, the Delegate from the General Association of Connecticut; the Rev. Eber Carpenter, the Delegate from the General Association of Massachusetts; and the Rev. Joseph Blake, the Delegate from the General Conference of Maine, severally made a short valedictory address, to which the Moderator appropriately responded, when they took their leave.

In view of the probability of a somewhat protracted session, it was

Resolved, That the thanks of the Assembly be tendered to the several Railroad Companies, who have kindly favored us with the privilege of coming hither at a greatly reduced rate of fare; and that we respectfully ask of them an extension of the time, in which our return tickets will be available.

After which, the Assembly adjourned until to-morrow, at 9 o'clock A.M.

Concluded with prayer.

FRIDAY, May 28th, 9 o'clock A.M.

The Rev. Silas Hawley offered the following resolution, which was put upon the docket, viz.:

"*Resolved*, That, in the view of this Assembly, the *Plan of Union* of 1801 has been, and still is, in full force in the Presbyterian Church; that its pretended abrogation by the Assembly of 1837 was part and parcel of the *Exscinding Acts;* that as the said acts were *unconstitutional*, the Plan of Union was not in the least affected by them."

The Committee on Leave of Absence reported that leave had been given to Rev. Timothy Stillman, Rev. William Whittaker, and Messrs. John C. Stirling, Henry White, M.D., Joel D. Gillett, William O. N. Perkins, and Revillo C. Hatch.

Agreeably to the order of the day, the Assembly proceeded to hear the Reports of Committees on Synodical Records; and, on the recommendation of the respective Committees, the Records of the following Synods were approved, so far as written:

Albany, Utica, Geneva, Genesee, New-York and New-Jersey, Pennsylvania, West Pennsylvania, Michigan, Western Reserve, Ohio, Cincinnati, Indiana, Illinois, Peoria, and Virginia.

The Records of the Synod of Missouri were approved, subject to the decision of a judicial case now pending.

The Synod of Wabash forwarded an attested copy of their Records, but the Assembly declined receiving them as a substitute for the Records themselves.

The Records of the Synods of Kentucky, Tennessee, West Tennessee, and Mississippi, not having been received, the Committees appointed to examine them were discharged.

One hundred copies of a volume, entitled "THE PATH OF LIFE," by Rev. Henry A. Rowland, were presented to the members of the Assembly by the author; for which the thanks of the Assembly were unanimously rendered.

The Committee on Devotional Exercises presented a report, which was adopted, recommending the following supplies for the pulpits of the city and neighborhood, on the ensuing Sabbath, viz.:

The unfinished business of yesterday, viz., the *Complaint of Members of the Park Church, Newark, N. J.*, against the Synod of New-York and New-Jersey, was resumed.

The reading of the documents was continued and completed.

At this stage it was moved by Hon. William Jessup, LL.D., that the proceedings be dismissed, on the ground that the action of the Presbytery was not a proper subject-matter of complaint, or removal of the case to a higher judicatory; their proceedings having been merely advisory upon the memorial of the complainants.

Pending the discussion of this motion, the Assembly adjourned until 4½ o'clock P.M.

Concluded with prayer.

FRIDAY, May 28th, 4½ o'clock P.M.

The Assembly met, and was opened with prayer.

The minutes of the preceding session were read and approved.

The unfinished business of the morning, viz., the *Complaint of certain Members of the Park Church, Newark, N. J.*, was resumed; the question being on the motion of Judge Jessup to dismiss the case.

After much discussion, the question was put and carried, and the case was accordingly dismissed.

The Committee on Bills and Overtures made the following report,

which was adopted, in reference to the "Corporation for the Relief of poor and distressed Ministers of the Presbyterian Church," (whose office is in Philadelphia, and of which Corporation A. W. Mitchell is President; John K. Kane, Albert Barnes, J. B. Mitchell, Joseph Jones, Robert Patterson, Committee; and Robert Patterson, Treasurer:)

"Whereas this Corporation, organized long ago, under the auspices of the Presbyterian Church, for the purpose of securing to aged Ministers, and to the families of deceased Ministers, a moderate provision against want, is prepared at the present time to enter into all those contracts depending on the duration of human life, which form the business of life-annuity and life-insurance companies: And whereas it appears, that this Corporation has a considerable fund beyond the value of all its liabilities; that its expenses are very inconsiderable; that, having no stockholders among whom to make a dividend of profits, it can have no object in acquiring profit, but that, on the contrary, it seeks to give a full equivalent for all that it receives; that its engagements, therefore, are not only more secure, *but also more liberal, than those of companies generally:* And whereas, among the contracts which it especially invites, there are several by which a congregation, or a few of its members, can, without a large expenditure, provide for the necessities of their pastor in his old age, and for the family he may leave behind him; or, by a reasonably increased investment, may secure similar benefits to all its successive pastors and their families: And whereas it is important that the attention of those concerned should be especially called to this important subject: Therefore,

"*Resolved*, That we regard the plans of this Corporation as eminently worthy of the consideration of the Ministers and Churches within our bounds."

It was made the order of the day for 10 o'clock to-morrow morning, to take up the second Section of the Report on Church Extension, viz., that referring to "Home Missions."

The Assembly proceeded to take up the judicial case which had been put upon the docket, viz., the *Complaint of Franklin Knox against the Synod of Missouri.*

The Moderator read the usual Rule respecting the entering upon judicial business, and enjoined upon the Assembly a solemn attention to the matter in hand.

The decision complained of and the complaint were read; when the reading was interrupted, for the purpose of hearing a report of the Committee on Bills and Overtures.

Nathan S. S Beman, D.D., be appointed a Committee to advise and aid the Stated Clerk in carrying out this arrangement."

The Assembly proceeded, agreeably to previous order, to take up for consideration the second Section of the Report on *Church Extension*, referring to "Home Missions."

Rev. Samuel W. Fisher moved the adoption of this Section of the Report.

The discussion continued until 12 o'clock, when the Committee on Bills and Overtures reported Overture No. 13, "On Religious Liberty," accompanied with a resolution. It was put upon the docket.

The Committee appointed to nominate the Preacher of the next Annual Sermon on Home Missions, nominated the Rev. Robert W. Patterson, of the Presbytery of Chicago, as Principal, and the Rev. Henry Mandeville, D.D., of the Presbytery of Albany, as Alternate. The nomination was accepted, and these persons were accordingly appointed.

The Committee, appointed in reference to the block for the Washington Monument, made the following report, which was approved:

"Your Committee collected the sum of $161; and have contracted with Mr. Doherty, who superintends the building of the Washington Monument, to place the specified inscription, and that of an open Bible, on a slab of stone that will be neat, plain, and suitable, and will cost only $100. The remainder of the money contributed will be considered as a donation from the members of the General Assembly to the common fund for the erection of this great work."

The Committee further reported that, on Monday morning next, a certificate would be furnished each member of the Assembly, as a memento that he is among those whose noble patriotism is erecting this great work to the memory of the Father of his Country.

Took a recess for ten minutes.

After the recess, the consideration of the report on *Church Extension* was resumed. The Rev. Artemas Bullard, D.D., of the Presbytery of St. Louis, one of the Committee on Church Extension, was permitted to make statements on the subject before the house.

The discussion continued until 2 o'clock P.M.; when, without taking the question, the Assembly adjourned until Monday next, at 9 o'clock A.M.

MONDAY, May 31st, 9 o'clock A.M.

The Assembly met. The Moderator, Rev. William Adams, D.D., having obtained leave of absence, the Rev. Nathan S. S. Beman, D.D., the last Moderator present, was called to preside, and opened the meeting with prayer.

The Committee on Leave of Absence reported, that leave had been given to Rev. Amasa Converse, D.D., Rev. Simon S. Goss, Rev. John B. Hoyt, Rev. Henry A. Rowland; and Messrs. Gabriel Tichenor, Hon. Daniel Hewson, Joel Forgey, Edward Huntting, Stephen P. Morehouse, John C. Maxwell, M.D., Gilbert D. Phillips, Charles Paul, William Elder, Sidney Avery, James W. Weir, and Hon. John L. Mason.

It was resolved, that the discussion on the second Section of the Report on Church Extension terminate at a quarter before 12 o'clock this day; and that no member be allowed to speak on the subject more than ten minutes.

The unfinished business of Saturday was then resumed, viz., the consideration of the second Section of the Report on Church Extension; the question being on Mr. Fisher's motion to adopt the recommendations of the Committee.

Mr. Jacob Gideon moved to amend, by striking out the first article recommending the American Home Missionary Society, &c.

Rev. Albert T. Chester, D.D., moved a postponement of Mr. Gideon's motion, to take up the following substitute:

"*Resolved*, That each Presbytery within the bounds of the Assembly be directed to examine and appoint all Missionaries to labor among their respective churches, whether as Stated Supplies or Pastors, and report to each Assembly their full proceedings on this subject.

"*Resolved*, That a Committee of three be appointed to communicate this resolution to the American Home Missionary Society, to have such conference and make such explanations as may be necessary."

The Rev. John G. Hall moved the indefinite postponement of the whole subject.

The discussion was continued until a quarter before 12 o'clock; when Mr. Hall asked and obtained leave to withdraw his motion.

Mr. Jacob Gideon then moved to lay the whole subject on the table. The Moderator pronounced the motion out of order, as unknown to our Book. An appeal was taken from this decision, and the Moderator was sustained.

The discussion was here interrupted, to hear the Report of the Committee of twelve appointed on the first Section of the Report on Church Extension.

The Committee made a report, which was adopted, and is as follows:

"In order successfully to awaken the interest, and call forth the energies of the whole Church, in supplying an adequate ministry, the General Assembly adopt the following arrangement:

"1. It is recommended, in behalf of those Presbyteries and churches that may desire a new and more extended channel of coöperation in

reference to this subject, that an Education Society be formed, by those interested in the object, at, or immediately after, the final adjournment of this Assembly, to be called the '*Western Education Society*;' that this Society arrange its meetings at the same time and place with the meetings of the Assembly, and permit the members of each Assembly, *ex officio*, to act as members of the Society at its annual meeting; and that the Executive Committee and Secretary of the Society be located at Cincinnati.

"2. It is hereby recommended to each of the Presbyteries, as soon as may be convenient, and from year to year thereafter, to make suitable provision for the presentation to all its congregations of the wants of our Church, our country, and the world, in relation to this subject; and for pressing upon young men their duty in reference to the ministry; upon Christian parents their obligations to dedicate their children to this work, and train them for it; and upon individual churches their privilege and duty to seek out and sustain, through a course of preparation, such promising young men as would not otherwise enter the ministry; and to see that in each church an annual contribution is made to aid in this work.

"3. It is further recommended, that each Presbytery appoint yearly a Standing Committee on Education for the Ministry, who shall take charge of the funds collected in its churches, and disburse them as shall be directed. And it is recommended, that each Presbytery, as far as practicable, exercise a special supervision over all its young men who are studying with a view to the ministry. But this article shall not be so construed as in anywise to interfere with the choice of any Presbyteries, or churches, that may prefer to coöperate directly with the various Education Societies.

"4. It is requested of each Presbytery to forward to the Stated Clerk of the Assembly, by the 15th of April, every year, a full report of its proceedings on this subject; stating the number of churches to which this cause has been presented, the amount of funds collected and appropriated, the number of candidates under its care, and the different stages of their progress. And it shall be the duty of the Stated Clerk to report the same to the General Assembly.

"5. It is also hereby requested, of each of the Education Societies with which any of our Presbyteries or churches may coöperate, to furnish a like report to the Assembly every year, so far as its operations relate to our Church. And it is hereby recommended to the Societies with which our churches are connected, to adopt a plan of operation and correspondence which will make them mutual helps in advancing their cause.

"6. It is further requested, of the Directors or Trustees of the Union Seminary, New-York, the Auburn Seminary, Lane Seminary, and the Seminaries at Hudson, Ohio, and Maryville, Tenn., to present to every General Assembly a concise report of their condition, the number of their students, the names of the Faculty, the ordinary yearly expenses, and any other information that may be deemed interesting. The Stated Clerk is hereby directed to forward this request to each of the institutions which have been named, at an early day.

"7. It is earnestly recommended to all the ministers and churches

under our care, to observe the last Thursday of February of every year, as a day of Special Prayer in behalf of our Literary and Theological Institutions, and of the young men connected with all our churches and congregations."

Took a recess for ten minutes.

After the recess, the unfinished business was resumed, viz., the consideration of the second Section of the Report on Church Extension.

Rev. Albert T. Chester, D.D., asked and obtained leave to withdraw his motion for postponement.

Mr. Jacob Gideon's motion was then put and lost.

The question now came up on the original motion of Mr. Fisher, to adopt the recommendations contained in the second Section of the Report.

These recommendations, after several amendments, were adopted, and are as follows:

"To promote more extensively the work of Domestic Missions, the General Assembly hereby adopts the following arrangement:

"1. The American Home Missionary Society is hereby recommended to the Presbyteries as the agency through which, as heretofore, the work of Domestic Missions shall be done; and the Presbyteries and Synods are requested to adopt, as far as they may deem proper in their circumstances, the following or similar arrangements:

"2. Each Presbytery shall elect a Standing Committee on Church Extension, to serve one year, and continue in office till successors are appointed, who shall under its direction attend to the general interests of this work within its bounds.

"3. Each Presbytery shall see that, by its own ministers or other suitable agency, the claims of Home Missions shall be presented annually to each of its churches, and that proper efforts are made to bring their liberality into free and becoming exercise towards this cause. These contributions to be paid into the Treasury of the American Home Missionary Society, or any of its Auxiliaries, and to be raised with as little expense to that Society as possible.

"4. Each Presbytery shall recommend all applications for aid from any of its churches; and shall be careful to see that the amount asked for is the lowest which will fairly answer the purpose. And it is recommended, that the appropriations sought be diminished from year to year, if it can be safely done, that the churches may be brought to a self-sustaining standard as soon as possible.

"5. The American Home Missionary Society is hereby requested to arrange its system of appropriations, so that applications made by any Presbytery for its churches shall not require the *official sanction* of any agent of that Society. It is not intended, however, by this recommendation, to abridge the right of the Society to obtain information as to such applications, or use its full discretion as to granting them in whole or in part.

"6. Each Presbytery whose circumstances as to territory, churches, and numbers, demand it, is recommended to appoint an itinerant missionary within its bounds. Or each Synod, where it is best that two, or more, or all of its Presbyteries shall be united in this work, is recommended to

appoint such a missionary, whose duty it shall be to act as a traveling evangelist, after the scriptural pattern, to explore destitute fields; to prepare the way for the formation of new churches by the Presbyteries; to seek for ministers to take charge of them; to assist and direct in building houses of worship in destitute places; and in all other suitable ways, under the direction of Presbyterial or Synodical Committees, promote the work of Church Extension.

"7. Each Synod shall appoint yearly a Church Extension Committee, whose duty it shall be to take the supervision of any agencies which shall be established, to arrange and carry out some plan to aid in the erection of churches in destitute places, to conduct the Home Missionary business of the Synod generally, and make a full report at each meeting.

"8. Each Synod shall require a yearly collection from its churches, to assist, by loan or gift, feeble churches to erect houses of worship in destitute places; which funds shall be distributed by the Synod's Committee among those churches which may apply for it, according to their necessities. And the older and abler Synods of the Church are earnestly recommended to contribute of their abundance to aid the feebler Synods in this work.

"9. Each Synod is hereby charged with the review of the course of its Presbyteries in the duties now assigned them; and is further required to report to the General Assembly, through its Standing Committee, its proceedings up to the first of April in each year.

"10. Each Presbytery is further required, in addition to its Statistical Report and Narrative, to forward yearly to the General Assembly a full report of its various arrangements for Church Extension, stating the number of its ministers, and the particular manner in which they are employed; the number of its churches, and how they are supplied; the gross amount of funds collected in its bounds for Home Missions and church erection; the amount received by its churches from the American Home Missionary Society, or any similar institution; the number of houses of worship, with their probable value, and whether they are free from debt; the number of new churches organized, and new houses of worship erected; what itinerant arrangements have been adopted for preaching the gospel; what and how much agency has been employed; together with all such other facts and suggestions as will show from year to year what has been accomplished, and what may need to be undertaken to bring all the churches to a proper degree of effort to promote the kingdom of Christ.

"11. The Stated Clerk is required, in due time previous to the meeting of each General Assembly, to notify the Stated Clerks of the Synods and Presbyteries, by a circular letter, of the foregoing requirement as to reports.

"12. There shall hereafter be appointed, with the other Standing Committees of the General Assembly, one on Church Extension, to whom shall be committed, at an early period of their sessions, the Synodical and Presbyterial reports on the subject, whose duty it shall be to present a condensed view of them to the Assembly, with such further propositions to promote this work as they may deem desirable. This Standing Committee shall be required to report as soon as a faithful discharge of its duties will permit.

"13. A Committee, consisting of five, is hereby appointed to confer with the Executive Committee of the American Home Missionary Society, expressing to it the kind feelings and confidence of the General Assembly and the churches it represents, and requesting its coöperation in this plan as far as its principles will admit; and also requesting a statement of the principles on which its appropriations are made to the churches of the several denominations of Christians who support it; the results of which conference shall be reported to the next General Assembly."

The Rev. George Duffield, D.D., Rev. Philemon H. Fowler, and Hon. Daniel Haines, were appointed a Committee to nominate the Committee of Five contemplated in the 13th article; and on the nomination of the Committee the following persons were appointed, viz.: Rev. George Duffield, D.D., Rev. Nathan S. S. Beman, D.D., Rev. Thornton A. Mills, Rev. Robert W. Patterson, and Hon. John L. Mason.

It was made the order of the day for this afternoon at 5 o'clock to hear the Report of the Committee on the Narrative.

The Assembly then adjourned until 4½ o'clock P.M.

Concluded with prayer.

MONDAY, May 31st, 4½ o'clock P.M.

The Assembly met, and was opened with prayer.

The minutes of the last session were read and approved.

The Assembly then resumed the consideration of the *Complaint of Franklin Knox against the Synod of Missouri.*

The Rev. Samuel J. M. Beebee, at the request of the complainant, was permitted to act as his representative in the case.

The Rev. George Duffield, D.D., offered the following resolution:

"Whereas it appears that the decision of the Synod of Missouri, in the case of the complaint of Franklin Knox, has been recorded in resolutions which set forth, not the reasons for the decision in the case, but which are in fact a compromise; which also admit, that at most there is a strong presumption of guilt, but not evidence agreeably to the Constitution sufficient to convict; therefore,

"*Resolved*, That the complaint of Franklin Knox against the Synod of Missouri be referred back to the lower Judicatory, and that the Synod be and hereby is instructed to reconsider said resolutions, and record their decision agreeably to the evidence and the principles of justice recognized in our Constitution."

The hour having arrived for hearing the Report of the Committee on the Narrative, the business was suspended, and

The Narrative was then read by the Rev. Samuel W. Fisher. After which, it was adopted, and ordered to be printed in the Appendix to the Minutes.

A written communication was received from the Rev. Joel Parker, D.D., Chairman of a Committee appointed by the last Assembly on Correspondence with the American Board, relative to the erection of Presbyteries in Foreign Lands; whereupon the whole subject was recommitted

to the same Committee, with the addition of the Stated Clerk and the Rev. James W. McLane.

On motion of the Hon. William Jessup, LL.D., the subject of the Funds of the General Assembly was referred to the Rev. Thomas Brainerd, D.D., Rev. Edwin F. Hatfield, D.D., Hon. William Jessup, LL.D., Hon. William Darling, and Samuel H. Perkins, Esq., with discretionary power to take such action in relation thereto as may be deemed advisable; and that they report to the next General Assembly.

The Committee appointed by the last Assembly to take into consideration the employment of the *Periodical Press*, made a report, which was adopted, and is as follows:

"The Committee appointed by the last Assembly to take into consideration the employment of the Press for the promotion of the cause of Christ, by means of our denomination, beg leave to report:

"That immediately after the adjournment of the last Assembly, they instituted a correspondence with the 'Committee on Church Extension,' to whom had been committed several matters connected with the Press, and with whom it was arranged that the Committee who now report should limit their inquiries to matters connected with the *Periodical Press*.

"It was deemed of great importance to the interests of our branch of the Church, that some arrangements should be made, if possible, whereby the Assembly might secure the publication of a weekly religious paper, devoted to the interests and views of our denomination. Application was made to several individuals who were interested in the subject, and frequent conferences held with them, in reference to the purchase of one of the most popular of these periodicals, which, it was understood, was offered for sale. But these efforts proved unavailing.

"A conference was then held with the proprietor of the *New-York Evangelist and New-York Presbyterian*, who made representations of his readiness so to conduct his long-established and valuable paper, as to secure the object had in view in the appointment of your Committee. To the suggestion made by the Committee, that the paper should be put under the general editorial supervision of three of the most capable ministers in our connection in New-York and its vicinity, he cheerfully assented, and made liberal proposals to the individuals whom your Committee took the liberty to nominate; one only of whom felt himself free to accept the office. The arrangement has not, therefore, been perfected. But it is understood that the respected proprietor is still desirous so to conduct his paper as to subserve, in every practicable manner, the general interests of the denomination.

"Your Committee are happy to learn, and to call the attention of the Assembly to the fact, that, since the meeting of the last General Assembly, several influential individuals, in the city of Philadelphia and neighborhood, have made arrangements for the publication of a Quarterly, to be called 'The Presbyterian Quarterly Review,' under the editorial supervision and control of several of the most distinguished ministers in our connection, and that the first number has already issued from the press. In the full confidence that this Quarterly will be true to the principles of our branch of the Church, the Committee take pleasure in commending

it to the approbation of this General Assembly, and the patronage of our ministers and churches.

The Delegate to the last Presbyterian and Congregational General Convention of Wisconsin presented a bill of traveling expenses, amounting to $15, which was allowed and ordered to be paid. The expenses also of the Rev. Ransom Hawley, one of the Delegates to the last General Association of Connecticut, were ordered to be paid when his bill shall be presented.

The Bill of Gideon & Co., for Printing, amounting to $6; the Bill of Austin Gray, for Stationery, $7.27; of Kirkwood & Gill, for Printing, $1; the Janitor's Bill of $14; and the salaries and traveling expenses of the Stated and Permanent Clerks, were severally ordered to be paid.

On motion of Mr. Horace Maynard, the consideration of the third Section of the Report on Church Extension was made the order of the day for this evening, at 8 o'clock.

On motion of the Hon. William Darling, the thanks of the Assembly were tendered to the citizens of Washington, and the families of different religious denominations, who have extended their kind and cordial hospitality to the Commissioners and others in attendance, and have contributed to make their stay in this city so peculiarly pleasant; with the assurance that it is our fervent prayer that the blessing of God, in connection with this meeting, may rest upon them.

The thanks of the Assembly were tendered also to the Rev. John C. Smith, and other members of the Committee of Arrangements, for their efforts to enable us to reach the city and to return to our respective homes comfortably and economically, and to minister to our comfort while here.

Thanks were also tendered to the Trustees of the Fourth Presbyterian Church of this city, for the accommodation extended to the Assembly, during their present sessions; and also to the Choir of the Fourth Presbyterian Church, for their very agreeable assistance in our worship.

Thanks, also, were tendered to the Moderator, the Rev. William Adams, D.D., for his able, dignified, and impartial discharge of the duties of his office.

Adjourned until 8 o'clock P.M.

Concluded with prayer.

MONDAY, May 31st, 8 o'clock P.M.

The Assembly met, and was opened with prayer.

The minutes of the last session were read and approved.

The Assembly proceeded to consider the third Section of the Report on Church Extension, viz., in relation to "Doctrinal Tracts."

The Report was read, and, having been amended and the blanks filled, it was adopted, and is as follows:

"To promote the diffusion of those truths which distinguish us as a Church, the General Assembly adopts the following arrangement:

"1. There is hereby established at Philadelphia a Standing Committee of nine persons, whose duty it shall be to superintend the publication of a series of Tracts explanatory of the doctrines, government, and

missionary policy of the Presbyterian Church, as the General Assembly shall from time to time direct. One third of this Committee shall serve for one year, one third for two years, and the remaining third for three years. The election, to fill the places of those whose terms expire, to be held at each meeting of the General Assembly.

"2. This Committee shall elect a Secretary and Treasurer, the former of whom shall receive such a salary per annum, as shall be agreed upon by the Committee; and shall be the editor of the Tracts published; and also, as far as may be necessary, the soliciting agent for such an amount of funds as may be required to carry out the objects for which this Committee is appointed.

"3. It shall be the duty of this Committee to meet at Philadelphia, and, after due organization, to take measures to procure the preparation and publication, in cheap, neat, and substantial form, of a series of Tracts for the purposes above stated. No Tract to be published, which does not receive the unanimous approbation of the Committee.

"4. This Committee shall, if consistent with the interests of the Assembly, enter into a contract with some publisher or publishers to assume, for a time, the publication of such Tracts as may be furnished them, at certain rates, which shall be agreed upon in writing. And if no such arrangement can be profitably and satisfactorily made, then the said Committee shall, by solicitation from the churches, proceed to provide a sufficient fund for their publication in behalf of the Assembly.

"5. This Committee shall make a full report of its proceedings to the General Assembly, at each annual meeting."

The following persons were appointed the Committee to superintend the preparation and publication of *Doctrinal Tracts*, viz.: Rev. Thomas Brainerd, D.D., Rev. Albert Barnes, and Mr. S. T. Bodine, for one year; Rev. E. W. Gilbert, D.D., Rev. Thomas H. Skinner, D.D., and Rev. George Duffield, Jr., for two years; Rev. Asa D. Smith, D.D., Rev. Jonathan F. Stearns, D.D., and Hon. William Darling, for three years.

Resolved, That the Committee have power to fill their own vacancies.

Resolved, That at least 1,500 copies of the Minutes of this Assembly, with the usual Appendix, be published, under the direction of the Stated Clerk; and that a copy be forwarded, post-paid, to the Stated Clerks of the several Synods and Presbyteries.

The resolution on the docket, in reference to the *Plan of Union of* 1801, was taken up and adopted. See page 165.

The Report of the Committee on the Polity of the Church was taken up for consideration.

The following Overture from the Presbytery of New-York, Third, was then adopted:

"*Resolved*, That it be recommended to the General Assembly, in order to ascertain the full number of individuals in the Church who are preparing for the ministry, to require of every Session to state, in their Annual Report to their Presbytery, how many of the communicants under their care are pursuing a course of study for the gospel ministry; and that every Presbytery be required to report the whole number of these students, thus ascertained, among their churches, in their annual statement to the General Assembly, instead of reporting, as heretofore, only

those who have formally been received under the care of the Presbytery."

No. 3, an Overture on a case of discipline, was taken up, and is as follows:

"Suppose a member of the church is on trial, and his accuser is 'Common Fame.' One specification against him is, '*Speaking evil of his brethren, A and B, while he neglects to take any gospel steps to bring them to repentance or. to trial.*'

"The specification is abundantly sustained by testimony; but the person on trial proposes to introduce testimony to prove that the reports which he circulated, and the opinions which he pronounced derogatory to the brethren named, were true. *Has the accused a right to introduce such testimony, tending to injure the character of parties not on trial, nor connected at all with the prosecution, and having no opportunity for defence?*

"Would the Session be authorized to reject such testimony, on the ground that, if introduced, it would not exculpate the accused, inasmuch as he had no right to circulate evil reports against his brethren, whether true or false, while neglecting to bring them to trial?"

To this the following answer was given:

"The person on trial, under charges tabled on the ground of 'Common Fame,' has no right to introduce testimony which inculpates his brethren who are not on trial, and who have no opportunity to defend themselves, because it was his previous duty to take proper steps, if the persons were guilty of the evils which he had alleged against them, to bring them to repentance, or free the church from the scandal."

Paper No. 4 was taken up, and the action recommended by the Committee on the Polity of the Church was not adopted.

Paper No. 5, an Overture from the Presbytery of Pennsylvania, asking "whether the Constitution of our Church shall be so altered as to make the term of office of Ruling Elders temporary, in such churches as prefer it," was taken up, and answered as follows:

"The Assembly do not deem it expedient, or for the edification of the Church, to send down to the Presbyteries such an Overture; the most obvious and natural construction of our Form of Government does not contemplate a rotatory Eldership; and while such an organization of a Session is not *anti-presbyterial*, yet the Assembly would discourage the adoption of the principle in our Church, from respect to the plain meaning of our Rule. But nothing in this resolution is intended to disturb the relations of those churches, which have adopted the principle of a limited period in the service of Elders."

The consideration of the *Complaint of Franklin Knox against the Synod of Missouri* was resumed, the question being on the adoption of the Rev. Dr. Duffield's motion to remit the case to the Synod. See page 173.

The motion was adopted, and the case was referred back to the Synod of Missouri.

The Assembly resolved not to proceed to the election of Directors of the Theological Seminaries for the present year.

Overture No. 3, on "Religious Liberty," was taken up, and referred to Rev. Drs. Nathan S. S. Beman, William Adams, and Henry Mandeville, with the Hon. Messrs. William Jessup, LL.D., and William Darling,

to prepare and publish a proper exhibition of our sentiments on this subject, to be sent forth in the name of this body.

Resolved, That the Report of the Committee on Bills and Overtures, relating to the subject of Mileage and the Commissioners' and Contingent Funds, be printed in the Appendix to the Minutes of this Assembly, and the Presbyteries be requested to consider the plan there proposed, and to take such action upon it as they shall think proper.

The Report of the Judicial Committee relative to two Memorials on the subject of Slavery was taken from the docket, and the whole subject, on motion of Rev. Lucian C. Ford, was indefinitely postponed.

The minutes of the session were read and approved.

Thanks were tendered to the Rev. Nathan S. S. Beman, D.D., the acting Moderator, for the manner in which he has conducted the business of the Assembly.

The roll was called, and the absentees marked.

The business of the Assembly having been finished, and the vote having been taken for the dissolving of the Assembly, the Moderator, with prayer and the apostolic benediction, declared the Assembly dissolved; and required another General Assembly, chosen in the same manner, to meet in the North Presbyterian Church, in the city of Buffalo, on the third Thursday of May, A.D., 1853, at 11 o'clock A.M.

APPENDIX.

ANNUAL NARRATIVE

OF THE

State of Religion

WITHIN THE BOUNDS OF THE PRESBYTERIAN CHURCH

IN THE

UNITED STATES OF AMERICA.

May, 1852.

The Committee on the Narrative, in presenting their Report to the General Assembly, would congratulate this body on the increased attention which, in accordance with the suggestion of the last Assembly, the Presbyteries have given to the preparation of their narratives. This fact, while it denotes the more vigorous working of our own ecclesiastical organizations, at the same time has greatly facilitated the labors of your Committee in the presentation of the general condition of our branch of the Church. Indeed, our chief difficulty arises, not from the paucity, but the abundance, of the materials before us, and from the impossibility of reducing such various statements to a consistent whole, that, in the moderate limits assigned to us, shall do justice to each separate part. Our Church, like our country, is so widely extended, and the Presbyteries differ so greatly in position and numbers, as to render it difficult, by any general statements, to convey a clear idea of its condition in all respects. There are some things, however, which either broadly characterize our churches, or are of especial moment to our whole communion, to which we would call attention.

CHURCH ERECTION.

Among these, it is an interesting fact, that almost every Presbytery reports the erection of one or more edifices for public worship, the remo-

deling and improvement of others, and the successful effort in a large number of cases to remove the burden of a church debt. The erection of new houses of worship in our growing cities and towns, and especially in the newer portions of our territory, is essential to the permanent progress of religion. And it is highly gratifying to perceive that an awakened interest is felt on this subject, and that many parts of the Church are increasingly solicitous that the Assembly should adopt some measures, by which the work of church-building in the destitute frontier settlements should be carried forward systematically and easily. The renewed and successful efforts, in many cases, to relieve the churches of debt, is a very encouraging sign of our advancement. Few things weigh more heavily on the pastor, and tend more powerfully to retard the development of religion, than these church debts. They have not only prevented the growth of many churches, but frequently broken up some of the most promising enterprises for the spread of religion. In this connection it is worthy of notice, as a sign of our advancement, and of the temporal prosperity of the congregations connected with us, that a large number of church edifices have during the year been remodeled and improved, while in other cases parsonages have been erected, and the entire temporal condition of the church placed on an independent foundation. While we may not commend extravagant outlays upon the material edifice, yet a truly healthful religious sentiment will always see to it, that, as the public prosperity advances, and the members of Christ's Church come to dwell in ceiled houses, the house of God should not be left desolate.

RELIGIOUS EDUCATION.

There is no department of Christian labor more vital to the prosperity of religion than the religious instruction of the young. These constitute the chief material for the future upbuilding of the Church; and if they receive that attention which the importance of the case demands, we have every reason for anticipating from this source a constant increase of the members of Christ's fold. Especially, since, in many instances, education of a public kind is becoming wholly disconnected from religion, and literature and science are divorced from the Bible, does it become a subject of great importance to see that effective measures are taken, in every congregation, for the instruction of the children and youth in the right ways of the Lord. Nor would it be without reason, were this Assembly to urge upon such of the ministers of our Church, as have the requisite qualifications for it, the preparation of works on the Evidences of Christianity, suitable to the young, and as guides to the teachers of Bible-classes and Sabbath-schools. We are happy to perceive that, while in no case is there a reported decline of interest in this cause, in the great majority of the Presbyteries there never has been so much attention given to this subject. Larger numbers are reported in attendance on the Sabbath-schools and Bible-classes, while there is very gratifying evidence of increased attention to the catechising of the children, and their thorough instruction in the doctrines of our standards. In addition to this, in many especially of the newer States, we find an increased attention to the interests of education in general, and the institution of both male and female seminaries of learning. The Presbyterian Church has ever been foremost in seeking to edu-

cate the people; and while other denominations, who formerly neglected it, are now convinced of its importance, and are coming up to the work, it is a matter of congratulation that the ministers and intelligent laymen of our own Church are endeavoring to illustrate, in this respect, our ancient spirit, and maintain the principles which we have always professed. Let us be true to ourselves in reference to the young, and we need have little fear respecting the final triumph of the great antichristian apostasy, whether in the form of Puseyism or Popery.

TEMPERANCE.

In most sections of the country, the Presbyteries report, not so much a great decline in intemperance, as a great increase of interest in the subject of temperance, and a determination on the part of multitudes to avail themselves of all wise legal measures to arrest the progress of this desolating evil. Many are waiting to see what will be the effect of measures now in operation in one of the Eastern States, in order to urge the trial of a successful experiment in other States. The passage of the "*Maine Law*," and its maintenance thus far, have revived the hopes of millions, and roused them to new efforts in this good cause. Rarely ever have we seen a more striking illustration of the power of moral influence, which a State, not among the central or the most populous, can exert, in promoting the spread of sound principles throughout the community. It seems to us most probable that, in connection with the religious and moral feeling that now opposes this evil, there will be some form of public legislation that will harmonize with it, to remove this fearful curse entirely from us as a nation.

SABBATH OBSERVANCE.

It is also gratifying to notice that, amidst the dark pictures which many of the narratives give of the desecration of the holy Sabbath, there are signs of a decided improvement in this respect. The running of cars and steamboats on the Sabbath, while still most sadly prevalent, is yet on the decrease, and a more healthful public sentiment is being formed, which we trust will soon compel the entire cessation of these and all other forms of Sabbath desecration.

PECUNIARY CONTRIBUTIONS.

The narratives inform us, not only of the usual attention to the benevolent causes of the day on the part of most of the churches, but in not a few of them of a decided increase in their contributions. It is much to be regretted that we have no full statistical reports on these subjects, in order to determine with greater certainty the advance of our churches from year to year, and furnish a just ground of encouragement and hope for the future. We believe that as a Church we are behind no other denomination in our land in our contributions to the cause of Christ; and we shall rejoice to see our position in this respect made fully manifest by accurate statistical reports.

REVIVALS OF RELIGION.

But, amidst all the evidences of growth and progress, none are so cheering to the Christian heart, or so vital to our permanent prosperity,

as the manifest presence of the Holy Spirit in renewing power. From every part of the field of our labors, we hear reports of either gentle refreshings or powerful revivals. With only here and there an exception, some one or more of the churches in each Presbytery have enjoyed the special influences of the Holy Spirit; while in many cases large additions have been made to the membership of the churches. If iddeed we cannot speak of the year past as, in every respect, one of the right hand of the Most High, yet it would be ungrateful for us not to recognize the signal favors which He has thus bestowed on hundreds of churches. Weak congregations, and some just ready to die, have, in several instances, been made strong and placed, within a few weeks, in a position of independence of foreign aid; while the energies of many of those already vigorous have been more fully developed. In connection with these visitations of mercy, we are permitted to report the steady growth of an attachment to the doctrines and polity of our Church, together with an increasing desire that, as a denomination, we should attempt greater things than we have yet done to promote this form of piety in the world. At the same time, in some parts of the country, where various errors have been rife and have sought to divide the churches from us and from each other, there has been a decided triumph of truth and righteousness, so that a greater peace and harmony have been secured.

THEOLOGICAL SEMINARIES.

The Theological Seminaries, in more immediate connection with our Church, are generally in a prosperous condition. The faculties of all these seminaries are now well filled by men of acknowledged ability, learning and piety. An effort is now being made to endow the Union Theological Seminary in the city of New-York, and place it on an independent foundation. No more noble or worthy object of an enlightened Christian benevolence, nor one that looks to larger results, can well be presented to those members of our Church to whom God has intrusted the stewardship of large possessions. While, however, the temporal prosperity of these institutions is thus in a fair way of being secured, it is a painful fact that the number of theological students has of late years diminished, rather than increased. It is obvious that we need, as a Church, more efficient means of arousing the attention of our pious young men to the work of the ministry, and of raising funds in sufficient abundance to insure, to those who are poor, an ample support during their preparation for the ministry. Unless the number of our ministers shall be speedily increased, it will be impossible for us to occupy the fields which now open so promisingly on every side, and into which the God of the harvest bids us enter.

HARVEST FIELDS.

There are at this time, aside from the ground already occupied, three fields of great promise, which invite our labors.

I. THE COLORED PEOPLE.

First. The colored population present claims upon us, in common with other denominations, to bring to them the gospel of the grace of God.

We are most happy to notice, in the reports of the Southern Presbyteries, not only that much attention is given to this class of people, but that extensive revivals have occurred among them, and many conversions have taken place. It is obvious, however, that we are not accomplishing all that our position and resources warrant us in doing in this field. And it is worthy of our consideration, whether it might not be expedient to train up colored ministers with special reference to this class of the people, who, while they might not have advanced as far as many others in the acquisition of theological science, may yet possess sufficient for the successful prosecution of their great work in this field.

II. THE IMMIGRANTS.

Second. The foreign population, arriving upon our shores at the rate of between three and four hundred thousand a year, demand of us, as Christians, direct efforts to enlighten and save them. A few of these are truly evangelical; and with these we rejoice to sympathize and coöperate. But the mass are either apostate in Rome, or apostate from the doctrines of Luther. And it is necessary that, instead of merely seeking to give life to the present church organizations among them, we should also seek to form churches of our denomination among them, and by associating them with us, enable those who may be converted to stand more securely against the formalism and the infidelity which prevail so extensively among the multitude. The reports from the Presbyteries show a good beginning in this great work. Churches have been formed in New-York City, Newark, N. J., Milwaukee, Cincinnati, St. Louis, and various other places, in connection with us; and there is every prospect of a large accession to our numbers from this quarter, in the course of a few years. Let us gird up our loins to this work, and we shall find a field already white to the harvest.

III. THE NEW SETTLEMENTS.

Third. Our new territories and frontier settlements demand of us, as a Church, special efforts to plant churches and sustain missionaries. In these new regions, and wherever there is a large but scattered population, it is highly desirable that there should be itinerant or Presbyterial missionaries, who, under the direction of their own ecclesiastical bodies, should explore the field, gather the elements of churches, and preach as opportunity offers over a wide region. This system is already partially in operation in some of the Western and Southern States; and wherever adopted has proved to be of great value. These missionaries in general have gathered churches and secured ministers, and so have laid the foundations for many generations. We only need some more perfect and permanent arrangement in respect to them, to advance and take possession of regions where the voice of an educated minister is now rarely ever heard.

In reference to these three fields, our Church has begun the work, and begun it well. But, if she would perform her mission fully, she must adapt her missionary and educational systems to this new state of things,

and then gird herself for labors protracted and difficult, but promising the richest harvest of souls.

SUMMARY.

Such in general are the state and prospects of our Church, as reported to us in the narratives of the Presbyteries. We have enjoyed great temporal prosperity. In the building and repairing of churches, and the liquidation of church debts, great progress has been made. Our churches are dwelling in peace, and are growing in steadfastness of attachment to our doctrine and discipline; we have enjoyed many and precious revivals of religion, and multitudes have been added to the churches. At the same time, there is a most affecting want of ministers, and wide fields of labor that we are unable to enter upon efficiently, from the inability to obtain the proper men to go in and reap the harvest.

DECEASE OF MINISTERS.

In conclusion, we would say, that death has been busy among us, removing one and another from their labors on earth, to join the assembly in heaven.

Correspondence.

REPORTS OF DELEGATES.

I. To the General Associations of Connecticut and Massachusetts.

In compliance with the appointment of the last General Assembly, convened at Utica, N. Y., we attended the meetings of the General Association of Connecticut, at Bridgeport, on the 17th of June; and also the General Association of Massachusetts, at Wrentham, June 25th.

As Delegates of the General Assembly of the Presbyterian Church, we were cordially received, and shared largely in the Christian kindness of these venerable bodies. We were heard in our fraternal messages; and our communications in regard to the state of our beloved Zion deeply interested our brethren. In these General Associations, we found a strong and growing sympathy with our branch of the Church. The Congregationalism of New-England is in unison with our cherished Presbyterianism, in spreading the knowledge of Christ, both at home and abroad. Its genuine catholicity demanded our admiration, and filled our hearts with encouragement.

In the transaction of business there were much harmony and earnestness, great zeal for the truth, and ardent desires for its promotion. Our intercourse with the members of the Associations was truly delightful. The Christian dignity, eminent talents, devoted piety, and the working spirit of our brethren, made a happy impression on our minds. With such "true yoke-fellows" we could live and labor in the promotion of our common Christianity—one in Christ our living head, and one in effort to save and bless a perishing world.

We left these interesting convocations assured of the kind fraternal feelings of the brethren, and their desire to continue our correspondence. Delegates were appointed to attend the General Assembly to meet at Washington.

All which is respectfully submitted.

B. W. CHIDLAW,
R. HAWLEY.

Cincinnati, O., May 6, 1852.

II. To the General Association of New-Hampshire.

The undersigned respectfully reports that, as alternate to Rev. William E. Knox, he attended the session of the General Association of New-Hampshire, which met at Acworth, in August, 1851. The expressions of fraternal feeling, which your Delegate was permitted to make in behalf of the General Assembly, were cordially reciprocated by the members of the Association; and an earnest desire was manifested for the continuance, not only of the relations of correspondence which have long subsisted between these bodies, but also of cordial coöperation in the work of extending the kingdom of our common Saviour over our common country.

The attention of the Association was chiefly directed to the spiritual condition of the churches, and to the various enterprises of Christian benevolence, particularly to the work of Home Missions, in connection with the Semi-Centennial Meeting of the New-Hampshire Home Missionary Society. The churches of that State, though they have suffered severe losses in numbers and strength by emigration, were represented as enjoying a moderate degree of prosperity, and some had been greatly refreshed by special effusions of the Spirit.

The sessions of the Association were characterized by harmony and spirituality, indicating, among the members and the churches which they represented, the unity of the Spirit in the bond of peace. A Delegate was appointed to represent that body at the present sessions of the General Assembly, where he will doubtless meet the same cordial reception which was extended to your Delegate.

All of which is respectfully submitted. DAVID B. COE.

III. To the Presbyterian and Congregational General Convention of Wisconsin.

By appointment of the last General Assembly, I attended the annual meeting of the Presbyterian and Congregational Convention of Wisconsin, at Plattville, in October last. I was received with all due respect and cordiality; and a Delegate was chosen to represent the Convention in your present sessions at Washington. He is authorized to express the sentiments of the Convention in regard to continued fraternal intercourse. Of the churches belonging to this Convention, about thirty are Presbyterian, most of which have Congregationalist ministers, and are otherwise withheld from a more direct union with the General Assembly. There are about the same number of ministers who are Presbyterian; but in most cases they minister to churches of a different denomination. In this state of matters, changes in the form of government of churches are frequent. Still, many churches and ministers in the Convention maintain their attachment to our form of government nobly, and there is a growing respect for our denomination throughout the State. Most of the Convention churches in Wisconsin are missionary fields; and the whole State is an inviting field of missionary labor, where fifty additional min-

isters are imperatively demanded. The order and soundness of the Convention seem to be increasing; though, owing to the independence of the District Conventions, some very difficult questions, which relate to transfers from one District Convention to another, have embarrassed the General Convention. During the past winter, the churches of this State have largely shared in revivals of religion, whose unusully rich and blessed fruits will greatly strengthen the cause of Christ. I took leave of the Convention on the last day of its sessions, after a season of delightful Christian intercourse, with assurances that the correspondence was desirable and profitable on our part; to which the presiding officer responded in the name of the Convention, desiring its continuance.

All of which is respectfully submitted.

WILLIAM H. SPENCER.

Milwaukee, May 11th, 1852.

IV. To the General Assembly of the Cumberland Presbyterian Church.

Having been appointed for that purpose by the General Assembly of 1850, I attended the meeting of the General Assembly of the Cumberland Presbyterian Church, at Pittsburgh, in May, 1851. There have been published no complete statistics of the Church in connection with that Assembly, but the estimates which have been formed, by those who have the best opportunities for information, are probably not far from the truth. According to these, there must be not less than nineteen Synods, seventy-five Presbyteries, more than a thousand ministers and licentiates, twelve hundred and fifty congregations, and eighty thousand communicants. A very cordial and fraternal spirit was exhibited, in various ways, by the General Assembly and its individual members, with respect to our Church; and I doubt not, that the correspondence which has been opened with them is welcomed on their part with sincere pleasure. The course of business pursued by their Assembly is very similar to our own. The Confession of Faith, Form of Government, and Directory for Worship, are substantially the same; the first having been altered only to provide against what they have supposed to be the *fatality* taught in our standards; and the second, principally with respect to the qualifications required of candidates for the ministry. A high degree of interest was taken by the Assembly in the subject of education; and it would perhaps be difficult to find an ecclesiastical body, in which more time and attention are given to the encouragement of schools, colleges, and seminaries of learning. It has now under its control a number of colleges; at two of which provision is made for a theological faculty, and the instruction of candidates for the ministry, when the collegiate course has been completed. A Board of Missions has been in successful operation for some years in connection with the Assembly, the attention of which has hitherto been exclusively directed to the domestic field. Interesting missions have thus been commenced and prosecuted with success in Texas, California, and in the larger cities of the West. The contributions which

their churches have given to foreign missions have been intrusted almost entirely to the hands of the American Board, at Boston, in whose behalf special agents have sometimes been employed to visit their churches. A Board of Publication has also been in existence for some years, under the superintendence of the Assembly, by which a number of works have been sent forth for the defence of their peculiar system of faith, for the promotion of domestic education, for assistance in public worship, and for private devotion. A high degree of earnestness and spirituality has always characterized the ministry and members of this Church, and no more ardent and sincere friends of revivals can perhaps any where be found.

With a body so similar to our own in its real doctrines, its discipline, and its spirit, it would seem to be the true interest of our Church to cultivate the most friendly relations; and especially to continue, without interruption, the correspondence now so happily commenced. It was the intention of their Assembly to have been represented in our General Assembly at Utica, and much regret was expressed for the failure in the attendance of the Delegates appointed for that purpose. One of their number, and an alternate, were appointed to represent them in the present Assembly.

All which is respectfully submitted. CONWAY P. WING.

Washington City, May 21st, 1852.

COMMISSIONERS' FUND.

The Committee on Bills and Overtures reported Document No. 9, a memorial from the Presbytery of Indianapolis on the Commissioners' Fund of the General Assembly, which was ordered to be published in the Appendix to the Minutes, for the consideration of the Presbyteries. (See page 178.)

"The object of this memorial is, to show the vast inequality with which the burden of attendance upon the General Assembly falls upon the different portions of the Church, or upon the Delegates, particularly upon the Eastern and the Western; and it proposes a remedy.

"Whether the statements of this memorial are strictly accurate or not, it is seen that not more than one half of the expenses of those in the present Assembly, who have relied upon the dividends of the Committee on Mileage, has been paid. The subject of this memorial is exceedingly important. All can see how important it is, that we have a full representation of the condition and prospects of the great and rising countries of the West. We must cultivate an intimate acquaintance and a lively sympathy with those distant and dispersed Presbyteries, which will almost always be far from the place of meeting; and the youngest, which it is most important to have represented, will be least able to sustain the expense, or the great deficiency which is constantly occurring. The plan proposed by this memorial appears to your Committee just, reasonable, and as practicable as any other which has been, or can be proposed, and

more likely to succeed. The principle is, 'that the expense of our annual convocation be borne equally by the whole Church.' The average cost of our General Assemblies is stated at $5,000. An assessment on each Presbytery of four cents for each communicant would amount to $5,600.

"The Committee therefore report the following resolutions:

"*First.* Resolved, That the resolutions on the Commissioners' Fund, found upon the Minutes of the last General Assembly, be, and the same are hereby repealed.

"*Second.* That every Presbytery be requested to raise, in such way as it shall deem most proper, an amount equal to five cents for every member of the churches which it reports, and forward it to the Assembly, (or to its Treasurer, who shall remit it to the Assembly,) at or before its meeting.

"*Third.* That every Commissioner shall be entitled to the full amount, or, if there be more than one Commissioner, to his share of the full amount, of the assessment of his Presbytery, provided that amount falls short of his traveling expenses; and such Commissioner or Commissioners may use that amount of the money to pay their traveling expenses, and their written acknowledgment of having received that money, duly signed, shall be accepted as so much money received from their Presbytery into the Commissioners' Fund.

"*Fourth.* That the General Assembly, as heretofore, shall appoint a Mileage Committee, who shall receive and disburse the funds sent from the Presbyteries for this purpose, always reserving one fifth of the whole which is received, to be appropriated to the Contingent Fund.

"*Fifth.* Any Commissioner who, at any time within four days from and after the opening of any future Assembly, renders to the Mileage Committee the number of miles which he has necessarily traveled from home in going to the Assembly, shall be entitled to his share of the Commissioners' Fund, in proportion to the deficiency or difference between the assessment on his Presbytery and the amount of mileage due to him, which the Mileage Committee shall determine, subject to an appeal to the Assembly.

"*Sixth.* That should the Commissioners' Fund in any one year be sufficient to allow each applicant Commissioner five cents for every mile traveled in coming to the Assembly, then the surplus at each Assembly, after paying five cents a mile to the applicants, shall be reserved and paid to the Treasurer for the time being, subject to the order of the Assembly, either to be divided the next year, if needed, or to pay the contingent expenses of the Assembly.

"*Seventh.* That the Stated Clerk shall publish annually, in some religious newspaper, a list of the delinquent Presbyteries, and forward a copy of that paper to the Stated Clerk of each Presbytery."

CONTINGENT FUND.

A collection is to be taken in every congregation, annually, for the Funds of the Assembly. A part of this collection should be designated,

either by the Session of the Church or the Presbytery, as a contribution to the Contingent Fund of the General Assembly. At the present ratio of expenses, about six hundred dollars are needed yearly to defray the expenses of printing the Annual Minutes, paying salaries, traveling expenses of Delegates to Corresponding Bodies, and other incidental expenses.

ANNUAL MINUTES.

The cost of publishing a copy of the Annual Minutes, with the usual Appendix, is not much less than twenty-five cents, the price for which they are now furnished to all applicants. According to the present Post-office regulations, they are chargeable with a postage of one cent per ounce (or the fractional excess of an ounce) for any distance short of five hundred miles, reckoning by the mail route; and two cents for any distance exceeding five hundred miles and short of fifteen hundred miles. The ordinary weight of each copy is nearly seven ounces. The postage must be prepaid, or the charge be doubled. Every Presbytery that contributes to the Contingent Fund an emount equal to twenty-five cents for each minister, and an additional sum sufficient to meet the postage at the above rates, will have one copy of the Minutes forwarded by mail, as soon as published, to each of its ministers whose post-office address is given in the Statistical Report. The Minutes will also be sent, free of postage, when ordered, to any address, at the rate of *thirty-two* cents for the single rate, and *thirty-nine* cents for the double rate of postage. The postage on all orders must be prepaid.

Agreeably to a resolution of the last Assembly, a copy of the Minutes will be sent, post-paid, to each of the Stated Clerks of the Presbyteries and Synods, for the use of those bodies respectively.

SYNODICAL REPORTS.

1. A *Statistical Report* is to be prepared and forwarded to the Assembly by the Stated Clerk of every Synod, in which are to be stated the number of Presbyteries, ministers, churches, licentiates, and candidates within their bounds, and how distributed; the changes which may have been made in the number or arrangement of their Presbyteries; the place and hour of their next Annual Meeting; and the names of the Moderator and Stated Clerk.

2. A *Church Extension Report* is also to be forwarded, agreeably to the order of the last Assembly, embracing the particulars specified in articles 7, 8, and 9, of the resolutions on Home Missions, page 172.

PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly:

1. A *Statistical Report*, according to the form exhibited on page 194, of the present Appendix, of which a printed blank will be furnished in

due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. A *Narrative of the State of Religion* within the bounds of the Presbytery, for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements, and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sunday-schools and Bible-classes organized, the number of scholars in each, &c.; also the decease, if any, of ministers during the year. As the Narratives are not to be publicly read, less care may be given to their style, and more to the detail of particulars, such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church.

3. An *Educational Report*, in accordance with the requirements of the last Assembly, stating the number of its churches in which the claims of the Educational cause have been presented during the year; the amount of funds collected and appropriated, and through what channels; the number of candidates for the ministry under its care, or the care of its churches, and the different stages of their progress. This Report is to be prepared and forwarded, post-paid, to the Stated Clerk of the General Assembly at New-York City, so as to reach him on or before the 15th of April.

4. A *Church Extension Report*, as also required by the last Assembly. Every Presbytery is to forward annually to the Assembly a full Report of its various arrangements for Church Extension, stating the number of its ministers, and the particular manner in which they are employed; the number of its churches, and how they are supplied; the gross amount of funds collected in its bounds for home missions and church erection; the amount received by its churches from the American Home Missionary Society, or any similar institution; the number of houses of worship, with their probable value, and whether they are free from debt; the number of new churches organized, and new houses of worship erected; what itinerant arrangements have been adopted for preaching the gospel; what and how much agency has been employed; together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ.

☞ As the last Assembly have required the amount of contributions to the various objects of religious benevolence to be stated in the Statistical Report of every Presbytery, the attention of every pastor should at once be directed to the importance of keeping a register of all the contributions made by his congregation through the year, that in due season the various amounts may be reported to the Presbytery.

STATED CLERKS OF PRESBYTERIES.

Attention is requested to the following particulars. Let the Stated Clerk of every Presbytery take special care,

1. That the Commissioners to the Assembly are furnished with a *Com-*

mission, according to the model prescribed in the Form of Government, chap. XXII., sec. ii.

2. That *collections* for the Commissioners' and Contingent Funds of the Assembly be ordered annually by the Presbytery, on or before a particular Sabbath, and that the amount be forwarded by the hands of one of the Commissioners.

3. That the *four Presbyterial Reports* specified in the previous article be duly prepared, authenticated, and forwarded. These Reports should be on separate papers, for the convenience of the Assembly in referring them to distinct Committees.

In preparing the Statistical Report, let the following rules be observed:

(1.) Carefully copy the blank form and order of columns, &c., on the next page. ☞

(2.) Record ministers in the order of their *ministerial* age, with their *Christian* names in full, and their address in the adjoining column.

(3.) Place the name of every church opposite the name of its pastor or stated supply; or, if vacant, at the foot of the roll.

(4.) Place, after the name of every minister, an abbreviation denoting his occupation; e. g.: P., for a Pastor; P. E., for a Pastor Elect; P. C., for a Pastor of a Congregational Church; S. S., for a Stated Supply; H. M., for a Home Missionary; C. M., for a City Missionary; T. M., for a Tract Missionary; F. M., for a Foreign Missionary; Pres., for a President of a College; Prof., for a Professor in a College or Theological Seminary; Sec., for a Secretary of a benevolent institution; Ag., for an Agent of do.; Ch., for a Chaplain; Tea., for a Teacher; Ed., for an Editor; W. C., for a Minister without charge; and Col., for a Colporteur.

(5.) Place, after the name of every church, the abbreviations, P., for one that has a Pastor; P. E., for one that has a Pastor Elect; S. S., for one that has a Stated Supply; or V., for one that is vacant.

(6.) If a church fails to report, let the number of communicants be given as reported to the Synod, or to the last Assembly, with an asterisk (*) in the column of communicants, denoting the fact.

(7.) In the *additions* to the church, distinguish between those on *examination* and those on *certificate;* in the *baptisms*, between the *adults* and the *infants;* and be careful to observe the order of the columns in which these particulars are recorded.

(8.) The *names* of the Licentiates are to be recorded immediately after the list of Ministers, in the same column; but of the Candidates, the *number* only is to be given.

(9.) Avoid erasures or interlineations; and make names and numbers distinctly legible.

(10.) *Add up* every column, and authenticate the Report with your *signature.*

(11.) Affix no extraneous matter, such as memoranda, explanations, or orders for the delivery of the printed Minutes of the Assembly; let these be given on a separate sheet.

☞ If any thing should prevent the forwarding of the Statistical Report in time for the meeting of the General Assembly, let it be sent, as soon as possible, by mail, to the Stated Clerk of the General Assembly, No. 202 Henry street, New-York.

COMPARATIVE VIEW.

It will be seen, by the preceding Tables, that Statistical Reports have been received from all the Presbyteries, with the exception of Angelica, San Francisco, Kalamazoo, Medina, Elyria, Lexington, and Newton. Several of the Reports are quite imperfect, and the returns very defective. A large number of Churches have not made any Report to their Presbyteries, and some of them have failed to make any return for several years. It is hoped, that increasing attention will be given to this matter, and that delinquent Churches will be required to report themselves annually. Statistical Reports should be returnable in March or April, so as to present an accurate view of the State of the Church at the meeting of the General Assembly in May.

No change has taken place in the number or arrangement of the SYNODS. Present number, twenty-one.

Three new PRESBYTERIES have been erected during the past year: Catskill, Elkhart, and Fox River. One, Ionia, has been dissolved. Increase, two. Present number, one hundred and six.

The number of MINISTERS is one thousand five hundred and twenty-seven; an increase of thirty-seven. During the year twenty-one ministers have died; a decrease of ten.

The LICENTIATES are one hundred and thirty; a decrease of ten. Since the Reports went to press, two Presbyteries have licensed sixteen more. The whole number at the present time is about one hundred and fifty.

The CANDIDATES number seventy-five; an increase of eleven. These are nearly all in the last year of their preparatory course. A much greater number are at an earlier stage, but not under the particular care of their Presbyteries. The last Assembly has required, that in future the whole number be reported, whether under the care of the Presbyteries, or of the Churches only.

The CHURCHES are one thousand six hundred and two; an increase of twenty-three.

The ADDITIONS to the number of Communicants has been ten thousand two hundred and fifty-six; an increase of three hundred and seventy-four over the additions of the previous year. The additions on Examination were five thousand eight hundred and sixteen; an increase of one hundred and thirty-seven. On Certificate, four thousand four hundred and forty; an increase of two hundred and thirty-seven. In no previous year since 1837 has so large a number been reported. Yet seven of the Presbyteries and a large number of Churches have made no returns. The whole number of additions, therefore, must have exceeded eleven thousand.

The number of COMMUNICANTS is one hundred and forty thousand six hundred and fifty-two; an increase of five hundred and seventy-six.

The BAPTISMS have been five thousand five hundred and forty-eight; a decrease

of one hundred and eighty-five. If an equal number of Presbyteries had reported, the number would in all probability have exceeded that of the previous year. Of Adults, one thousand six hundred and seventeen, and of Infants, three thousand nine hundred and thirty-one are reported; an increase of ten in the former, and a decrease of one hundred and ninety-five in the latter case.

The CONTRIBUTIONS to the Funds of the Assembly have been much larger than usual. The whole sum reported is three thousand four hundred and seventy-three dollars and twenty-eight cents; an increase of seven hundred and fifty-seven dollars and forty-five cents. For the expenses of Commissioners to the Assembly, two thousand nine hundred and fifty-five dollars and two cents have been contributed: an increase of five hundred and eighty-nine dollars and ninety-six cents. Of the whole sum, only one thousand and seventy-seven dollars and eighty-eight cents were paid into the treasury of the Assembly; the remainder, one thousand eight hundred and seventy-seven dollars and fourteen cents, was paid to the Commissioners by their respective Presbyteries. In a few cases no return has been made of the sum thus paid. For the Contingent Fund, five hundred and eighteen dollars and twenty-six cents have been contributed, and, with the exception of four dollars and twenty-five cents, paid into the treasury of the Assembly.

A careful review of the above particulars will show, that the Church has been at no time, since 1837, in so healthful and hopeful a condition as at present.

All which is respectfully submitted.

EDWIN F. HATFIELD,

New-York, July 1st, 1852. *Stated Clerk.*

BUFFALO, N.Y., May 19th, 1853.

THE GENERAL ASSEMBLY OF THE PRESBYTERIAN CHURCH IN THE UNITED STATES OF AMERICA met, agreeably to appointment, in the North Presbyterian Church, in the city of BUFFALO, on Thursday, the 19th day of May, 1853, at 11 o'clock A.M., and was opened with a sermon by the Rev. WILLIAM ADAMS, D.D., the Moderator of the last Assembly, from 1 Cor. iv. 1–5: "*Let a man so account of us, as of the ministers of Christ, and stewards of the mysteries of God. Moreover, it is required in stewards, that a man be found faithful. But with me it is a very small thing that I should be judged of you, or of man's judgment: yea, I judge not mine own self. For I know nothing by myself; yet am I not hereby justified; but he that judgeth me is the Lord. Therefore judge nothing before the time, until the Lord come, who both will bring to light the hidden things of darkness, and will make manifest the counsels of the hearts: and then shall every man have praise of God.*"

After the sermon, the Assembly was constituted with prayer, and shortly after adjourned until half-past three o'clock P.M.

The Committee to whom was referred the subject of printing the sermons of the Moderators, reported the following minute, which was adopted:

"The Committee, to whom was referred the subject of publishing the sermons of the Moderators of the General Assembly, recommend to the Assembly the adoption of the following plan:

"1. That the measure seems to be due to general usefulness, and to the facts and the uses of history, as supplying to posterity what we ourselves must only desiderate in the retrospect of the Presbyterian Church, for almost two centuries now in this country, in a way at once so facile, so authentic, and so interesting, preserving the sermons preached by the Moderators of our Assemblies; an annual accession, successively accumulating as well as augmenting in value, as time increases both their quantity and their antiquity, identifying in general the characters of the age and the doctrines of the ministry.

"2. That the series commence with the sermon of the Moderator in May, 1839, as the first after the epoch of terrible memory, identified with the disruption of the Presbyterian Church by the exscinding acts of 1837 and 1838; and include all the others in succession to that of the present month in 1853.

"3. That it be, and it hereby is, earnestly recommended to every successive Assembly, to take due order in the premises to procure the publication of the sermon with which its sessions were opened, and its deliberations and measures commenced.

"4. That the performance of this service shall devolve on a Special Committee, to be annually appointed, with powers, as instructed by the Assembly, to superintend and procure such publication; of this Commit-

tee, to consist of two ministers and two ruling elders in the Presbyterian Church, the Stated Clerk of the Assembly shall be ex-officio a member; and it shall be his duty to send a copy of each sermon to every Presbytery in our connection, with the Minutes of the Assembly; it being understood that the treasury of the Assembly shall be in no way responsible or taxed for the measure, and that the Stated Clerk shall always preserve, subject to the order of the Assembly, a suitable number of copies for reference and use in the archives of the Assembly; and,

"5. That the Committee be authorized, in behalf of the Assembly, respectfully to request from all the ex-Moderators included, a revised copy of their sermons for the purposes aforesaid; while it will be understood by the wise that, for every particular sentiment contained in any sermon, not the Assembly, but the author of it, will be properly responsible."

The business of printing the aforesaid sermons was referred to Messrs. S. H. Cox, D.D., A. E. Campbell, D.D., James F. Trow, and James H. White.

Two copies of "*A History of the Division of the Presbyterian Church in the United States of America*" were presented to the Assembly by the publisher, M. W. securing of a correct and acceptable history of the painful disruption to which the Presbyterian Church has been subjected."

An apportionment has been made on 43,296 miles of travel in coming to the Assembly, at the rate of $3.06 for every one hundred miles of travel, and in favor of 74 members, the whole number who are understood to have applied under the rules for a portion of the fund.

The report was adopted; and, in the absence of the Treasurer, the Committee on Mileage were authorized and directed to pay the Commissioners accordingly.

The Committee on Church Extension made a report on the subject of

CHURCH ERECTION, for the consideration of which the Assembly went into an Interlocutory Meeting until 12 o'clock.

After which, the Report of the Committee, having been amended, was adopted, and is as follows:—

"The Committee on Church Extension submit the following Report:

"That they have had submitted to them numerous papers touching the subject of church erection. These papers all indicate a wide-spread want existing, especially in the newer and more sparsely-settled portions of the country. As examples in point, take the following facts:

"The Presbytery of Peoria and Knox reports nine churches, and only six church edifices—three of their churches being without houses of worship.

"The Presbytery of Milwaukee reports four churches destitute of houses in which to meet and worship God.

"The Presbytery of Schuyler reports seventeen churches, and only twelve houses for divine worship.

"The Presbytery of Harmony reports ten churches, and six church edifices, with a joint interest in three others.

"The Presbytery of Marshall reports twenty churches, and eleven church edifices, leaving nine without a tabernacle. Of these, however, three have houses of worship in process of erection.

"The Presbytery of Franklin reports twenty-three churches, and only fifteen church edifices..

"The Presbytery of Scioto reports twenty-two churches or regular preaching-stations, and only ten houses of worship.

"The most of the Western Presbyteries report numerous points within their respective bounds where additional churches might be organized and congregations gathered, and the usefulness of ministers already in the field greatly increased, and new fields opened for many other laborers to enter and gather sheaves for the garner of the Lord, if the means were provided slightly to aid young and feeble communities in erecting small, but decent and comfortable houses of worship. We have a thousand new communities just assuming shape and form, and ere they become well established, a thousand others will have sprung up to be fashioned and shaped in turn. An immense work is before us; the moulding in forms of truth and righteousness of a million of new communities, now forming, or soon to be formed in the United States and their adjacent Territories. Into every such little community we would throw the Bible, the Sabbath, the church, and the living ministry, as the only nucleus around which society can crystalize in forms of beauty and of purity.

"The Word of God is the sword of the Spirit, tempered and burnished in heaven. The Sabbath is the time when, the house of God is the place where, and the sanctified living ministry is the arm by which, that sword is to be effectually wielded for the conquest of the world. God has given us the Bible and the Sabbath. We must build the houses, and educate and support the men, to render complete this divinely-ordained system of means for the renovation of a fallen world.

"A small amount of aid will enable many a feeble congregation to build a house, who otherwise would not dare to undertake it. Two, if not more of our Synods, have already done something to meet this want

within their own bounds. But the want is felt very widely. Six Presbyteries, in Ohio, Michigan, Illinois, Wisconsin and Iowa, urge us to take action in this behalf. A Presbytery in New-York, and one of the richest in our connection, suggests the subject in its report, and pledges itself in advance to do its part in this great work; while a gentleman in Cleveland spontaneously pledges himself to give $1000 to this object, if $50,000 can be raised.

"With such facts before us, your Committee cannot doubt what is the will of God in respect to this matter. A voice clear and distinct is manifestly calling to us that we go forward. Your Committee would therefore recommend the following action:

"*Resolved*, 1. That the General Assembly, relying on the assisting grace of God and the hearty coöperation of his people, will undertake to raise, within the present year, the sum of $100,000, which shall constitute a permanent fund to aid feeble congregations in erecting houses of worship.

"*Resolved*, 2. That, in the furtherance of this object, the Assembly do now elect, by ballot, and annually hereafter, a Church Erection Committee, to be composed of ten members, one half of whom shall be ministers, six to reside in or near the city of New-York, and four in or near the city of Philadelphia; including the Stated and Permanent Clerks and the Treasurer of the Assembly; with power to fill their own vacancies; said Committee to employ, at their discretion, a Corresponding Secretary, who shall be paid a suitable salary, together with his traveling expenses.

"*Resolved*, 3. This Church Erection Committee shall meet in the city of New-York, on the second Wednesday of June next, and thereafter, on their own adjournment, in the cities of Philadelphia and New-York alternately, at least once in three months, their necessary traveling expenses being defrayed.

"*Resolved*, 4. The General Assembly hereby authorize said Committee to take such measures as to them may seem best to bring the claims of this great object before our churches, so as to secure as soon as possible the fund above named: said Committee to be authorized, also, to renew the appeal annually to our churches, in order to make up any deficiency which may exist in the first simultaneous subscriptions to complete the fund, or which may arise thereafter; it being the purpose of the Assembly to raise and maintain a permanent fund of $100,000, for the purposes herein specified.

"*Resolved*, 5. The General Assembly recommend that a collection or subscription be taken in all our churches in behalf of this object, on the second Sabbath of November next; and that the money thus raised be forwarded to Anthony P. Halsey, Esq., the Treasurer of the General Assembly, or to his successor duly appointed, to be held in trust for the use, and subject to the order, of the above-named Committee.

"*Resolved*, 6. The Stated Clerks of the several Presbyteries shall constitute a Committee of Correspondence for their respective Presbyteries, with the Church Erection Committee; communicating all needed information in respect to the state and wants of their churches; and the

Church Erection Committee, thus informed, shall report to the General Assembly, from year to year, the facts as they exist in respect to the relative wants of the different Synods, and also, the amount and condition of the fund under their direction, and their opinion of the proper apportionment of the same; whereupon the Assembly shall determine the amount to which each Synod shall be entitled for the year next ensuing. And thus, at each successive Assembly, the Committee shall report as aforesaid; and, further, they shall report a full statement of all moneys loaned or donated from the fund, and the securities taken therefor; and the Assembly shall direct, as before, the distribution of said fund among the Synods in our connection.

"*Resolved*, 7. Each Synod, through its Committee on Church Extension, of which the Stated Clerk of the Synod shall be ex-officio Secretary, shall draw on the Church Erection Committee for such portion of the fund as has been allotted to it, in such sums as it shall from time to time loan or donate to particular churches within its bounds. But no draft shall be made by any Synod for any portion of the fund allotted to it, until, where the money is loaned, each particular loan shall have been definitely agreed upon, and sufficient security in bond and mortgage or personal notes shall have been duly executed and placed in the hands of the Stated Clerk of said Synod, who shall with his draft transmit a statement of the loan thus made and the security taken; nor shall any draft be made until such accompanying statement, satisfactory to the Committee, shall have been received.

"*Provided*, That the Church Extension Committee of each Synod, when in their estimation, the circumstances of the case demand it, may also donate to feeble churches within their bounds, or remit on previous loans such sums as they shall judge proper; not to exceed, however, in the aggregate, a sum equal to one fourth part of the amount apportioned to said Synod for the current year. And the Church Erection Committee shall pay the drafts for such donations in the same manner as for the loans above authorized. All moneys thus donated or remitted to be secured on the house in case of a change in the ecclesiastical relations of the church thus aided.

"*Provided*, further, That all churches, to whom moneys are thus donated or remitted, shall take an annual collection in behalf of the Church Erection Fund, at least until they shall have thus repaid the amount which was granted them. No interest shall ever be demanded for any moneys loaned to congregations from this fund, until by the terms of the loan the principal has become due."

A Resolution was offered in reference to the Funds of the Assembly which was put upon the docket.

The Rev. Charles Brown, Rev. E. H. Gillett, and Elder W. P. Cook were appointed a Committee to nominate the Committee contemplated by the resolutions on Church Erection.

Adjourned until 3 o'clock P.M.

Concluded with prayer.

WEDNESDAY, May 25th, 3 o'clock P.M.

The Assembly met, and was opened with prayer.

The minutes of the preceding session were read and approved.

A communication was received from the Rev. R. W. Patterson, informing the Assembly that, in consequence of disease with which he had been visited since his arrival in this city, he would be unable to fulfil the appointment to preach the annual sermon on Home Missions. The letter was referred to the Committee on Devotional Exercises.

The Committee on the *Education of Young Men for the Ministry* reported, and recommended the adoption of the following Preamble and Resolutions:—

"*Whereas*, an imperious necessity now exists for increased efforts in the cause of education for the Christian ministry;

"And *whereas*, the Assembly have learned, with interest and pleasure, that measures are now under consideration to reörganize and modify the system of educational efforts, by which the cause may be placed upon a new basis; therefore,

"*Resolved*, That the attention of the Presbyteries be directed to the subject, for the purpose of seeking out and presenting young men of suitable qualifications for the ministry, and the securing of the more vigorous coöperation of the churches in this most important cause.

"*Resolved*, That a Committee of six be appointed by this Assembly, who shall express the sympathy and interest of this Assembly, and cooperate in measures for the securing of the important end of education for the Ministry.

"*Resolved*, That the Committee appointed to represent this Assembly shall consider the whole subject of Education for the Ministry, and report to the next General Assembly some plan for the united action of the Presbyterian Church with reference thereto.

"*Resolved*, That, in the meantime, the recommendations of the last General Assembly (page 170) to the Presbyteries be repeated by this Assembly."

The Rev. A. L. Brooks submitted the following minority report, which he moved as a substitute for that of the majority:

"*Whereas*, The providence of God, and the exigencies of the Church and country, imperatively demand that the Presbyterian Church recognize the responsibility, and enter upon the work, of providing for itself an adequate ministry by an agency of its own appointment; and,

"*Whereas*, no plan is at present in operation which calls forth the energies and developes the resources of the Church in this regard; and,

"*Whereas*, In the adoption of such a plan, there are many interests to be consulted, and the wants of many different sections of the Church to be provided for; therefore,

"*Resolved*, That a Committee of five be appointed to consider the whole subject, and report to the next Assembly a plan for the united action of the Presbyteries with reference thereto.

"*Resolved*, That, in the meantime, the recommendations of the last General Assembly (page 170) to the Presbyteries be repeated by this Assembly.

After a long discussion, the matter was issued by the adoption of the following:

"*Resolved*, 1. That for the present we recommend the Central American Education Society and the Philadelphia Education Society as a suitable agency to be employed for this purpose.

"*Resolved*, 2. That a Committee of five be appointed to consider and digest a plan for the education of young men for the Gospel Ministry, and report the same to the next Assembly."

The Rev. Henry W. Beecher, Delegate from the General Association of New-York, after a short address, to which the Moderator responded, respectfully took his leave.

The Committee on Bills and Overtures made a report on the *Paper from the Presbytery of Oswego*, which was adopted, and is as follows:

"The Assembly has received the above document from the hand of its Stated Clerk, and has heard it read only with grief and disapprobation. It is happily a strange or rather a unique paper; the Assembly hopes its like will never be reproduced to do evil; since it were hard for any wise man to think that such a measure could do good in any possible relation.

"The Assembly, remembering the meekness and the gentleness of Christ, would treat the action of the Presbytery of Oswego, from which no such action was ever anticipated, with great forbearance; still hoping, from all its known antecedents, and from some or all of its minority, and from the better second-thoughts of all its members, that its very censurable example will be wisely corrected before the next Assembly shall convene.

"In order to this desired result, the Assembly feels called to counsel every individual constituent of that beloved Presbytery, solemnly to consider in their closets the following questions, namely:

"1st. Whether such means as some of them have used are well adapted to attain any good end at all, especially the end which they avow as that at which they aim?

"2d. Whether it is wise for a Presbytery, when it doubts the wisdom of any measure enacted or omitted by the Synod or the Assembly to which it is in compact solemnly subordinate, to exemplify the spirit of nullification, secession, rebellion, covenant-breach, or any other disorganization in its corporate acts and doings, public and avowed in the matter; or whether the Presbytery thinks that this is the way to serve God and do its duty, and set a precedent and example to this country and the Church for them in any way to copy or imitate, in their appropriate spheres?

"3d. Whether the solemn import of their ordination vows, and obligations as personal Christians, has been more honored or more violated by their individual action in this matter, which the Assembly forbears largely to characterize as it plainly deserves, but which the Assembly solemnly condemns; yet with still paternal or rather fraternal feelings, and in the name of the Great Head of the Church, commends to their reconsideration who have done this deed, and for which it is the prayer of the Assembly that God would give them the grace of repentance. See Form of Government, Chap. XIII., five Questions—answered; Chap. XV., eight

Questions—answered; and Chap. XII., Sec. V., with the powers and duties of the General Assembly.

"The Assembly also affectionately invokes the attention of the Synod of Utica, in a way of forbearance and wisdom, to the improper action of one of its Presbyteries, as above."

Also, an answer to a Memorial on *Forms of Worship*, which was adopted, and is as follows:

"In reference to the subject of public worship, its forms of order and propriety in all our churches, and with the view of ultimate improvement, as related to the power of godliness and its advancement in them, as well as to greater uniformity and decorum in the public worship of God, especially on the Lord's day, and in the services of the sanctuary, the Committee having had their attention awakened to the subject by several communications, hereby recommend to the Assembly the adoption of the following results, viz.:

"1. That the importance of the subject is acknowledged and widely felt; with certain evils incidental that call for animadversion and correction from the judicatories of the Church, and seem to require of this Assembly to take the initiative, at least, in hope of ultimate benefits realized to all our community, as the result of wise and persevering measures to this end.

"2. That while the difficulties connected with the subject are great, in the vast and yet not homogeneous districts of our common country, the Assembly judges that they are not insurmountable; but, on the contrary, capable of complete removal, as the consequence of 'endeavoring earnestly to keep the unity of the Spirit in the bond of peace;' duly remembering that the Church is one, her interests one, and one her hope, her faith, and her final reward; while her ministry and her membership wisely and devoutly coöperate, with one heart and one mind, ὁμοθυμαδὸν, to this desired result; and remembering, too, that what cannot be finished in a day, may be begun in a day, and finished possibly and yet desirably in successive years; according to the grand canon of the Holy Ghost: 'Let all things be done decently and in order.'

"3. That the order of successive parts in public worship, posture in singing, in praying, and in hearing; the method of administration of the sacraments of baptism and the Lord's Supper, and the whole exterior form of worship, admit of improvement, and in a good degree of uniformity, in our churches; and indeed properly require it, not the less, but rather the more, because of the admitted and the maintained superiority of spiritual worship, with which it is necessarily associated, and to it properly subordinated, as justly auxiliary and subservient. And,

"4. That this whole subject be referred to a Special Committee, to consider it gravely and at large, and mature and offer the results of their consideration in a report to the next Assembly."

The Rev. Harvey Curtis, S. W. Fisher, D.D., P. H. Fowler, Wm. Adams, D.D., and Charles H. Read, were appointed to this service.

The Committee on Bills and Overtures presented also a report on the subject of memorializing the Government in reference to the *rights of conscience* in foreign countries, which was referred to the Committee on Religious Liberty.

"The General Assembly take pleasure in renewing the recommendations given by former Assemblies to the *American Bible Society;* and in view of the vastly increasing immigration to this country from foreign lands; the insidious, strenuous, combined and unremitting efforts of the Papal hierarchy to exclude the Bible from our public and other schools; and the abundant facilities for a wide diffusion of the Scriptures afforded by the erection of a new Bible House, of the most ample dimensions, in the city of New-York; the Assembly recommend that the ministers of our churches urge upon their people to contribute with increased liberality to the funds of this noble institution."

Adjourned until 3 o'clock P. M.

THURSDAY, May 26th, 3 o'clock P.M.

The Assembly proceeded to hear the reports of the Committees on the Synodical Records; and, on the recommendation of the respective Committees, the Records of the following Synods were approved as far as written:—Albany, Utica, Geneva, Genesee, Pennsylvania, West Pennsylvania, Ohio, Cincinnati, Indiana, Wabash, Illinois, Peoria, Missouri, Virginia, Tennessee, and West Tennessee.

The Records of the Synods of Kentucky, Western Reserve, and Mississippi were not present.

The Records of Michigan were present, but not written up.

The Committee to whom were referred the *Memorials on Slavery*, made a Report, the consideration of which was made the order of the day for to-morrow morning.

The Committee on Bills and Overtures made a report on the subject of the SABBATH, which was adopted, and is as follows:—

"The Assembly are at a loss what to say more than what they have repeatedly said, by way of urging on all our churches and congregations, and the community generally, a better observance of the holy Sabbath. Of its divine original and authority we have no doubt. Nor can we doubt its indisputable necessity in keeping up the institutions of religion, and in promoting the cause of salvation and pure morality. What could we do without the Sabbath? And where, in half a century, will be our glorious civil and religious liberty, if the terrible process of Sabbath-desecration be permitted to go on as it has done for the past ten years? Let the history of other nations answer. Let the fearful declarations of God's Word admonish us to anticipate the result. 'For the nation and kingdom that will not serve Thee shall perish.'

"While, therefore, we earnestly entreat our fellow-citizens of every class to 'remember the Sabbath day to keep it holy,' the Assembly do hereby, in a special manner, enjoin it upon the Church Sessions to watch over their brethren with tenderness and great fidelity in respect to the observance of the Sabbath; and to exercise wholesome discipline on those who, by traveling or other ways, presume to trample upon this sacred institution. And we further enjoin it upon the Presbyteries, annually to institute inquiries of the eldership, as to the manner in which this injunction has been attended to in their respective churches."

The Assembly proceeded to the election of the Committee on Church Erection. The Rev. Messrs. W. W. Atterbury and G. R. H. Shumway were appointed a Committee to collect and count the votes.

The Committee on Bills and Overtures made a report on the subjec of "*Sacred Music*," which was referred to the Committee appointed to report to the next Assembly on the subject of "*Forms of Worship*."

Adjourned until to-morrow at 9 o'clock A. M.

The Rev. A. D. Eddy, D.D., and the Elders, John M. Bradford and Hon. William Strong, were appointed a Committee to report on the Legal Powers, Claims, and Liabilities of the General Assembly; and also on the subject of the Funds of the Assembly generally; with discretionary powers to take such action in relation thereto as may be deemed advisable; and that they report to the next General Assembly.

The Rev. William Homes, in behalf of himself and forty-three other Commissioners, in accordance with notice given yesterday, submitted the following dissent from the action of the Assembly on the report of the Committee on the Records of the Synod of New-York and New-Jersey:

"The undersigned, acting in the fear of God, and unfeignedly regardful of the interests of the Presbyterian Church and the just rights of its individual members, in the full belief that the action of the Assembly, in excepting to the Records of the Synod of New-York and New-Jersey, was erroneous in judgment, and may prove the sanction of future action mischievous to the honor of the Church of Christ, involving principles injurious to the interests of religion, and subversive of the constitutional rights of the members of the Presbyterian Church, ask leave respectfully to dissent from the action above-mentioned for the following reasons:—

"1. It concedes to the judicatories of the Church the right to inflict a judicial sentence upon members of churches, without a trial, contrary to the Form of Government, in which there is no authority whatever for sentence of any kind against such, without a fair and impartial trial—a citation and a hearing.

"2. It violates the constitutional rights of individuals, not less sacred in the Church than out of it, to such trial for any alleged offense before sentence of condemnation can be pronounced upon them; reversing also the principle of common law, that innocence is to be presumed of every individual, till proved guilty by due process of trial, he having fair opportunity to explain or defend.

"3. It is mischievous to the interests of justice, and the credit of religion, in that it establishes the principle, that, not only in the offense in question, but in any and every alleged offense, a judicatory may sit in judgment upon members of churches, and, without legitimate trial, record sentence of suspension or excommunication.

"4. Affording license as it does for such indiscriminate and unlimited illegal action, even if the course of the lower judicatory should be defined and limited to cases where Sessions could know, that members had unworthily separated themselves from church association, yet sentence of suspension is utterly unwarranted in such cases, without a citation and a hearing; and, moreover, the difficulty in ascertaining the real facts, and the possibility of committing a mistake, are so manifest, that such a proceeding is to be discountenanced in all cases.

"5. By assuming that members of churches have absented themselves without good and sufficient reasons, when, in many cases, it is impossible that the judicatory should know any thing about it, it allows that a stigma may be inflicted upon members of the Church, worthy, and in other places fulfilling conspicuously their obligations as true and honorable members of Christ's Church universal, and upon others who are kings and priests unto God, in the New Jerusalem.

"6. Even if it be affirmed that such sentence of suspension, as is sanctioned by the action from which we regret to be compelled to dissent, entails no obloquy; yet the Form of Government knows nothing of a sentence of suspension from the honorable and precious privileges of church membership that does not imply guilt and reproach, and furnishes no authority for a sentence of condemnation without dishonor.

"For these reasons, which seem to us to take deep hold of the foundations of justice and true religion in the Presbyterian Church, and believing that the offense for which it is implied that sentence of suspension may be pronounced without a trial, however, as we freely allow, it is one requiring the notice of Church Sessions, is not one so offensive to the honor of Christ, or destructive of the purity and edification of the Church, as to justify the alarming proceeding of a departure from the express enactment of our Form of Government, and an ignoring of those rights guaranteed by civil and ecclesiastical law, we beg leave to dissent from the action of the General Assembly, and to have these reasons spread upon the minutes."

The Rev. Marcus Smith, Rev. E. J. Richards, Rev. J. C. Smith, and Hon. William Strong, were appointed a Committee to answer the foregoing dissent, who subsequently presented a report, which was adopted, and is as follows:—

"It is fully conceded and firmly maintained by the General Assembly, that in all cases where an offender can be reached by citation and brought to trial, it is the duty of the judicatory to which he is directly amenable to proceed against him according to the process prescribed by the Book of Discipline.

"But the action complained of by the dissentients relates to a very different class of cases. The individuals in question have absented themselves from the church with which they are connected, and after diligent inquiry cannot be found. They are, therefore, beyond the reach of citation. They cannot possibly be brought to trial. Shall the church, in such cases, be responsible for them? As they have placed themselves

beyond the oversight of the church, it is but reasonable that the church should be permitted to secure itself against any reproach which might come upon it from the conduct of such absentees.

"In accordance with these principles, the Constitution of our Church makes provision (Book of Discipline, Chapter XI.) for the case of absent church members. It relieves the church from the responsibility of sustaining a certificate of good standing when it has run on for more than one year. It implies that a church member may not absent himself a longer time from the ordinances, without a forfeiture of his good standing. In those cases, therefore, where individuals have absented themselves for years together, and after the most diligent inquiry cannot be found, it is but right that the Session of the church to which they are amenable should make entry of the fact on their records, and declare such persons to have forfeited their good standing, until they return and account for their absence. Such was the judgment of the Assembly of 1825, with which this Assembly perfectly accords."

The Rev. S. Holmes moved a reconsideration of the action of the Assembly in reference to the Records of the Synod of New-York and New-Jersey.

The motion was lost.

The Assembly proceeded to the order of the day, viz., the consideration of the Report on SLAVERY.

Before the question was taken, the Assembly adjourned until 2½ o'clock P.M.

Concluded with prayer.

MONDAY, May 30th, 9 o'clock A.M.

The Assembly met, and was opened with prayer.

The usual time was occupied with devotional exercises.

The minutes of the preceding session were read and approved.

The Rev. Mr. Pinney, Secretary of the New-York State Colonization Society, was permitted to address the Assembly in behalf of that institution.

The Rev. M. L. R. P. Thompson, D.D., Rev. J. Monteith, and Elder

W. S. Griffith, were appointed a Committee to express the views of the Assembly in reference to that Society.

At a subsequent period the following resolutions were presented, and unanimously adopted:

"The Committee appointed to draft a minute and resolutions relative to Colonization, and the desirableness of a recognition of the republic of Liberia by the Government of the United States, report as follows:

"The enterprise of Colonization has been before the American people about forty years, and has been thoroughly discussed. Whatever diversity of views may prevail as to its capacity or incapacity, its effect or lack of effect upon the subject of a final abolition of slavery, your Committee believe that very little diversity exists as to the fact, that a great practical blessing to Africa, and a real social and civil benefit to the emigrant colonists, have resulted from the establishment of the republic of Liberia. By it, the colored man, removed from those impediments which in this land hindered the full and immediate development of his capabilities for self-government, has been enabled at once, on a theatre to which the eyes of the civilized world are turned, to demonstrate them beyond the power of disputation, and thus to exert a mighty moral influence for the benefit and elevation of his race. By it, schools, churches, the Christian Sabbath, regulated government, freedom, have been set up upon the shores of a barbarous, despotic, superstitious continent, and are sending abroad their benign influences from year to year, in an ever-increasing measure.

"Thirty years after the organization of the first Colonization Society, the colony of Liberia, yet feeble, was compelled to set forth its Declaration of Rights, and to assume the constitutional organization of an independent republic. This event, which marks an era in the history of Africa and her children, occurred in 1846; since which period, with a rapidity which has exceeded the anticipations of the most sanguine minds, this new nation has been steadily acquiring strength and respectability.

"The nations of Europe answered the appeal of this rising State, and cordially encouraged it by liberal treaties and an open recognition. We regret to say, that our own government has not hitherto afforded to it the same moral support. A strange anomaly is seen in the fact, that the great republic of the North, looked to for sympathy and support by all people struggling for liberty, fails to afford sympathy or acknowledgment to a sister republic, whose origin, whose similarity of form, and whose successful attempt at self-government, it should seem, would make the claim almost imperative.

"In view of such facts and considerations, the Committee recommend the following resolutions to be adopted as the sense of this Assembly:

"1. That the original project of Colonization, so far as it proposed to introduce civilization, free government, and Christianity among the people of Africa, merits, as it has already received, the cordial approbation and friendly sympathy of the Presbyterian Church.

"2. That, as Christians and Americans, we look with delight upon the success already achieved, in the rescue of more than five hundred miles of sea-coast from the manifold crimes and miseries which the slave-trade inflicted upon it, and in the successful organization and administration of

republican government by the emigrants to Liberia, thus triumphantly vindicating their capacity for the highest duties of society.

"3. That, in view of the origin of the people of Liberia, of the entire correspondence of their laws and Constitution with our own, and of their rapidly-growing commerce and greatness, their republic has peculiar claims, both of justice and policy, for an open recognition by the American Government; and that we sincerely regret that the empires of France and Brazil, and the monarchies of England and Russia and Belgium, have been permitted to anticipate the action of our country.

"4. That whenever colored emigrants, already free, or offered liberty by their masters at the South, on the condition of their emigrating, solicit aid to reach Liberia, we cordially recommend them to the sympathies and assistance of the churches under our care."

Resolved, That at least seventeen hundred copies of the Minutes of the Assembly, with the Appendix, be published under the direction of the Stated Clerk, and that a copy be sent to each of the Stated Clerks of the Presbyteries and Synods; also that they be furnished to applicants at the rate of thirty cents a copy.

The Committee, to whom was referred the report of the Standing Committee for the preparation and publication of DOCTRINAL TRACTS, reported the following resolutions, which were adopted:

"1. That the Rev. Thomas Brainerd, D.D., Rev. Albert Barnes, and Mr. Samuel T. Bodine, whose term of service on the Committee has expired, be reëlected.

"2. That the Rev. George Chandler and Samuel H. Perkins, Esq., of Philadelphia, be added to the Committee.

"3. That the rule requiring the unanimous consent of the Committee for the publication of any book or tract, be so modified, that a majority of three fourths only shall be required."

"4. That the Committee be authorized to take such measures as they may deem advisable, to secure the necessary funds for the erection of a house of publication.

"5. That it be earnestly recommended to all our churches to take up collections, annually or otherwise, in aid of the publishing fund under the control of this Committee.

"6. That we suggest to the Publication Committee the desirableness of issuing, as soon as practicable, a few tracts which shall clearly and distinctly exhibit our peculiar views of doctrine, government and missionary policy, with a view to answer the calumnies against us, and show our true position in the Church and in the world.'

The Committee, to whom was referred the subject of the erection of a new Synod, to be called THE SYNOD OF SUSQUEHANNA, made a report, which was adopted, and is as follows:

"1. The Presbyteries requesting the action of the Assembly occupy a large and important territory, sufficiently large and important for a separate Synod.

"2. There is a sufficient number of ministers and churches connected with those Presbyteries, to warrant the formation of the proposed Synod; and,

"3. The geographical position of the members of those Presbyteries is

such as to render it almost impossible for them to attend the meetings of their respective Synods.

"The Committee would further report, that two of the three Synods more particularly interested on this subject, viz., the Synods of Geneva and Albany, make no objections to the erection of the proposed Synod and the objection made by the Synod of Utica is, *mainly*, that it will reduce their number.

"While the Committee think that the Presbyteries of Otsego and Delaware should have consulted their respective Synods in reference to the matter, yet, in view of the importance of the proposed change, they would recommend the adoption of the following resolution:

"*Resolved*, That the Presbyteries of Otsego, Chenango, and Delaware, belonging respectively to the Synods of Utica, Geneva, and Albany, be, and they hereby are, constituted into a new Synod, to be called "THE SYNOD OF SUSQUEHANNA;" to hold their first meeting at Franklin, Delaware Co., N. Y., on the third Thursday of October next, at 2 o'clock P.M.; opening with a sermon from the oldest minister present, who shall preside until a Moderator shall be elected."

The Committee on Leave of Absence reported, that leave had been given to the following members of the Assembly, viz.: Messrs. R. A. Avery, M. Thacher, F. S. Gaylord, D. Murdock, D.D., E. T. Ball, S. Fleming, E. Bushnell, J. C. Beach, W. W. Whipple, J. C. Smith, E. J. Newlin, G. W. Nichols, D. D. Warner, W. R. Shepherd, M. Sawyer, Wm. Strong, J. Clouds, J. M. Paul, M. D., Wm. Hubbard, J. Kennan, J. Rice, J. McClure, J. V. Moore, J. D. Armstrong, F. W. Andrews.

The unfinished business of Friday, viz., the consideration of the Report on the subject of SLAVERY, was resumed.

The Committee, to whom that subject had been referred, asked leave to withdraw the former report, and present another in a modified shape. Leave was granted. The former report was withdrawn, and a new one presented.

A motion was made that it be adopted, which was under consideration until 12 1-2 o'clock, when the Assembly adjourned until 3 o'clock P.M.

Concluded with prayer.

MONDAY, May 30th, 3 o'clock P.M.

The Assembly met, and was opened with prayer. The minutes of the morning session were read and approved.

The Committee on Church Extension made a report in relation to the correspondence with the A. H. M. Society, which was put upon the docket.

They reported, also, an additional paper, on the subject of *Church Extension*, which was adopted, and is as follows:

"The papers which have been placed in our hands contain abundant evidence, that most of the Presbyteries and individual churches in our connection have welcomed, with joy, the efforts commenced within the past few years to develop and call forth the slumbering energies of our branch of the Church, in doing more effectually her part in the work of making this great land a fair and glorious province in Jehovah's empire. We would recommend, therefore, the adoption of the following resolutions:

"1. That each church and pastor in our connection be earnestly requested to give renewed attention to the work of church extension—searching out pious young men of promising talents, and encouraging them to seek the gospel ministry; exploring vacant fields, and aiding in the organization of new churches; and, in every department of Christian beneficence, striving to do, to the utmost of their ability, whatever may enlarge the kingdom of Christ, and bring new subjects under his sway.

"2. That the Assembly regard, with lively interest, the efforts which are now being made to plant religious institutions on our Pacific coast; and, that it may be furnished with definite information on this subject, the Presbytery of San Francisco be, and it is hereby, requested, if not greatly inconvenient, to send a Commissioner to the next General Assembly: or, if this be not practicable, then that the said Presbytery be requested to forward to the Stated Clerk of the Assembly a full statement of the religious condition and prospects of California, and, as far as they may be able, of Oregon also;—the number and condition of our churches on that coast, and what, in their judgment, may best be done to increase their number and efficiency; and further, that the Stated Clerk of the Assembly be requested to forward a notice of this action to the Presbytery."

The unfinished business of the morning, viz., the subject of SLAVERY, was resumed; the motion being to adopt the Report.

Rev. A. D. Eddy, D.D., moved the postponement of the Report, to take up a substitute which he presented.

The discussion was continued until 6 o'clock P.M., when the Assembly adjourned until a quarter before 8 o'clock P.M.

Concluded with prayer.

MONDAY, May 30th, 7¾ o'clock P.M.

The Assembly met, and was opened with prayer. The minutes of the preceding session were read and approved.

The unfinished business was resumed, viz.: the discussion on the subject of Slavery: the question being on the postponement of the Report, to take up a substitute.

The motion to postpone was lost.

Rev. H. A. Rowland moved to postpone with a view to introduce another substitute. After discussion, this motion also was lost.

NON LIQUET: S. Holmes.—1.

So the Report of the Committee was adopted, and is as follows:

"The Committee, to whom was referred the subject of Slavery, respectfully report, that twelve memorials touching this grave matter, from various Synods and Presbyteries, have been put into their hands. Of these, eleven are from the *North*, praying the Assembly for farther action, and asking for precise information in regard to the extent of the practice of slaveholding in our body, and in regard also to certain alleged aggravations of it, in the unchristian and cruel treatment of slaves. One is from the *South*, complaining of unkindness and injustice on the part of many Northern brethren, in charging upon the memorialists practices of which they are not guilty, and in attributing to them motives which they utterly disclaim and abominate; protesting also against the continued agitation of this subject, as tending more to rivet than to loose the chains of the slave, and seriously to embarrass them in their gospel work.

"Your Committee, after much serious and prayerful consideration of this whole subject in all its complicated and perplexing relations, and with a solemn sense of responsibility to God and to his Church, are of one mind in recommending to the Assembly the following action:

"1. That this body reäffirm the doctrine of the 2d resolution adopted by the Assembly in its action at Detroit in 1850.

"2. That we do earnestly exhort and beseech all those who are happily free from any personal connection with the institution of Slavery, to exercise patience and forbearance towards their brethren less favored in this respect than themselves, remembering the embarrassments of their position; and to cherish for them that fraternal confidence and love which they the more need in consequence of the peculiar trials by which they are surrounded.

"3. To correct misapprehensions which may exist in many Northern minds, and allay causeless irritation, by having the real facts in relation to this subject spread before the whole Church, it is recommended earnestly to request the Presbyteries in each of the slaveholding States, to take such measures as may seem to them most expedient and proper, for laying before the next Assembly, in its sessions at Philadelphia, distinct and full statements touching the following points:

"(1.) The number of slaveholders in connection with the churches under their jurisdiction, and the number of slaves held by them.

"(2.) The extent to which slaves are held by an unavoidable necessity 'imposed by the laws of the States, the obligations of guardianship, and the demands of humanity.'

"(3.) Whether a practical regard, such as the word of God requires, is evinced by the Southern churches for the sacredness of the conjugal and parental relations as they exist among slaves; whether baptism is duly administered to the children of slaves professing Christianity;

whether slaves are admitted to equal privileges and powers in the Church courts: and, in general, to what extent and in what manner provision is made for the religious well-being of the enslaved."

The Rev. F. A. Ross, D. D., gave notice of a protest against the foregoing decision.

Leave was given to absentees to record their names, if they please, to-morrow morning.

Adjourned until to-morrow at 8½ o'clock A. M.

Concluded with prayer.

TUESDAY, May 31st, 8½ o'clock A. M.

The Assembly met, and was opened with prayer.

Devotional exercises occupied the usual time. After which the minutes of the last evening session were read and approved.

The Report of the Committee on Bills and Overtures, relative to the Plan of Union, was taken up for consideration, and indefinitely postponed.

Rev. H. A. Rowland presented the following PROTEST, for himself and others, against the decision of the Assembly on the subject of Slavery:

"We, the undersigned, protest against the action of the General Assembly on the subject of Slavery, because we deem the measures proposed to be in conflict with the principles of our Constitution, which secure to every man that he should be treated as innocent of crime, until proved guilty; and we believe that the General Assembly has no constitutional power to commence process in the case, or to take steps which have that aspect and tendency; and, where there is no constitutional power, there ought not to be a disposition to vex and annoy.

"We therefore believe that the brethren in our Southern Synods, Presbyteries and churches, ought not to treat with any respect inquiries proposed without authority, for the purpose of eliciting facts in view of which process in future might be commenced, should such facts be ascertained, and happen to conflict with the unscriptural and unconstitutional views of those who voted in the affirmative of this question.

"If it should be disavowed that there is any design to elicit facts for the purpose of commencing process in future, then we protest against this action as calculated to annoy our Southern brethern, and restrict the Christian usefulness of those who are laboring as the ministers of Christ in our Southern churches.

"We furthermore protest against the action of this Assembly because it does not give the true sense of the Delegates from the Presbyteries who have composed this Assembly. On Friday last the whole subject was indefinitely postponed by a large majority, while the house was yet full. After this, many of the Commissioners left, and the vote for the action against which we protest was carried by the votes of 84 members only, who are a minority of the whole number of members who have been in attendance on these sessions."

Rev. S. H. Cox, D. D., also presented the following Protest against the same act:—

"Against the whole of the above measure, the undersigned claim their constitutional right to record their Protest, 'bearing their testimony against what they deem a mischievous and an erroneous judgment' in the matter of Slavery, as implicating some twenty or more of the Presbyteries of our connection, and the churches and people under their care; nay, as implicating fifteen sovereign States of our national Union: and for the reasons in general that to them the action seems unconstitutional, innovating, useless, of irritating tendency, and adapted properly to answer no salutary end, but to do evil only; establishing a precedent of multifarious mischief and abuse in practice.

"1. It is unconstitutional.

"As a whole, we view the document as a virtual process commenced against the parties on the ground of *common fame;* and not less such a process because of its soft words of request and courtesy, instead of a formal mandamus, or a search-warrant, or other inquisitorial methods of accusation or impeachment. Its relations and consequences are much the same, looking like a lamb, and taking special care, it would seem, not to speak as a dragon.

"If such a measure is authorized at all by the Book, it must be, as avowedly it is, under the head of General Review and Control, subsection six; since, in all other cases, *common fame* refers alone to individuals and their offenses, as related to specific charges; while here it relates alone to judicatories and their records under review, as defective or complete, as praiseworthy or censurable; and since the measure above pursued is palpably far enough removed, in form, in nature and in object, from what is there prescribed as 'the first step to be taken,' with the next step, and the last step, of the entire prescription. The diversity is singular, if not astonishing.

"2. It is innovation—a novelty in our ecclesiastical history, and equally unknown to the style and the method of all our precedents; and so commencing a series of uncertain and portentous novelties.

"3. Its proper use is very questionable; and is not approved by the protesters as a product of that 'wisdom which is profitable to direct.' Indeed—

"4. We view it as adapted to irritate, rather than reform, in every aspect and promise of it. Is it probable that it will do any good to our Southern brethren? Can they execute its provisions? Will they honor its propriety, or respond with reverence to its scope and aim? Will they feel its power, or see its rectitude, or admit its basis, or sanction its precedent, or favor its mission? The catechumens probably know their own rights and their own duties, without all auxiliary influence of the sort we disapprove.

"5. It seems more than to imply that the law-relation of Slavery sustained is criminal *per se*, and therefore authorizing judicial inquest in the matter; which the undersigned know to be both false and absurd; and also as implying that Slavery is so the sin of sins in our age and country, as comparatively to eclipse or surpass all others. Whereas,

"6. A *fama clamosa*, more specific and credible, accuses men, and

members of our churches, at the North, of crimes that are crimes, of many and various crimes; virtually breaking the fourth and the tenth commandment together, through the spirit of cupidity in railroad stock, for example; to speak of no others. Yet this crusade against the South seems to us, if not perhaps a monomania, yet a monopoly, partial, vexatious, adapted to exasperate them, worse in its associations and its multiform relations than it is in itself, and substantially declared to be only the harbinger, in the way of determinate progress, of other measures, ulterior and still progressive, as adapted, we solemnly believe, to rive both the Church and the nation, in their proper consequences.

"7. Believing the word of God to be the Constitution of our Church, the grand original basis of every other basis that is just and true, and that every member of the Assembly is in a paramount sense solemnly sworn to it; the undersigned, believing also that the word of God speaks fully and expressly on this identical topic, believe as well that this whole system of ecclesiastical agitation and action violates that word, acts in the face and eyes of its supreme legislation, and is justly obnoxious to its stern and terrible rebukes, especially 1 Tim. vi. 1–6, peculiarly verses 4–6. They believe also that the word of God gives our judicatories no jurisdiction over the Constitutions of the State; proposing to supersede war, slavery, heresy, and every other evil, less by direct and belligerent attack and fight with them, than by the indirect but certain influence of religion, propagated and ascendent in the world. They believe that there is a grand and a normal difference in nature between anti-ism and pro-ism; that the gospel is less ANTI-error than PRO-truth; that the way to get darkness out, is to put light in—and not to waste the strength of the Church in a vain war on darkness; while the example of the Son of God, and his holy apostles in their evangelization, and his primitive Church in all her practic influence, sustain our positions, never attacking slavery in this way at all; recognizing slaves and slaveholders as in good standing, members together of the Church, 'faithful and beloved;' and so prescribing their mutual duties, see Eph. vi. 5–8, and 1 Pet. ii. 18–20, without the least particle of war on Cæsar's government, or anti-slavery agitation, either exemplified or allowed there.

"8. We consider this whole action as not only a usurpation of jurisdiction, but as very liable to be misunderstood both by the Church and the country; as seemingly partial and pragmatical, and so injurious to our brethren on whom it so heavily bears, with whom it is so impracticable, and who have so justly complained of it, as well as patiently borne it, through a series of years, still attached, and grieved, and adhering.

"9. We judge the Presbyterian Church in this country to be, and by necessity of its nature ever to have been, in favor of universal liberty; yet less an anti-slavery than a pro-freedom Church; and that the Bible properly sanctions not Slavery, nor patronizes oppression in any one of its million forms ever extant on earth in its wickedness,—our Protest having for its scope and object this general method and system of ecclesiastical action, which we cannot approve as wise or right, or apostolical and scriptural in its character; even while, in the present instance, we might, in other relations, approve of many of its sentiments and parts, and would wish to do all justice to the motives of our brethren who

enacted it, and who, no doubt, verily think they do God service in the measure.

"10. In all this we act identically on the principles which distinguished our Presbyterian fathers in the Church, touching this matter; and though we do it not *because* they did it, yet it is not to be a cheap memory with us that such illustrious dead, who were so lately the living, as Richards, Alexander, Miller, Blackburn, Rice, Professor Stuart, and in Europe Welsh, Chalmers, and a host of others, stars of the first magnitude in the firmament of the Church, and whose fame is now finished and sacred as well as pure, thought with us, held with us, and acted with us, in these very relations. Regretting the length of this paper, we end it, however, with a few quotations from Chalmers, which, we think, are words of Christian wisdom, whatever in the contrast may be the seeming or the assumption of others: 'Neither war nor slavery is incompatible with the personal Christianity of those who have personally and actually to do with them. Distinction ought to be made between the character of a system and the character of the persons whom circumstances have implicated with it. We hope that our Church will never deviate to the right or the left of undoubted principles. But we hope, on the other hand, that she will not be frightened from her propriety, or forced by clamor of any sort to outrun her own conviction, so as to adopt, at the bidding of other parties, a new and factitious principle of administration, for which she can see no authority in Scripture, and of which she can gather no trace in the history or the practice of the churches in apostolic times. But I must repeat my conviction that slavery will not be at all shaken — it will be strengthened and stand its ground — if assailed through the medium of that most questionable and ambiguous principle which the abolitionists are now laboring to force upon our acceptance, even that the slaveholding is in itself a ground of exclusion from the Christian sacraments. * * * * * * Not only is there a wrong principle involved in the demands which these abolitionists now make on the Church, it is hurtful in effect. Should we concede to their demands, then, speaking in the terms of our opinion, we incur the discredit, and in proportion to that discredit we damage our usefulness as a Church, of having given in — and at the bidding of another party — to a factitious and new principle, which not only wants, but which contravenes, the authority of Scripture and of apostolic example; and, indeed, has only been heard of in Christendom within these few years, as if gotten up for an occasion, instead of being drawn from the repositories of that truth which is immutable and eternal — even the principle that no slaveholder should be admitted to a participation in the Christian sacraments.'"

These Protests were referred to the Committee on Slavery, to bring in an answer; who subsequently presented a Report, which was adopted, and is as follows:

"The Committee, to whom was assigned the duty of replying to the Protests which have been offered against the action adopted by this body on the subject of Slavery, finding the chief positions of the protestants to be confined to two points, viz.: *its constitutionality* and *its tendency to excite agitation*, limit themselves to these in their replication.

"The Assembly, in the exercise of its declaratory power, in the action had at Detroit in 1850, discriminates between the system of Slavery as established by law, and the mere relation of master and slave itself. In reäffirming that action, the present Assembly express the views of by far the larger portion of our Church, and in no way conflicts with the sentiments of the Rev. Dr. Chalmers, as quoted in one of the protests: but does now maintain, and has in all time past maintained, the broad distinction between the iniquity of a system, and the character of individuals whose circumstances may have involved them therein. Such is the spirit of the further action now proposed; and it is expressly disavowed as the initiative of discipline, or intended to be used in future for that purpose. Any facts, elicited by the request made to the Presbyteries, are not to be taken as testimony in the case of actual process; and coming as they would from a party voluntarily, and for a specified purpose, reporting them, they could not be used, under the Constitution of the Church, or the laws of the country, as competent evidence. But it is competent at all times for this body, in the exercise of its powers of general review and control, without infringing the Constitution, to elicit information tending to promote the peace, purity, and unity of the Church. Without transcending its constitutional powers, it has made a simple request of the Presbyteries, leaving it to their option to refuse or comply.

"How the development of facts calculated to correct misapprehensions on the one hand, and allay agitation on the other, is unwise, the Committee frankly confess themselves unable to see. And, as the protestants have given us merely the assertion, without the reasons for this opinion, we deem it unnecessary to bestow upon it further notice. A Southern Presbytery complains of unjust statements and conduct on the part of certain Northern Presbyteries and Synods. In the spirit of fraternal confidence, we invite this Presbytery, and all others in like circumstances, to present the facts in the case. And, in doing this, the Assembly do but perform an act of justice alike to the South and the North; and in its action utterly disavows the assumption of guilt on the part of the slaveholding portions of the Church; and with this view declares the construction given to its action by the protestants to be erroneous and unfounded."

Rev. A. D. Eddy, D. D., moved the appointment of a Committee of

Conference with a view, if possible, to effect a compromise between those of different sentiments in reference to the action of the Assembly on Slavery.

After some discussion, the resolution was withdrawn.

The Committee on Leave of Absence reported that leave had been given to Messrs. M. Smith, N. M. Wells, A. T. Norton, L. R. Booth, T. M. Hopkins, T. Magruder, W. L. Tarbet, M. H. Dysart, J. F. Read, W. Burton, J. M. Reeder, S. Jefferson, W. M. Safford, G. W. Rhodes, E. McArthur, J. Clark, E. Wells, J. Fritts, and O. Magruder.

Rev. M. L. R. P. Thompson, D.D., moved the appointment of a Special Committee to express the common sentiment of this Body on the general subject of Slavery..

This also was withdrawn.

The Report of the Committee on Bills and Overtures in answer to the two questions, "*May a man, in accordance with the teachings of the Scriptures, marry a daughter of his own sister?*" and "*When members of the Church have contracted such a marriage, may they still retain their standing in the Church?*" was taken up for consideration.

A motion was made for indefinite postponement, which was lost.

The report of the Committee was postponed; and the following substitute, proposed by Rev. O. P. M. Hastings, was adopted:

"*Resolved*, 1. That the first question be answered in the *negative*, such marriages being evidently contrary to the teachings of the Scriptures, and incestuous. See Lev. xviii. 6, 12, 13.

"*Resolved*, 2. That the second question in the Overture be answered as follows, viz.: In the judgment of this Assembly, such a connection as is contemplated by the Overture demands the judicial action of the Church, and, if not repented of, should incur Church censure."

One hundred copies of a tract on the *Atonement* were received from the Secretary of the Publication Committee, and were distributed among the members of the Assembly.

The Committee on Bills and Overtures reported the following resolution on the subject of TEMPERANCE, which was adopted:

"The cause of Temperance, in our nation and in our age, the Assembly judges to be permanently worthy of the high estimation of all men, both as patriots and as Christians. To arrest the progress and supersede the ravages of drunkenness is still a great practical object, obligatory on the Church and the country; and is to be prosecuted steadily and on principle, with prayer and purpose. And the question of invoking the power of legislation in the cause, much after the example of the State of Maine, is becoming more the question of the age, and is considered worthy of the profound attention and ultimate favor of our statesmen and fellow-citizens in every part of the Union."

The same Committee reported an Overture on the subject of *Dancing*.

Pending the discussion on the adoption of this report, the Assembly adjourned until 2½ o'clock P. M.

Concluded with prayer.

TUESDAY, May 31st, 2½ o'clock P.M.

The Assembly met, and was opened with prayer.

The minutes of the preceding session were read and approved.

The Judicial Committee presented their report, congratulating the Assembly that not a single case of appeal or complaint had been brought to their notice, which was adopted.

Resolved, That the Publication Committee be requested to take measures for the multiplication of copies of the Confession of Faith; and also to publish an edition of the Form of Government in a separate volume.

The unfinished business, the report of the Committee of Bills and Overtures, on *Dancing*, was resumed.

The report of the Committee was postponed, and the Resolutions of the Assembly of 1843 were reäffirmed, as follows:

"*Resolved*, That the fashionable amusement of promiscuous dancing is so entirely unscriptural, and eminently and exclusively that of the 'world which lieth in wickedness,' and so wholly inconsistent with the spirit of Christ, and with that propriety of Christian deportment, and that purity of heart which his followers are bound to maintain, as to render it not only improper and injurious for professing Christians either to partake in it, or to qualify their children for it by teaching them the art; but also to call for the faithful and judicious exercise of discipline on the part of Church Sessions, when any of the members of their churches have been guilty."

The Assembly proceeded to consider the report on the *Correspondence with the American Home Missionary Society.*

The report of the Committee, after being amended, was adopted, and is as follows:

"The Committee of Conference with the American Home Missionary Society report as follows:

"That they have been much gratified in receiving the assurance, from this correspondence, and from personal conference with the Rev. D. B. Coe, one of the Secretaries of the American Home Missionary Society, that said Society has no disposition to interfere in any wise with the ecclesiastical functions of the Synods and Presbyteries; but rather, in just so far as it can, consistent with its organization and principles as a voluntary Association, to blend its agency with theirs in the promotion of the one great common object—the extension of the Redeemer's kingdom. The Missionary Committee of each Presbytery is recognized by the Society as the appropriate body to certify the wants of any particular church seeking aid, the standing of the minister and his prospects of usefulness, and to endorse and recommend the application.

"The Society utterly disclaims any purpose of permitting its agents to interfere with the ecclesiastical relations of the churches; or to overrule the recommendations of the Presbyterial Missionary Committees; or the intention to make any discrimination in the appropriations in favor of one denomination and against another.

"The long connection which has existed between our churches and the American Home Missionary Society, as the receiving and disbursing agent of the churches in carrying forward their domestic missionary

work; the efficiency with which the Society has performed its duties, and the general impartiality and fidelity with which it has discharged its important and sometimes difficult trust; force upon us the conviction that our Home Missionary work can be more successfully prosecuted, in existing circumstances, under our present arrangements, than by any new organization.

"At the same time, we are fully satisfied that the rules of the Society, well designed, and undoubtedly wise and beneficial in their general working, do, nevertheless, sometimes prevent the extension of the gospel under its auspices, in many of our new and rapidly-growing cities and towns of the West, in cases where the importance of the work, and the incalculable good which might result therefrom, demand some aid. We are aware, also, that the recent revival of denominational zeal, which has occurred, will render the continued coöperation of different sister denominations in the missionary work much more delicate and difficult than heretofore, and may occasion injustice to be done through subordinate agents, without intention to do so on the part of the Executive Committee of the Society. Mutual forbearance, however, and that charity which the apostle commends to his Corinthian brethren, and that fear of God which will lead one to suffer rather than inflict a wrong, may, we believe, enable the coöperating parties to continue thus their joint labors happily and successfully, cultivating also, thereby, the most difficult graces, by often exercising them.

"*Resolved*, That a Committee of Conference be raised to confer with the Executive Committees of the American Home Missionary Society, and of the Philadelphia Home Missionary Society, for the purpose of ascertaining what arrangements can be made for the relief of feeble churches at the West, and in other destitute places, which may not be provided for by any existing rules of the American Home Missionary Society."

The Committee of Conference are Rev. Messrs. A. D. Eddy, D.D., S. T. Spear, D.D., J. W. McLane, D.D., A. Barnes, T. Brainerd, D.D., and E. W. Gilbert, D.D.

The Rev. S. G. Spees, from the Committee on the NARRATIVE, presented their report, which was adopted, and ordered to be printed in the Appendix to the Minutes.

A communication from Rev. J. C. Paine, Delegate from the General Association of Massachusetts, to this Body, apologizing for his unavoidable absence, was received and read.

Also from Rev. R. A. Smith, Delegate to the General Association of New-Hampshire, making report of his attendance, which was ordered to be published in the Appendix.

Resolved, That it is inexpedient for the Assembly to proceed to the election of Trustees of the General Assembly and Directors of the Theological Seminaries, for the present year.

The traveling expenses of the Delegate to Vermont and of the Delegate to New-Hampshire, the Janitor's Bill, the Bill for Printing and Stationery, the Salary and Mileage of the Clerks, were allowed and ordered to be paid.

The Committee appointed by the last Assembly to report in reference

to the formation of Presbyteries in foreign lands, not being prepared to report, were continued, and directed to report to the next Assembly.

The Committee on the Polity of the Church reported an Overture from the 3d Presbytery of New-York, which is as follows: "*Is Baptism, as administered by the Roman Catholic Church, to be regarded as Christian Baptism?*" and recommended that this inquiry be referred to a Committee to consider the subject, and report an answer to the next General Assembly.

The report was adopted, and Rev. E. F. Hatfield, D.D., Rev. S. H. Cox, D.D., and Rev. H. B. Smith, D.D., were appointed the Committee.

The same Committee reported in reference to the plan of raising the *Commissioners' Fund* proposed by the last Assembly, recommending that no action be taken on the subject; but that the Presbyteries be careful to see that the churches make liberal annual contributions, both to the Commissioners' and Contingent Funds of the Assembly.

The report was adopted.

The same Committee reported on the propriety of memorializing the Government to protect the *Rights of Conscience* in foreign nations, recommending the appointment of a Committee to act on the subject in the intervals of the Assembly.

The Report was adopted, and Hon. Wm. Jessup, LL.D., Hon. Wm. Darling, and Hon. Daniel Haines, were appointed the Committee.

The Committee on *Religious Liberty* presented a Report, which was adopted, and is as follows:—

"The General Assembly of the Presbyterian Church in the United States of America most gratefully recognize the providence, that has given them an existence in a country distinguished, from its origin, for its love and defense of the principles of civil and religious liberty.

"With these principles, the genius, spirit, and aims of our ecclesiastical polity are consonant and coöperative; and for their preserving and extension we would ever pray and labor: that, while in their enjoyment ourselves, we may encourage their recognition, adoption, and meliorating tendencies every where.

"This General Assembly would recognize and avow the solemn obligations of all men to respect the private, social, religious, and civil rights of each other, in each and every relation in which man may be found.

"And they would declare their deep conviction that rulers and governments are bound by those imperative obligations imposed by the Creator of all, and originated by Infinite Rectitude, alike for the good of the whole, and the benefit of each individual.

"Among those rights which can never be forfeited nor prejudiced by any social or civil relations, this Assembly regard the right of every man to the free use of the word of God, and the privilege to worship him according to the dictates of his own conscience, where no violence is done to the express declarations of the sacred Scriptures; that no private, social, or civil rights should, or can be, forfeited or prejudiced by the free exercise of conscience in the use of the word of God, and the culture and enjoyment of his worship.

"This Assembly would solemnly declare their conviction, that no government can rightfully refuse to its subjects, and to all men within its

jurisdiction, these natural and inalienable privileges. And further, that it is the duty of every government to see its subjects, and all men within the limits of its jurisdiction, protected in the free use and enjoyment of these principles.

"This General Assembly would moreover express their deep regret that any portion of the civilized world, or that any government in this enlightened age of the world, should withhold from its subjects, or from any within its jurisdiction, the free exercise and enjoyment of the above-declared RIGHTS.

"While living under a government which secures equal personal, civil, and religious liberty to its own citizens, and all men from other lands and governments, who may be transiently or resident among us, of whatever religious faith, this Assembly is decided and firm in the conviction, that the Government of this country has a right to ask for the citizens and subjects of all other Governments, and especially and preëminently to demand for its own citizens, wherever resident or traveling abroad, the same religious privileges which it so invariably and universally extends to others; and that it may and should, and that this Assembly may and should, avow and represent the great principles of civil and religious liberty, on which our Church and our government are founded and conducted: and in doing this, they respectfully ask, yea, demand, that these principles shall be examined and respected, so far as the rights of conscience and free exercise of religion shall require.

"In behalf of religious freedom, and in the name of God, the Universal Ruler, this General Assembly would PROTEST against religious oppression every where, and against the persecution of men for the exercise of the rights of conscience, and the worship of the Almighty in any way the sacred Scriptures shall authorize.

"This General Assembly would proffer its 'intervention' for the improvement and advance of the public sentiment of the world, in favor of the rights, as resulting from the duties, of all mankind; as favoring the progress of universal freedom and order, and the just ascendancy of the glorious gospel of the blessed God among the nations, and for their blessedness every where, to the glory of God, our common Maker and final Judge."

The Committee on Bills and Overtures made the following Report on the subject of Education, which was adopted:

"In reference to the subject of Academic Education in the West, especially for the daughters of our Christian families, the Assembly feels that proper seminaries of learning, of a high and thorough character, and at the same time of sound religious influence, are to be sustained and fostered by the combined and social efforts of Christians, in all the suitable localities and districts of our country. The education of the sex, or the moral and intellectual elevation of woman, is the standard of the dignity of the species too, the hope of the country, and the glory of the world. May this continue to be increasingly the treasure and the safety of our own America! The Assembly only adds, in this relation, its solemn admonition and injunction, that education be thoroughly and guardedly Protestant, since the arts of those enemies of truth, and emissaries of Antichrist, the various agents of the Roman apostasy, in the forms of

nunneries and their schools, Jesuits and their wiles, are so insidious and so destructive as to claim the vigilance, to counteract and supersede them, of all who love the Church, the country, and the souls of men. And the Assembly only adds, that virtually the same commendation is given to the seminaries and grammar-schools of our country, for our sons, in their preparation, either for the loftier acquisitions of learning, or for collegiate studies, or for the pursuits of secular and professional life; desiring that the means of correct education may be every where multiplied, and rendered accessible to all classes of our countrymen and fellow-creatures in the United States."

Resolved, That the thanks of this Assembly be returned to the President, Directors, Superintendent, and Conductors of the Buffalo and New-York City Railroad Company, for their polite invitation to a gratuitous excursion to Portage on Saturday last, which was so generally accepted. The Assembly cannot forget the wild and magnificent scenery, and the majestic works of nature and art, which they were permitted to view: while the excellent accommodations made by this Company for the traveling public, and more especially for their safety, are deserving of all praise, and worthy the attention of other railroad companies in this country."

Resolved, That the thanks of this Assembly be tendered to the New-York and Erie, Buffalo and New-York City, Buffalo and Cleveland, Michigan Central, and Michigan Southern, Railroads, for a generous reduction of fare to the Commissioners attending its sessions.

Also, that the thanks of this Assembly be tendered to the citizens of Buffalo, and the families of different denominations, who have extended their kind and cordial hospitality to the Commissioners and others in attendance, and have contributed to make their stay in this city so peculiarly pleasant; with the assurance that it is our fervent prayer that the blessing of God, in connection with the meeting of this Assembly, may rest upon them.

Also, that the thanks of this Assembly be tendered to the Rev. A. T. Chester, D.D., and other members of the Committee of Arrangements, for their efforts to enable us to reach the city, and to return to our respective homes, comfortably and economically, and to minister to our comfort and pleasure while here.

Also, that the thanks of this Assembly be tendered to the Trustees of the North Presbyterian Church of this city, for the accommodations extended to the Assembly during their present sessions.

Thanks also were tendered to the Moderator, the Rev. D. H. Allen, D.D., for his dignified, kind, and impartial discharge of the duties of his office.

The roll was called, and it appeared that none had absented themselves without leave.

The business of the Assembly having been finished, and the vote having been taken for the dissolving of the Assembly, the Moderator, with prayer and the apostolic benediction, declared the Assembly dissolved; and required another General Assembly, chosen in the same manner, to meet in the First Presbyterian Church, in the city of Philadelphia, on the third Thursday of May, 1854, at 11 o'clock A. M.

APPENDIX.

I. Annual Narrative

OF THE

STATE OF RELIGION

WITHIN THE BOUNDS OF THE

PRESBYTERIAN CHURCH

IN THE

UNITED STATES OF AMERICA.

MAY, 1853.

SIXTY-AND-FIVE years have been numbered since the General Assembly of the Presbyterian Church in these United States sent forth to the world their first Annual Narrative of God's providential dealings with the congregations under their care. At that period, when the Congress of the Nation and the Congress of the Church, founded on the same great principles of a representative democracy, set out upon their simultaneous career of prosperity and of peace, the most of that vast territory from which our Commissioners have now assembled was an unknown and a paganistic land. Wonderful indeed are the ways and faithful the promises of Him who hath said, "I will be exalted among the heathen, I will be exalted in the earth."

PRESBYTERIAL NARRATIVES.

Your Committee take pleasure in reporting that, of the one hundred and eight Presbyteries whose Commissioners are, or should be, on the floor of the Assembly, between eighty and ninety have sent up their Narratives of the state of religion within their bounds, some of which are drawn up with great care and signal ability. One of these, from one of our Southern Presbyteries, (Hanover,) we would signalize as a model worthy to provoke the emulation of other and more negligent Presbyte-

ries. If, therefore, we can blend these numerous statements into one consistent whole, we shall have before us a picture, all but complete, of the state of religion within our bounds. It will, however, be a picture like that painted by nature on the canvas of the sky, of sunshine and of clouds; our great comfort being this, that behind both alike are the stars of promise and the throne of God.

But the sunshine prevails. It is most gratifying to be able to state, that by far the larger part of the Narratives open with happy gratulations and devout thanksgivings. They tell us of peace within their walls, of prosperity within their palaces, of stability in doctrine, of walking in the unity and comfort of the Spirit, of brotherly love abounding, of an auspicious present, and of a hopeful future.

And while, on the one hand, there is complaint, to some extent, of a languid and all but lifeless piety, overborne by worldliness of spirit, there is, on the other hand, the intimation of a desire and an effort after a closer walk with God, and more intimate and evident communion with him.

REVIVALS OF RELIGION.

In this connection we would state, that one of our great characteristics as a branch of the Church visible has, no less really, though perhaps less powerfully, distinguished our past twelve months' history. Revivals of religion have blessed and strengthened more than one half of the Presbyteries here represented. In some of these instances, the influences of the Spirit have fallen like the gentle and noiseless dew; in some others like the April shower; and in others still, like the mighty rain on the parched and blasted soil, investing it with beauty and fertility. Just the number of hopeful conversions we cannot tell; but hundreds are now walking in the meekness of the gospel, who at the meeting of the last General Assembly were persistent in the pride and obduracy of a selfish unregeneracy.

But, interspersed with these fields which the Lord hath blessed, are those upon which neither rain, nor shower, nor dew hath descended, whose verdure and fruitfulness have been changed into arid waste and desolate barrenness. These, however, we are glad to say, are the exceptions. On the whole, we have been neither stationary nor retrogressive; but, in sympathy with every thing about us, progressive, and even rapidly progressive. We have gone from strength to strength; and, as the greatness of this venerable body proclaims, never have we been clothed before with the might or the majesty of the present day.

PECULIAR TRIALS.

It is a painful duty which your Committee feel to be incumbent upon them, kindly and affectionately to advert to one or two of the more immediate occasions of that burden of *lamentation*, which characterizes a very few of the Presbyterial reports which have been put into their hands. Certain of the lower judicatories which are represented in this Assembly, and those of them that remain with us, professing an unwavering attachment to us, complain that they have been well-nigh dismembered, and are likely to be almost wholly so, by the operation of two hostile elements among

them: First, by what they denominate a species of sectarianism, which, disguised in the heraldry and bearing the name of what we all love and venerate—New-England Congregationalism, is destroying the harmony and breaking up the relations of churches, whose peace and unity they have solemnly covenanted to study, and with which they became united on a basis of union that has hitherto, by us, been preserved inviolate, and from which if they would secede for their own advantage, they should not to our injury.

Another element of division and dismemberment reported by our brethren in the Narratives referred to, is found in that spirit which, in a Church whose General Assemblies have for scores of years been lifting up their steady and solemn protest against the enormous evil of slavery in our land; which has gone to the whole extent of its constitutional powers to purge the churches of this evil; whose pulpits, with most rare exceptions, have lifted up an unflinching and unfaltering testimony against it; whose people, as a body, have manifested any other than a spirit of sympathy with it, and which never, directly or by implication, has set the seal of its sanction upon it, can yet see in the General Assembly of that Church the patron and the guilty participant of the evil referred to. To the brethren who are suffering from this schismatical spirit, we would recommend the exercise of that charity which never faileth, of that patience which sits tranquil amid all the inconsistencies of unreasonable men, and to labor on, in the hope of that day when the chaos of contending elements shall wear the beauty of perennial truth, peace, and love.

CHURCH EXTENSION.

From the Narratives which have been put into our hands it seems evident that never, since the time of our first organization as an Assembly—which will soon be in the antiquity of our Church's history—has there been manifested a more decided, healthful, and promising spirit of Church Extension than during the ecclesiastical year which has just come to its close. From every quarter of our wide-spread land has the cry been sounded, that we go forward; not because we are a denomination, but because, as a denomination, we have an unfulfilled mission to perform—the spreading of the Christianity of the Bible in its purest form, and under its noblest polity. The age in which we live is one of intense activity. In this activity we are summoned to participate, not for the glory it will bring to us, but for the glory it will bring to God, in the salvation of men, and in sanctifying the future of our nation and of our race.

There is a two-fold development of Christianity: one that is laterally abroad; and another that is netherward, permeating the masses beneath the more intelligent classes of society. It is reported from our Presbyteries, that not only the former but the latter process of enlargement and evangelization is going on. Our untaught brethren and fellow-sufferers from foreign lands, whom we welcome to the freedom of our shores, are met by the Christian philanthropist with the Bible and the tract, and the volume of evangelical truth; and, so far as they can be reached, are taught the truth as it is in Jesus. And it affords us no ordinary pleasure

to chronicle the fact, that, in some parts at least of our Southern borders, a greatly increased attention has been given to the religious well-being of the African race; and, what is still more cheering, that instruction has been blessed to the salvation of large numbers of them. Indeed, it is stated, upon the authority of some of our Presbyteries, that, relatively, the number of those, who have been savingly benefited by the gospel within their bounds, is much larger among the colored population than among their more favored masters.

We regard it as one among the many cheering indications of our progress, that a goodly number of churches are reported to have advanced, during the year, from a state of missionary dependence to the self-sustaining standard; and are already beginning to repay into the treasury from which they have been so cheerfully supported, the gratuity without which they could not have had an existence. Nor is it a less auspicious sign of a growing attachment to the institutions of religion, and of increasing ability to sustain them, that a large number of the Presbyteries report the successful enterprise of throwing off the incumbrance of debt from the churches under their care. A still larger number report, as completed or begun, the enlargement and beautifying of their sanctuaries; while, in cases not a few, new and more spacious houses of worship are replacing the old, or rising upon foundations which have never before been laid, and in fields of usefulness which have never before been occupied. And, in this connection, it is pleasant to state, that in some cases the annual stipend of the pastors has been raised to the standard of a more generous support, while, at the same time, the manse has been provided for their permanent and gratuitous residence.

REFORMS.

The monster evil of our land, Intemperance, is still preying upon our population. But, with great uniformity, the Presbyteries report a growing sentiment in favor of prohibitory enactments by our State Legislatures, and an increasing resoluteness of purpose to secure such enactments. Indeed, judging from the Narratives before us, we cannot but believe that ere long many of our States will have followed the noble example of that one which has stood in the van of this great battle. Now with less earnestness, if with less hope, are our churches setting themselves against the enormous sin of Sabbath-desecration.

BENEVOLENCE.

In comparison with preceding years, the history of our last year's benevolence will not suffer. Our great standard charities have been fully sustained; while, as a whole, the Societies, through which they are applied to the world's evangelization, were never more firmly embraced in the affections of our churches than at the present time.

COMMON SCHOOLS.

From the testimony of the Presbyteries, it appears that, in various parts of our land, a simultaneous assault has been made upon the freedom, integrity and permanence of our common schools; that Romanism [illegible]

the various forms of infidelity are combining to banish from them the blessed word of God, and to scatter them into sectarian fragments. Against this unholy crusade, it is needless to say, our churches are lifting up their united testimony, and arraying their united strength.

EDUCATION FOR THE MINISTRY.

We have reserved to the last all reference to one topic on which a very large number of our Presbyteries, and especially in the great Western field, dwell with earnest and mournful emphasis. It is the destitution of ministers, the utter inadequacy of the laborers to the vast work that is to be done. Diffuse their labors as they may, they tell us of many churches, which have no one to break to them the bread of life; and of destitutions, to obtain a supply for which their utmost efforts are unavailing. The cry is sent up to us from every quarter of the land: "Come over and help us." And it is because that cry has been so long sounding in vain, that despondency and gloom overshadow many a field of promise, and oppress many a heart that responds to the sympathies of the gospel. To add to the oppressiveness of this despondency, the future seems darker and more forbidding than the present. The candidates for the ministry which our Presbyteries report are few in number. The broad and open avenues to wealth and the higher objects of ambition are crowded with eager competitors; and among them are not a few who have professedly consecrated their talents to the God of their salvation. The self-denying path to the ministry, leading, though it does, to riches which are imperishable, and to renown which no lapse of time can dim, has but here and there a youthful traveler. If there is any one feature of our present state that should humble us as an Assembly, and the churches under our care, before God, this is the one. Sleep over it we must not. We have, personally, a solemn duty to perform, and so have the beloved churches under our care; and when we go down to them, let us enter upon the discharge of it, while the facts to which we have adverted are fresh in our memories.

DECEASE OF MINISTERS.

In conclusion, we are reminded that, few as are the number who are pressing into the ranks of the ministry, those who have long borne the heat and burden of the day are sinking under the weight of their responsibilities, and finding that rest which remaineth for the people of God. During the past year, death has laid his hand on many of our brethren, and given them a release from toil and pain and sin. The following twenty-two ministers have, since the meeting of the last Assembly, departed this life, viz.:

Charles S. Adams,	of the Presbytery	of Onondaga.
Hiram S. Lawrence,	"	St. Lawrence.

II. Correspondence.

REPORTS OF DELEGATES.

I. To the General Association of Connecticut.

The undersigned respectfully reports to the General Assembly, that, in accordance with the appointment of the last Assembly, he attended the sessions of the General Association of Connecticut, at Danbury, on the 15th and 16th of June last.

It was the pleasure as well as the privilege of your delegate, to remind the respected brethren of that venerable Association, that the fraternal relations of the churches in our connection with those of "the Consociated Churches in Connecticut" had now subsisted for nearly a century. As far back as the year 1766, the Synod of New-York and Philadelphia extended an invitation to their brethren in Connecticut, to unite with them in the appointment annually of a joint commission, who should take measures to preserve their common heritage from the usurpations of a lordly hierarchy. The amicable correspondence thus initiated was continued, with great advantage to their respective churches, until the war of the Revolution, in 1776. The desire of our fathers for the interchange of kind offices with the General Association of Connecticut was further exhibited in the second of our General Assemblies, 1790, by the passage of a resolution proposed by the Rev. Ashbel Green, for the renewal of the pleasant intercourse of former years. The proposition was favored with a cordial response; and such men as the Rev. Drs. Jonathan Edwards and Timothy Dwight were appointed the first Delegates to our Assembly. The arrangements then made have continued, with some slight modifications, from 1793 to the present time, to our mutual edification.

Your delegate had the honor to assure the General Association that the same fraternal feelings which led our fathers to enter upon this correspondence were still cherished by our ministers and churches, and that with none of the General Associations of New-England were our relations more pleasant and intimate than with themselves. The opportunity was embraced, also, to explain to them the denominational action of the last Assembly, and to place in its true aspect the *esprit du corps* so happily pervading our churches at the present time; that it was not, as by some represented, a spirit of opposition to other branches of the

urch of Christ, but of faithfulness to the immense trust devolved upon
by the Great Head of the Church; that, while we deemed it to be
ur duty to cultivate to the fullest extent the field committed to us, and
o make aggressions upon the territories of our common enemy, it was
not out of a desire to interfere with our brethren, in their work, or to
draw away their churches and ministers.

The occasion was taken, too, to assure our brethren, that if they had
seen it reported, that the last Assembly, in their discussions, had said
what seemed to be hard things against some portions of the Congrega-
tional family, it was not in reference to such churches as theirs; but
that what was said related to a class of churches in the West and North-
west, with which they would sympathize as little as ourselves; churches
of a faith and order very different from those which we and our fathers
had rejoiced to honor.

It devolved upon your delegate, also, to inform the General Association
of the desire expressed by the last Assembly for the continuance of the
"Regulations adopted by the General Assembly of the Presbyterian
Church in America, and by the General Association of the State of
Connecticut, with a view to prevent alienation, and to promote union and
harmony in those new settlements which are composed of inhabitants from
these bodies;" to inform them, also, of the occasion for this expression;
that, as this Plan of Union had been virtually set aside by the Exscinding
Party in the General Assembly of 1837, and had not been formally
revived by any subsequent Assembly, it was thought best by the Assem-
bly, lest any should suppose that they were faithless to the contract, to
give, as they did, a solemn and hearty expression of their adherence to
the mutual pledges and provisions of the "Plan of Union."

From the respected members of the Association, and its correspondents
generally, your delegate had the pleasure of receiving many pleasing
testimonies of their regard for our venerable Church, and assurances of
their desires for the continuance of this correspondence. To this general
declaration in respect to the extension of Christian courtesies, a single
exception should probably be made, and brought to the notice of the
Assembly. Your delegate could not but feel, that the course pursued by
the delegate from the General Association of New-York was highly dis-
courteous towards our Church. It certainly was not necessary on his part,
in extending the salutations of his brethren to the General Association
of Connecticut, to reflect with severity on a Church with which they both
are in correspondence. A carefully prepared document was presented by
him to the General Association of Connecticut, designed to show, to the
injury of our denomination, the operations of the Plan of Union of 1801.

Holding, as we do, to the grand principle of *non-intervention*, so ably
set forth of late by a noble foreigner, as applied to bodies political and
religious, and regarding every ecclesiastical body as entitled, competent o
not, to determine and prosecute its own internal arrangements and i
foreign correspondence, we cannot believe in the right or propriety
any interference from without to disturb those relations, so long as
laws of God and man are not violated or slighted. That the deleg
from a corresponding body should seek to interfere between us and
brethren in Connecticut, as to an arrangement into which we had m

ally entered more than fifty years since, and which we had no wish to disturb, was deemed by the delegate of the Assembly an exceedingly officious and unworthy procedure. It can be characterized as none other than an intensely sectarian act, designed to weaken a sister denomination, among whose many and flourishing churches they who were thus represented are scattered in their feebleness, and to draw off from their pleasant and happy relations to the Presbyterian Church, all those who have retained the Congregational name.

It is respectfully submitted that the Plan of Union was not entered into with the General Association of New-York; that it never had the least reference to them; that they have nothing at all to do with it; and have shown it by their refusing to come into the arrangement. If others choose to avail themselves of it, and neither the General Assembly nor the General Association of Connecticut see fit or feel disposed to put an end, by a mutual agreement, to the further continuance of "The Plan," it surely concerns not the General Association of New-York, nor any other Association or Convention, ecclesiastical or otherwise. The "Plan of Union" is now in full force, and so must remain until the two contracting parties dissolve it.

If this kind of intervention is persisted in; if the General Association of New-York continue thus from year to year to seek a disturbance of our amicable arrangements with another ecclesiastical body, and to draw away by their sectarian and divisive efforts a portion of our churches, as was represented to a former Assembly, (see Minutes of 1851, p. 38,) it may suggest an inquiry, as to the continuance of correspondence with a body, that manifests so little regard for the plainest dictates of denominational and Christian courtesy.

Your delegate takes pleasure in bearing witness to the fact that the General Association of Connecticut suffered the matter to pass in silence.

All which is respectfully submitted.

EDWIN F. HATFIELD.

New-York, May 13th, 1853.

II. To the General Association of New-Hampshire.

Permit me to report to the General Assembly that I discharged the duty assigned me by the last Assembly, as delegate to the General Association of New-Hampshire, at its annual meeting in Pittsfield, Aug. 22d, 1852. Your delegate was received with fraternal courtesy by that venerable body. The Moderator responded to the salutations of the occasion with expressions of cordial fellowship and Christian love. The meeting of the Association was large, and especially interesting and imposing. The business was transacted with marked dignity, promptness, and harmony. The devotional exercises were conducted with a peculiar unction and impressive pathos; and the reports and addresses, in behalf of various benevolent enterprises, exhibited a devoted activity for the advancement of the Redeemer's kingdom. With sentiments of sincere

interest in your prosperity, the Association return, to their brethren of the Presbyterian Church, the gospel benediction, "Grace, mercy, and peace through our Lord Jesus Christ."

Respectfully submitted.

RANDOLPH A. SMITH.

Norristown, Pa., May 21st, 1853.

III. To the General Convention of Vermont.

Agreeably to appointment by the General Assembly of 1852, I attended the sessions of the General Convention of Vermont, on the 15th, 16th, and 17th of June last.

I found, as I had anticipated, a band of faithful and devoted laborers in the cause of our common Lord, happy in their work, and happy to extend to the General Assembly, and to receive therefrom, the most cordial Christian salutations. Their services were all of a highly interesting character, consisting of reports on the state of religion from every part of the State, and from corresponding bodies; the anniversaries of their Domestic Missionary and other Benevolent Societies; preaching, and other religious exercises. While mingling with them in these services, I could not but feel that, in doctrine and spirit, both they and the body which I had the satisfaction to represent are one; that truly we have one Lord and one faith; that we are all baptized into the same spirit, the spirit of our Divine Master; and that the unessential difference that exists in our ecclesiastical organizations should never disturb the most entire harmony of feeling and of coöperation in all good works. And such, I believe, was the uniform feeling of those present.

The action of the last General Assembly, familiarly known as the Church Extension measures, or rather some of the remarks that were made on the floor of the Assembly in support of these measures, were regarded by many as not well adapted to foster that spirit of entire harmony between the two bodies which they wish ever to cultivate. And, in fulfilling the trust committed to me, I endeavored to remove any false impressions which might exist in regard to the real design of those measures, and to assure them that it was not our design to make war upon Congregationalism, or to prevent its spread by all legitimate means in any portion of our land; that, as there is abundance of room and of work for us all, our greatest desire is that the land may not remain unoccupied and the work not done.

On parting with the brethren, I received many expressions of kindness and of Christian feeling, such as I hope and trust will ever be reciprocated between the members of that body and of the General Assembly.

A delegate was appointed to represent the Convention in your sessions in Buffalo in May next.

All of which is respectfully submitted. MYRON TRACY.

Hudson, O., October 6th, 1853.

IV. To the General Evangelical Consociation of Rhode Island.

The undersigned, agreeably to his appointment, attended the sessions of the General Evangelical Consociation of Rhode Island, which met at Little Compton in June last. With the energy, zeal, and devotedness of that body to the common cause of our great Master, he was highly pleased. The fraternal and kind feelings which he extended to them in behalf of the General Assembly were duly reciprocated, and a wish was expressed that the correspondence hitherto so pleasantly existing might be still continued. A delegate from that body was appointed to represent them in our coming meeting at Buffalo, from whom, if he come, the Assembly may learn more particularly concerning their state and prospects than from the undersigned.

All which is respectfully submitted. HENRY CLARK.

Orient, L. I., May, 1853.

V. To the Presbyterian and Congregational General Convention of Wisconsin.

The delegate appointed by the General Assembly to attend the annual meeting of the Presbyterian and Congregational General Convention of Wisconsin would respectfully report, that he performed the duty assigned him, and was received with fraternal kindness by that body. The General Convention met at Racine, in the month of October last. The meeting was fully attended, and afforded evidence of decided progress in nearly all of the District Conventions connected with the body. Your delegate deemed it proper to assure the General Convention that the General Assembly would by no means be held responsible for any expressions made by any of its members, seeming to reflect upon the character of the Convention; and cordially invited a continuance of the correspondence. And he is happy to know, that a delegate was appointed by the General Convention to attend the meeting of the General Assembly in Buffalo, May, 1853.

Respectfully submitted. R. W. PATTERSON.

Chicago, Ill., May 16th, 1853.

VI. To the General Synod of the German Reformed Church in the United States.

Having learned from the published Minutes of the last General Assembly that I had been elected a delegate to the Synod of the Reformed Dutch Church, to meet at Baltimore, October, 1852; and ascertaining that that Synod would meet *on the same day* that the Synod of Pennsylvania, with which I am connected, would meet, in *my own church*, I wrote to the Rev. Dr. Mandeville, of Albany, who, as I learned from the Minutes, had been elected my alternate, and requested him to represent the Assembly in the German Reformed Synod. The Doctor replied, that his own Synod would meet on the same week, and that important

business required that he should attend its sessions. Under these circumstances I addressed a communication to the German Reformed Synod, in which, among other things, I stated the causes that would prevent the delegate from the Assembly meeting with them; and took the liberty to assure them that the Assembly continued to cherish unabated its interest in the prosperity of the German Reformed Church in these United States; that it earnestly desired to continue the fraternal relations and intercourse between the two bodies which are now so happily established, and to coöperate in every way consistent with our respective organizations in the advancement of the kingdom of our common Lord. I also informed them of the meeting of the Assembly at Buffalo, N. Y., to which they were respectfully invited to send a delegate.

Though I have received, in no form, any official communication from the Synod, I am happy to state that its Moderator, the Rev. J. Mesick, of this place, has informed me that my letter was kindly received, its sentiments cordially reciprocated, and a delegate chosen to attend your Assembly. I am sorry that I have not been able to obtain a copy of the Minutes of the last meeting of the German Reformed Synod to transmit to you with this letter; from which the Assembly might learn the present condition of that interesting portion of our American Zion. You will, however, I trust, be favored with the attendance f the delegate chosen to represent the Synod in the Assembly, in whose statements I doubt not the Assembly will be deeply interested.

WILLIAM R. DEWITT.

Harrisburgh, Pa., May 9th, 1853.

VII. To the General Association of New-York.

The undersigned would respectfully report, that, in the absence of E. F. Hatfield, D. D., he attended, as alternate, the meeting of the General Association of New-York, which met in Canandaigua, in August last.

Your delegate was received with great cordiality, and his expression of the fraternal regards of the Presbyterian Church in the United States was received with due respect. A continuance of the correspondence was requested, and a delegate appointed to attend the next meeting of the General Assembly, at Buffalo.

Only a few members of the body were in attendance; but their zeal for Zion's welfare, their apparent sincerity and spirituality, were highly commendable.

Great interest was manifested in the Congregational Convention which was about to be held in Albany, and considerable denominational zeal was exhibited. A Committee was appointed to make out a list of all the Congregational churches in the State, whether connected with the Association, independent, or joined with Presbyteries on "the Plan of Union." But no unfriendliness towards other denominations characterized any of their deliberations.

The local Associations reported numerous revivals of religion within their bounds during the year; several churches had sprung into existence, and

some that had hitherto been feeble, had been strengthened and established.

The subject of Temperance, the diffusion of religious books, the religious training and education of the young, were prominent topics of discussion. The representatives of several Benevolent Societies were in attendance, and the cordiality with which their statements were heard and their claims endorsed seemed to prove the Association to be in favor of every good word and work.

All of which is respectfully submitted. HENRY KENDALL.

East Bloomfield, N. Y., March 23d, 1853.

III. Miscellaneous.

I. DELINQUENT CHURCH MEMBERS.

Extract from the Minutes of the General Assembly of 1825, Vol. V. 255–6.

"The committee appointed on the Overture from the Synod of New-Jersey, inquiring what a Church Session ought to do with members in communion who have been absent for years without having taken a certificate of dismission, and whose place of residence is unknown, made a report which, being read and amended, was adopted, and is as follows, viz.:—

"That although this particular case is not provided for by a specific regulation in our Book of Discipline, yet it is embraced by certain general principles, which are recognized in that book, and interwoven with many of its provisions. These principles, together with the result, bearing on the case in question, the Committee beg leave most respectfully to state.

"1. Every church member is amenable to some appropriate tribunal by the wisdom and fidelity of which, in case of his falling into any error, immorality, or negligence, he may be dealt with according to the word of God.

"2. No member of a church can properly cease to be such but by death, exclusion, a regular dismission, or an orderly withdrawing to join some other Christian denomination; and must of necessity continue to be amenable to that church until he becomes regularly connected with another.

"3. For a church member to withdraw from a use of his privileges as a member, either by irregularly connecting himself with another denomination, or by going to a distant part of the world, to reside for a number of years, without making known his removal to the Church Session, and asking a certificate either of good standing, for the purpose of enjoying occasional communion elsewhere, or of dismission, to join some other

, is itself a censurable violation of the principles of church fellow-
nd may infer suspension from its privileges.
. Church members, therefore, who have been absent for a number
ars in unknown places, are by no means to have their names erased
the churches to which they respectively belong; but are to be held
onsible to their respective churches, and, if they should ever return,
e heard from, are to be regularly dealt with, according to the word of
d and the principles of our Church; and, although great caution and
nderness ought to be exercised towards those whose withdrawing from
hristian privileges may be occasioned by the unavoidable dispensations
f Providence, without any material fault of their own, yet in all cases in
which a Church Session has good reason to believe that any of the church
under their care have absented themselves with design, either from a dis-
regard of Christian privileges, or from a wish to escape from the inspection
and discipline of the church, they ought without unnecessary delay to
declare such persons suspended from the privileges of the church until
they give evidence of repentance and reformation; and of course, in
making their statistical reports, ought to enumerate such among the
members under suspension."

II. PRAYER FOR THE ASSEMBLY.

Extract from the Minutes of the General Assembly, in Session at Philadelphia, May 19th, 1821.

"An overture from the Synod of North Carolina was received and read, and is as follows:—

"Whereas, the General Assembly is the highest and most important judicatory of the Presbyterian Church; and whereas, to obtain the Divine blessing on that judicatory must appear, to every Christian of our denomination, to be a matter of the utmost moment; therefore,

"*Resolved*, That this Synod do respectfully suggest to the General Assembly the propriety of recommending to all the churches under their care to observe the *afternoon or evening previous to the meeting* of that body, as A SEASON OF SPECIAL PRAYER to Almighty God for his blessing; that he would, of his infinite mercy, condescend to superintend and direct all their measures, deliberations and decisions; so that all may redound to the promotion of his own glory, and the general prosperity of that particular Church to which we belong.

"After some discussion, the above overture was adopted."

III. COMMISSIONERS' FUND.

Extract from the Minutes of the General Assembly, in Session at Philadelphia, May 23d, 1843.

"The Committee on the *Commissioners' Fund* made the follow
adopted:—

"*Resolved*, 1. That the regulations of the Assembly, passed in 1838, be and the same are hereby repealed.

"2. That hereafter any Presbytery which had formerly obtained leave to pay the expenses of their own Commissioners to the Assembly, shall have liberty to pursue the same course if they shall desire it.

"3. Nevertheless, the Assembly would earnestly desire and recommend that all the churches and Presbyteries under care of this Assembly should make common cause in raising an adequate fund to defray the necessary expenses of all Commissioners whose circumstances may constrain them to apply for the same. This course of conduct the Assembly deem most equitable, fraternal, and Christian; for thus the strong will help to bear the infirmities of the weak, and all parts of the Church be best tempered together and edified.

"4. That every Presbytery be and hereby is earnestly requested to cause a contribution for the Commissioners' Fund to be taken up in all their churches, in the winter preceding each future General Assembly, and transmit the whole amount of the same to the Assembly, by their own or some neighboring Commissioner.

"5. That such Commissioner to this or any future General Assembly, whose Presbytery has not preferred to defray his expenses by the application of their own funds, and who has returned his mileage, or at any time within four days from and after the opening of any future Assembly, returns to the Mileage Committee the number of miles which he has necessarily traveled from home in going to the Assembly, shall be entitled to receive his share of the Commissioners' Fund, provided the Presbytery from which he comes shall have made any reasonable contribution to the said fund out of which his mileage is to be drawn; of which the Mileage Committee, subject to an appeal to the Assembly, shall be competent to judge.

"6. That all funds sent up to the Assembly for this purpose shall be, at every General Assembly, committed to the Mileage Committee, to be divided between the lawful applicants for the same, in proportion to the number of miles which they have necessarily traveled.

"7. That, should the Commissioners' Fund in any one year be sufficient to allow each applicant Commissioner for allowance of mileage more than five cents for each mile traveled in coming to the Assembly, then the surplus at each Assembly, after paying five cents a mile to the applicants, shall be reserved and paid to the Treasurer for the time being, for the purpose of being divided at the next Assembly, if needful."

☞ See also Minutes of 1851, p. 24.

IV. CONTINGENT FUND.

A COLLECTION is to be taken in every congregation, annually, for the funds of the Assembly. A part of this collection should be designated, either by the Session of the Church or the Presbytery, as a contribution to the Contingent Fund of the General Assembly. At the present ratio of expenses, more than six hundred dollars are needed yearly to defray

the expense of printing the Annual Minutes, paying salaries, traveling expenses of delegates to Corresponding Bodies, and other incidental expenses.

V. ANNUAL MINUTES.

The cost of publishing a copy of the Annual Minutes, with the usual Appendix, is not much less than thirty cents, the price for which they are now furnished to all applicants. According to the present post office regulations, they are chargeable with a postage of one cent for the first three ounces, and one cent for each additional ounce or fraction of an ounce, to any part of the United States or its Territories. The ordinary weight of each copy is seven ounces. The postage must be prepaid or the charge be doubled. Every Presbytery that contributes to the Contingent Fund an amount equal to thirty-five cents for each minister, and an additional sum sufficient to meet the postage at the above rates, will have one copy of the Minutes forwarded by mail, as soon as published, to each of its ministers whose post-office address is given in the Statistical Report. The Minutes will also be sent, free of postage, when ordered, to any address at the same rate. The postage on all orders must be prepaid.

Agreeably to a resolution of the last Assembly, a copy of the Minutes will be sent, post-paid, to each of the Stated Clerks of the Presbyteries and Synods, for the use of those Bodies respectively.

VI. SYNODICAL REPORTS.

1. A *Statistical Report* is to be prepared and forwarded to the Assembly by the Stated Clerk of every Synod, in which are to be stated the number of Presbyteries, ministers, churches, licentiates and candidates within their bounds, and how distributed; the changes which may have been made in the number or arrangement of their Presbyteries; the place and hour of their next Annual Meeting, and the names of the Moderator and Stated Clerk.

2. A *Church Extension Report* is also to be forwarded, agreeably to the order of the Assembly of 1852, embracing the particulars specified in articles 7, 8, and 9 of the resolutions on Home Missions, page 172.

VII. PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly—

1. A *Statistical Report*, according to the form exhibited on page 370 of the present Appendix, of which a printed blank will be furnished in

due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. A *Narrative of the State of Religion* within the bounds of the Presbytery for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sunday-schools and Bible-classes organized, the number of scholars in each, &c.; also the decease, if any, of ministers during the year. As the Narratives are not to be publicly read, less care may be given to their style, and more to the detail of particulars such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church.

3. An *Educational Report*, in accordance with the requirements of the Assembly of 1852, stating the number of its churches in which the claims of the Educational cause have been presented during the year; the amount of funds collected and appropriated, and through what channels; the number of candidates for the ministry under its care, or the care of its churches, and the different stages of their progress. This Report is to be prepared and forwarded, post-paid, to the Stated Clerk of the General Assembly at New-York City, so as to reach him on or before the 15th of April.

4. A *Church Extension Report*, as also required by the same Assembly. Every Presbytery is to forward annually to the Assembly a full report of its various arrangements for Church Extension, stating the number of its ministers, and the particular manner in which they are employed; the number of its churches, and how they are supplied; the gross amount of funds collected in its bounds for Home Missions and church erection; the amount received by its churches from the American Home Missionary Society, or any similar institution; the number of houses of worship, with their probable value, and whether they are free from debt; the number of new churches organized and new houses of worship erected; what itinerant arrangements have been adopted for preaching the gospel; what and how much agency has been employed; together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ.

VIII. STATED CLERKS OF PRESBYTERIES.

Attention is requested to the following particulars. Let the Stated Clerk of every Presbytery take special care,

1. That the Commissioners to the Assembly are furnished with a *Commission*, according to the model prescribed in the Form of Government, chap. XXII., sec. ii.

2. That *collections* for the Commissioners' and Contingent Funds of

the Assembly be ordered annually by the Presbytery, on or before a particular Sabbath, and that the amount be forwarded by the hands of one of the Commissioners.

3. That the *four Presbyterial Reports* specified in the previous article be duly prepared, *authenticated*, and forwarded. These Reports should be on separate papers, for the convenience of the Assembly in referring them to distinct Committees.

In preparing the Statistical Report, let the following rules be observed:

(1.) Carefully copy the blank form and order of columns, &c., on the next page. ☞

(2.) Record ministers in the order of their *ministerial* age, with their *Christian* names in full, and their address in the adjoining column.

(3.) Place the name of every church opposite the name of its pastor or stated supply; or, if vacant, at the foot of the roll.

(4.) Place, after the name of every minister, an abbreviation denoting his occupation; e. g.: P., for a Pastor; P. E., for a Pastor Elect; P. C., for a Pastor of a Congregational Church; S. S., for a Stated Supply; H. M., for a Home Missionary; C. M., for a City Missionary; T. M., for a Tract Missionary; F. M., for a Foreign Missionary; Pres., for the President of a College; Prof., for a Professor in a College or Theological Seminary; Sec., for a Secretary of a benevolent institution; Ag., for an Agent of do.; Ch., for a Chaplain; Tea., for a Teacher; Ed., for an Editor; W. C., for a Minister without charge; and Col., for a Colporteur.

(5.) Place after the name of every church the abbreviations, P., for one that has a Pastor; P. E., for one that has a Pastor Elect; S. S., for one that has a Stated Supply, or V., for one that is vacant.

(6.) If a church fails to report, let the number of communicants be given as reported to the Synod, or to the last Assembly, with an asterisk (*) in the column of communicants, denoting the fact.

(7.) In the *additions* to the church, distinguish between those on *examination* and those on *certificate;* in the *baptisms*, between the *adults* and the *infants;* and be careful to observe the order of the columns in which these particulars are recorded.

(8.) The *names* of the Licentiates are to be recorded immediately after the list of Ministers, in the same column; but of the Candidates the *number* only is to be given.

(9.) Avoid erasures or interlineations, and make names and numbers distinctly legible.

(10.) ADD UP every column, and authenticate the Report with your *signature.*

(11.) Affix no extraneous matter, such as memoranda, explanations, orders for the delivery of the printed Minutes of the Assembly; let these be given on a separate sheeet.

☞ If any thing should prevent the forwarding of the Statistical Report in time for the Meeting of the General Assembly, let it be sent as soon as possible, by mail, to the Stated Clerk of the General Assembly, No. 202 Henry street, New-York.

The Church Erection Committee, appointed by the General Assembly of 1853, after a full consideration of the trust committed to them, beg leave to report the following PLAN for the proper control and management of the Church Erection Fund:

PREAMBLE.

The General Assembly of the Presbyterian Church in the United States of America, now holding its sessions in the city of Philadelphia, in the State of Pennslyvania, having, through the liberality of the congregations connected with this body, established a fund for the purpose of aiding feeble congregations in erecting houses of worship, do hereby adopt the following Plan, under which this fund shall be held, administered, and used:

ARTICLE I.

This fund having been committed to the General Assembly as a special trust, no part of it as now established, nor any additions which may hereafter be made to it, shall ever be used for any other purpose, than that of aiding feeble congregations in connection with the General Assembly in erecting houses of worship; except so much as may be absolutely necessary to defray the expenses incident to the administration of this Plan.

ARTICLE II.

The custody, care, and management of this fund, and of all securities of every kind belonging to it, or growing out of it, together with all claims, dues, and property that may at any time pertain to it, and all additions that may hereafter be made to it by donations, bequests, or otherwise, shall be committed to a Board of Trustees, to be called "The Trustees of the Church Erection Fund of the General Assembly of the Presbyterian Church in the United States of America." The Board shall consist of nine members, four of them being ministers and five of them elders, in connection with some Presbytery or Church under the care of the General Assembly, who shall reside in the city of New-York, or its immediate vicinity, and whom the General Assembly shall elect by ballot, on a nomination to be made at least one day before such election. The Trustees shall continue in office until the election and induction of their successors. The certificate of the Stated Clerk of the General Assembly shall be necessary, to entitle a Trustee to take his seat as a member of the Board, which certificate it shall be his duty to furnish as soon as practicable after the election.

The Trustees first elected shall arrange themselves into three equal classes. The term of office of the first class shall expire in one year from their election; that of the second class in two years; and that of the third class in three years. After the first election, the General Assembly shall annually elect three Trustees, to supply the place of the class whose term is about to expire, to hold their office for three years, the same persons always being reëligible; and each General

Assembly shall also by election supply any vacancy in the Board, caused by death, resignation, or otherwise. If any Trustee shall, during the term for which he is elected, cease to be connected with a Presbytery or Church under the care of the General Assembly, he shall thereby cease to be a member of the Board; and the vacancy shall be reported to the next General Assembly.

ARTICLE III.

The first meeting of the Board shall be held on the second Tuesday of June next in the city of New-York, at such place and hour as the Stated Clerk of the General Assembly may appoint, who shall preside until the Board is organized by the choice of its President.

ARTICLE IV.

The Board shall make their own By-Laws. They shall annually, at their first meeting after the adjournment of the General Assembly, elect one of their number President of the Board; and shall appoint a Secretary, and a Treasurer who shall give security to the Board for the faithful performance of his duties. They shall keep complete books of record and account, in which shall be recorded all their proceedings, and the true state at all times of all matters relating to this fund; which records and accounts, or any part of them, shall at all times be open to the inspection of any committee appointed by the General Assembly for this purpose. They shall also keep full and correct copies and files of all the correspondence which may be conducted or received by them, or in their name; and shall annually present to the General Assembly, not later than the third day of its sessions, a full written report of their proceedings and of the state of the fund, together with any suggestions or recommendations which they may deem necessary or suitable. The General Assembly shall annually appoint a committee of three of its members, to audit the accounts and to examine the securities of the Board, and report at the next General Assembly.

ARTICLE V.

The Board are hereby directed, either by procuring a special act of the Legislature of the State of New-York, or in accordance with the existing statutes of said State, to incorporate themselves, and their successors in office, always to be elected as aforesaid, into a body corporate and politic, invested with all such legal powers, as may be necessary to enable them to hold and administer this fund, in conformity with the provisions of this Plan.

ARTICLE VI.

The Board are directed, as far as practicable, to keep at interest, on sufficient security, payable on call or short notice, any portion of the fund that may not be appropriated by the General Assembly; or, if appropriated, may not be in use in the Synods.

ARTICLE VII.

The Board shall prepare blank forms of all such legal and other papers as may be required in the proper distribution and management of the fund; and they shall furnish a sufficient quantity of such forms to the Committee on Church Extension of each Synod; the forms so prepared and furnished, and none others, shall be used in all matters and transactions relating to the fund, to which they may be applicable. They shall designate such legal advisers within the bounds of each Synod, as by a correspondence with the Church Extension Committees of the Synods may be found desirable, to examine all certificates of title, and all conveyances and other documents connected with the loan or donation of any part of this fund, including a careful investigation in regard to the legal incorporation of the boards of trustees of the congregations concerned; and they shall further have power to appoint an agent in each Synod, and to require that all payments of money that may become due to this fund shall be made to such agent.

ARTICLE VIII.

The fund thus established is, in the first instance, hereby appropriated to be used within the bounds of the respective Synods, in the following proportions:

Synod of Albany,	2.5 per cent.	Synod of Pennsylvania,	3 per cent.
" Cincinnati,	3 "	" Peoria,	7 "
" Genesee,	3 "	" Susquehanna,	3 "

" Mississippi,	2.5 "	" West-Tennessee,	3 "
" Missouri,	2.5 "		
" New-York, and New-Jersey,	15 "		
" Ohio,	3 "		

ARTICLE IX.

Each General Assembly shall determine the proportion to be appropriated within the bounds of the respective Synods, of any part of the fund that the Board may have received since the meeting of the preceding General Assembly, by the payment of loans, gifts, legacies, or otherwise; and every such appropriation, without reference to any previous one, shall be made by the General Assembly in view of the relative wants and necessities of the Synods at the time.

ARTICLE X.

If any Synod shall deem it inexpedient to aid their feeble churches in accordance with the provisions of this plan; or shall fail to elect a

Committee on Church Extension, to act in conjunction with the Board, as herein provided; or shall notify the Board that any portion of the amount hereby appropriated to be used within their bounds, or of any amount that may be hereafter so appropriated, is not needed; then, in each of these cases, the General Assembly may, at their discretion, appropriate the portion of the fund, or any surplus amount, assigned to such Synod, to other Synods in the same manner as is provided for in the preceding article.

ARTICLE XI.

In order to be entitled to the use of any portion of the fund, each Synod connected with the General Assembly shall annually elect a Committee on Church Extension, consisting of at least five members. The Stated Clerk of the Synod shall, immediately after the election of said Committee, transmit to the President or Secretary of the Board his certificate of such election, giving the name and residence of each member.

ARTICLE XII.

All applications for aid from the fund shall be made, in the first instance, to the Committee on Church Extension of the Synod to which the applicants belong, or within whose bounds they are situated. Every such application shall be in writing, and shall particularly state: The location of the house or site for its erection; the number of families or persons attached to the congregation, or that propose to unite in building a house of worship; the description of the house which they propose to build, with its estimated and probable cost, or the description and cost of the house and lot owned by the congregation; the amount of reliable subscriptions which have been obtained, and how much has been paid thereon; the amount of available means possessed by the congregation, if any; whether the congregation is in debt, and if so, to what amount, and when the same becomes due; and also any other facts which may aid the Committee of the Synod in judging of the application. This application shall be accompanied by the certificate of one of the legal advisers of the Board, that the title to the lot on which the house is built or to be built is vested in said congregation, and is free from all legal encumbrance and liability.

ARTICLE XIII.

If the Committee of the Synod, to whom application for aid has been made as above provided, shall, after a careful examination into the condition and prospects of the congregation so applying, be satisfied that such congregation have done all that should reasonably be expected of them, and that, with the aid which can be afforded from this fund, they can build or possess a house of worship adapted to their wants, and be free from other indebtedness than that to this fund; then the Committee shall sign a certificate addressed to the Board, stating the application, and that they have examined and approve of it; and also stating the amount which it is proper to loan or donate to the congregation. This certificate, together with a copy of the application made to the Committee of the Synod, shall be transmitted to the Board.

On the receipt of this certificate and application, the Board shall, as soon as practicable, if the application is in due form, forward the necessary papers, to be executed by the trustees of the congregation, and to be approved by their legal adviser, or some other attorney proposed by the congregation and accepted by the Board. When the papers, so executed, approved, and properly recorded, are returned to the Board, they shall authorize the treasurer of the trustees of the congregation, or any other person duly appointed by them for this purpose, to draw on the Treasurer of the Board for the amount thus provided for and secured.

ARTICLE XIV.

The Board shall not in any case loan or donate any portion of the fund to any congregation, unless such congregation own, in fee simple and free from all legal incumbrance, the lot on which their house of worship is situated, or on which they propose to build; nor shall any loan or donation be made for the payment of any debt, except that which may have been contracted within one year previous in erecting a house of worship.

The amount loaned to any congregation shall never be more than one third of the amount contributed for the house and lot, nor exceed the sum of five hundred dollars; nor shall the amount given to any congregation as a donation be in any case more than two hundred dollars, or exceed one fourth of the amount contributed for their house and lot; nor shall a loan and a donation be made to the same congregation. The donations within the boundaries of any Synod shall never be more than one fourth of the amount appropriated to that Synod.

All loans shall be made on the following conditions:

1. The principal shall be paid in four equal annual instalments, the first instalment becoming due in three years from the date of the loan.

2. If all the instalments are punctually paid, no interest will be required on any part of the loan.

3. In default of the payment of any instalment, interest shall be required on the whole loan unpaid, from the time of such default, until such instalment, with all the interest that may thus accrue, shall be paid.

The conditions of all donations from this fund shall be, that, in case the church or congregation shall cease to be connected with the General Assembly, or their corporate existence shall cease, or their house of worship be alienated except for the building or purchase of a better house of worship, they shall refund to the Board the amount which they have so received, with interest from the time of receiving it; and further, that every congregation receiving a donation shall annually make a collection in aid of the fund, transmitting the same to the Treasurer, until the amount so collected and paid over shall equal the sum received as a donation.

The fulfillment of the above conditions, in respect to both loans and donations, shall in all cases be secured by the bond of the trustees of the congregation, and a mortgage on their house and lot, made in favor

the Board; which bond and mortgage, duly executed and recorded, all always be placed in the possession of the Board, before any money is paid over to the congregation.

ARTICLE XV.

The Board shall not make a loan or donation to any congregation, until the full sum of one hundred thousand dollars shall have been actually paid to the Treasurer of the General Assembly. When this amount has been received, the Treasurer of the General Assembly is hereby directed to pay over the whole amount to the Treasurer of this fund, upon the written order of the Board, signed by its President and Secretary.

ARTICLE XVI.

In accepting this trust and adopting this Plan, the General Assembly hereby declares, that the first article shall admit of no alteration or amendment, and that no change shall be made in any other part of the plan by any future General Assembly, except by an affirmative vote of two thirds of all the members, whose names have been entered upon the roll.

The following resolutions were also adopted:

Resolved, 1. That this General Assembly express its full approbation of the action of the last Assembly, for raising the sum of one hundred thousand dollars, as a permanent fund for Church Erection.

Resolved, 2. That efficient measures should now be taken to make up the deficiency of this fund, in the shortest time practicable,—say, by the first day of October next.

Resolved, 3. That the Trustees, who are to be appointed to take charge of this whole business, be instructed to make an early and earnest appeal to those churches—more than one half of our whole number—who have contributed nothing to this fund, asking their coöperation in this labor of love; that they solicit additional assistance from those who have afforded but slender aid; and that they state our remaining wants to those whose liberality has already abounded.

Ordered that a Special Committee be appointed to nominate "The Trustees of the Church Erection Fund of the General Assembly," and the Auditing Committee.

The Committee on Bills and Overtures reported, that overtures and memorials have been before them from the following Presbyteries, viz., Hamilton, Long-Island, Pennsylvania, Montrose, Watertown Union, Cortland, Dayton, Indianopolis, Crawfordsville, Madison, Elk hart, Keokuk, Peoria and Knox, Salem, Wabash, and Athens; an from members of the Church of Fremont, Indiana; relating to the sul ject of Slavery.

In reference to these memorials and overtures, the Commit recommend, that, inasmuch as we believe that, in the present aspect Divine Providence, the consideration of the subject in this Gen Assembly is undesirable and inexpedient; and inasmuch as the me rials do not ask for any modification or renewal of the testimony h

by previous Assemblies in regard to the system and practice of Slavery, as existing in this country, or for any expression of opinion as to the proper course to be pursued by future Assemblies, therefore this Assembly take no action on the subject.

The Report was adopted.

The following preamble and resolution, proposed by Elder Walter S. Griffith, were unanimously adopted:

Whereas, it is highly important to our churches, that they be served by competent ministers, who shall be free from worldly cares and avocations; whereas, the law of Christ expressly declares, "that they which preach the Gospel should live of the Gospel," and that he "that is taught in the word" should "communicate unto him that teacheth in all good things," thus making it the solemn duty, as it is clearly the interest, of Christian churches to provide for their ministers a competent and liberal support; whereas the cost of the necessities of life has advanced so greatly, as to render the salaries heretofore paid to many of our ministers entirely inadequte, causing to them and to their families great anxiety and distress; and whereas, this subject demands at this time, and should not fail to attract, the special attention of every Christian; therefore,

Resolved, That the General Assembly earnestly exhort all the

churches under their care to consider this question in the spirit of Christian fidelity and liberality, and to make ample provision for those who minister to them in word and doctrine; stipulating so to increase their compensation, when necessary, as to make their salaries fully adequate to their comfortable support, in view of the enhanced expenses of living; and paying the amount agreed upon with honorable and Christian promptitude.

An additional resolution upon this subject was also proposed by Hon. Wm. Darling, pending the consideration of which the Assembly adjourned until 3½ o'clock P.M.

Rev. E. R. Fairchild, D.D., addressed the Assembly in behalf of the American and Foreign Christian Union, after which the following resolutions were adopted:

Resolved, 1. That the remarkable state of things in the Papal world, especially in France, the kingdom of Sardinia, Belgium, Ireland, Canada, Brazil, New-Granada, Uruguay, Venezuela, and Hayti, invites and imperatively demands prompt, wisely-devised, and effectively prosecuted measures, on the part of all Evangelical Christians in our country and Protestant lands, to introduce and to diffuse in them all the blessings of the glorious Gospel.

Resolved, 2. That in the success, which has attended the labors of the American and Foreign Christian Union to enlighten and save the millions of Romanists, who have already found a home in our happy country, as well as to evangelize the Papal nations abroad, this Assembly finds a strong argument for confidence and coöperation on the part of all Evangelical Christians, patriots, and friends of our country generally; and they cordially commend it again to the sympathies and liberal patronage especially of the congregations under their care.

In view of the statements made in the morning by Rev. Theron Baldwin, in reference to the "Society for the Promotion of Collegiate and Theological Education at the West," the following resolutions were also adopted:

Resolved, 1. That the permanent establishment of institutions of learning of the highest order, and under Christian influence, at the West, is a work essential to the adequate supply of that land with a thoroughly educated and Evangelical ministry, and therefore essential to the completeness and full efficiency of our system of evangelism in those new and rising States.

Resolved, 2. That the Society for the Promotion of Collegiate and Theological Education at the West, through whose instrumentality some institutions have been saved from extinction, and others raised from a state of great depression to one of efficiency and hope, and whose helping hand is extended to similar educational institutions, as they are demanded on our rapidly enlarging Home Missionary field, deserves the continued confidence, the sympathy, and the liberal aid of our Churches, that it may carry to a successful completion its benevolent mission.

The Committee on the Polity of the Church, to whom was referred the Report on the subject of the Legal Powers, Claims, and Liabilities of the General Assembly, submitted the following Report:

1. Whereas we regard the rights of this body as complete under the charter of 1799, therefore no action is required in respect to a new charter.

2. It is recommended that the Trustees of the Church Erection Fund endeavor to have inserted in the Act of Incorporation, which they are instructed to obtain from the Legislature of the State of New-York, a general provision authorizing them to hold in trust for this Assembly any property committed to them by donations, bequests, or otherwise.

3. It is recommended, that, provided this General Assembly appoint a Board of Trustees of the Presbyterian Publication House, or for any other specific purpose, in the city of Philadelphia, that that Board

obtain a special act of incorporation under the laws of this State; and that a Committee of three members of the legal profession be appointed, to whom the subject shall be committed, with instruction to examine and determine the question, whether a general provision in said charter or act of incorporation, like that provided for in the preceding article, will, in respect to all the interests of the Church, be safe and expedient; and, if they so judge, to secure its insertion. The Report was adopted, and Messrs. Samuel H. Perkins, Henry J. Williams, and Hon. William Darling were appointed the Committee.

The Assembly resumed the consideration of the Report of the Committee on the Education of young men for the ministry.

The following Resolution upon the subject of *Temperance* was unanimously adopted:

Resolved, That the General Assembly continue to view, with deep interest, the progress of the Temperance Reformation, most intimately connected with the vital interests of men for time and eternity; and they do especially hail its new phase through the action of several State Legislatures, by which the traffic in intoxicating liquors as a beverage is entirely prohibited. They commend this new system of legislation to the attention and support of all ministers and churches connected with this body, for its blessed results, already experienced; and as able, if universally adopted, to do much to seal up the great fountains of drunkenness, pauperism, and crime, and relieve humanity of one of its most demoralizing and distressing evils.

The Committee on the Narrative of the State of Religion made their

Report, which was adopted. The Narrative was ordered to be printed in the Appendix to the Minutes, and it was recommended that it be read to each of our congregations on the Sabbath.

The Committee on Leave of Absence reported, that leave had been given to Rev. Messrs. G. S. Boardman, E. R. Tucker, Zera T. Hoyt, R. Wilkinson, Alvah Day, and A. Jones; and to the Elders, John Otto, Samuel Bond, H. Hudson, and Peter Odlin.

The following protest against the action of the Assembly upon the Report of the Committee of Bills and Overtures upon the memorials and overtures of several Presbyteries relative to the subject of Slavery, signed by twenty-eight of its members, was presented and ordered to be entered upon the minutes.

"The undersigned respectfully protest against the action of the General Assembly upon the Report of the Committee of Bills and Overtures upon the memorials and overtures of several Presbyteries relative to the subject of slavery; because that action, under the circumstances, is virtually saying to the Presbyteries in the slaveholding States, that the action of the last preceding General Assembly, in requesting "distinct and full statements touching" the three points then specified, is not approved by this General Assembly; and that the present Assembly is satisfied with the neglect and refusal to answer those inquiries, and does not deem them even of sufficient importance to the peace or the purity of the Church to repeat the request for an answer at the next General Assembly; also, because it will and must be construed into a willingness to cease all direct effort to disconnect itself from the sin of slavery; and, in this particular, is a receding from the high and laudable position heretofore assumed; and for the further reason, that it places this branch of the Christian Church in the apparent position of diminishing its efforts to eradicate a great and growing evil, at the very period when the efforts for its extension and perpetuity are strongest and most reprehensible as well as unscrupulous; and when there is also the best prospect for the labors of the Church to be successful; and has the appearance of being willing to abandon the field, rather than stem the flood of iniquity rolling in upon the Church and the country:

"William I. Cornwell, Andrew Loose, B. W. Chidlaw, David Dobie, Joseph Lewis, Jacob E. Conrad, Enoch Kingsbury, Alvah Day, R. Wilkinson, W. M. Allison, Zerah T. Hoyt, A. Blakely, John G. Bestow, John A. Tiffany, Nehemiah Hoyt, George W. Warner, Olney Nichols, Levi Griswold, Elnathan Galpin, John Summers, Raymond Burr, Lucius C. Rouse, Amos Jones, Joseph L. Riggs, Henry Bushnell, Milton J. Snow, Samuel A. Rawson, George W. Reynolds, Eldad Barber."

It was referred to the Committee on Bills and Overtures to draw up an answer to the above protest, who subsequently reported the following, which was adopted:

In answer to the protest against the resolution adopted in respect to the subject of Slavery, the Assembly deem it sufficient to say, that the reasons assigned for the resolution are the only ones for which they are justly responsible; and further, that constructions are placed upon the resolution, by the protestants, which are not authorized by the act of the Assembly.

The Moderator announced the following Committees: On the Memorial with Reference to Infirm Ministers, Mr. Samuel H. Perkins, Hon. Arnold Naudain, M.D., and Hon. William Darling; on the Publication of a New Digest, Rev. Messrs. George Duffield, Jr., Henry Darling, and William E. Moore.

The Assembly resumed the consideration of the Report of the Com-

mittee on the Education of young men for the Ministry; and, having been amended, the Report was adopted, and is as follows:

In view of the alarming deficiency of ministers of the gospel, compared with the demand, and for the purpose of giving unity and efficiency to the efforts of the Church to furnish a more adequate supply, by means of necessary pecuniary aid to candidates for the ministry,

Resolved, 1. A Committee of nine shall be appointed by each General Assembly, to be styled "*The Standing Committee on Education for the Ministry.*" A majority of this Committee shall reside in or near the city of Philadelphia, and five of them shall constitute a quorum.

Resolved, 2. A General Secretary of Education shall be elected annually by the Assembly, if a suitable person can be found; and, if no election is made by the Assembly, the office may be filled by the Standing Committee.

Resolved, 3. The "Central American Education Society," at New-York, and the "Philadelphia Education Society," of Philadelphia, shall be, and they are hereby, constituted coördinate agencies of the Assembly, for the purposes for which those Societies are organized; provided the Directors of those Societies respectively will consent to act in such a capacity, and will make an annual Report to the Standing Committee, as early as the 1st of May, of all that they have done in connection with the Presbyterian Church.

Resolved, 4. The Synods are all requested to take action on this subject, at their next meeting, and to determine whether they will coöperate directly, or through their respective Presbyteries, with either of the above-named agencies, and, if so, with which; and report their action to the Standing Committee of the Assembly. Or, if they so elect, they are desired to act by means of a Standing Committee of their own; or by agencies constituted by the joint action of neighboring Synods; which committees or agencies shall report directly to the Assembly's Committee.

Resolved, 5. The Presbyteries also are desired to determine their plan of action, and to coöperate through one or the other of the above-named agencies; or through the Synodical Committee; or directly by correspondence with the Assembly's Committee.

Resolved, 6. The duties of the Assembly's Committee shall be, to superintend the whole cause in behalf of the Assembly; to direct the movements of the Secretary; to nominate to the Assembly, from year to year, a suitable person to fill that office; and, if none be elected by the Assembly, or if the office for any other cause become vacant, to fill it until the meeting of the next Assembly; and to determine, by conference with the Philadelphia and New-York agencies, concerning the mode in which his salary and the expenses of the office shall be procured—whether by subscriptions obtained for that specific purpose, or by collections made by himself, or by the agencies jointly.

The Committee shall also recommend to the Assembly, from year to year, any modifications of the plan of operations which experience may show to be needful; and, so far as they can obtain the facts, they shall make a full Report of all that has been done throughout the

Church, in behalf of education for the ministry; which Report shall supersede the Educational Report, provided for by the action of the Assembly of 1852.

Resolved, 7. It shall be the duty of the Secretary of Education, to visit, as far as may be, the Synods and Presbyteries throughout our bounds, for the purpose of awakening the interest, and concentrating the energies, of the whole Church; to visit the colleges and seminaries where young men aided by the Church are pursuing their studies, for the purpose of counsel and encouragement, and for the purpose of presenting to young men the claims of the ministry upon them; and to present the cause to the Churches, as he may have opportunity, and collect funds as directed by the Assembly's Committee.

Resolved, 8. It is recommended to the agencies and committees, to endeavor to have the young men aided by the Church, especially in their theological studies, placed under the care of Presbyteries, and that in all ordinary cases they be licensed by those Presbyters where they naturally belong. [See Form of Government, Chap. 14, Sec. 2.]

Resolved, That when the Assembly adjourn, this afternoon, they adjourn to meet this evening at 7¾ o'clock.

The thanks of the Assembly were tendered to Rev. Robert Baird, D.D., for valuable documents presented to its members.

The Assembly resumed the consideration of the unfinished business of the morning; and the Report of the Committee on Doctrinal Tracts and the Presbyterian Publication House, having been amended, was adopted, and is as follows:

The Committee, to whom was referred the Report on Doctrinal Tracts, and also the overture from the Presbytery of Philadelphia, Fourth, on the subject of a Presbyterian Publication House, report, that

they concur cordially in the expressions of the Report on the subject of the Press, and its great importance as an organ of usefulness; also, on the desirableness of a religious literature suitable to the wants of our denomination; and congratulate the Assembly on the prospect that this want will be supplied by the future efficiency of this Committee.

Your Committee, moreover, fully concur in the views of the Report, as to the inexpediency of ourselves entering upon the business of printing, and the superior advantages of doing the work by the agency of existing printing establishments.

Your Committee recommend that extracts from the Report, to be made by the Committee, be published in the Appendix to the Minutes of the Assembly.

Your Committee further recommend, that the Publication Committee be enlarged to the number of fifteen, nine of whom shall reside in the city of Philadelphia, or vicinity; that, of this number, five shall constitute a quorum for ordinary business, whose sittings shall be in the city of Philadelphia; but nothing shall be authorized for publication, issued, or endorsed, by said Committee, except by a majority of its members. All publications to issue simultaneously in the two cities of New-York and Philadelphia, with the *imprimatur* of the Committee.

The Committee finally recommend, that the Assembly take its possession of the house in Philadelphia, referred to in the overture from the Presbytery of Philadelphia, Fourth, as a House of Publication, on the terms and conditions, as to the price and payments, following, viz.:

The General Assembly will authorize the conditional acceptance of the property, so soon as $12,500 shall have been pledged by responsible persons, connected with the churches of Philadelphia; and, when this pledge has thus been made, suitable measures shall be authorized to raise a like sum of $12,500; and the balance—say $20,000—shall be left on mortgage, to be liquidated by a sinking fund arising from the annual proceeds of the house. When the measures to complete the purchase have been perfected, the Assembly will take the property unconditionally; and, to the end that the legal measures may be taken to perfect the title prior to the next meeting of the Assembly, five trustees of the House of Publication shall be elected, who shall be authorized to obtain an act of incorporation.

The members of the Publication Committee, whose term of office expires at this time, are Rev. Thos. H. Skinner and Geo. Duffield, Jr. In addition to these, the Committee recommend the appointment of thirteen others; and that this Committee arrange themselves, at their first meeting into three classes, five going out of office yearly.

A Committee of three, consisting of Rev. S. T. Spear, D.D., Rev. Thomas Brainerd, D.D., and Rev. Wm. N. McHarg, were appointed to nominate the members of the Doctrinal Tract Committee, and Trustees for the Presbyterian Publication House.

The Committee appointed to collect and count the votes for Trustees of the Church Erection Fund and the Auditing Committee, reported that the following persons had been unanimously elected:

Trustees of the Church Erection Fund—Rev. Samuel T. Spear, D.D., Rev. Asa D. Smith, D.D., Rev. James W. McLane, D.D., Rev. Edwin F. Hatfield, D.D., and Messrs. Walter S. Griffith, William E. Dodge, Norman White, Oliver H. Lee, and Stephen H. Thayer.

Auditing Committee—Mr. Otis Allen, Hon. William Darling, and Mr. John C. Hines.

Adjourned until 7¾ o'clock P.M.

Concluded with prayer.

MONDAY, May 29th, 7¾ o'clock P. M.

The Assembly met, and was opened with prayer.

The minutes of the preceding session were read and approved.

The Committee of the last Assembly on Forms of Worship made a Report, which was adopted, and is as follows:

The Committee appointed to consider the memorial of Wm. Stephenson, on the subject of "Church Music," and "Forms of Worship," and also an overture submitted to the last Assembly on the same subject, beg leave to report:

That they unanimously coincide in the opinion, that no action which the Assembly can take would be likely to accomplish the result sought to be secured, viz.: *Uniformity of posture during prayer and singing; a standard collection of Church Tunes; and Congregational Singing.* A greater measure of uniformity, in respect to these and some other particulars in our worship, is undoubtedly desirable. It is well, that we have a sound theology and a Scriptural worship. It were well, that that worship should be conducted in the best possible way, so as to be most effectual for edification. But, inasmuch as the Bible does not enjoin precisely the tunes to be used, the posture to be adopted, or who shall join in the songs of the sanctuary; leaving these, and many other particulars in the conduct of public worship, to be determined by the churches in the exercise of their Christian liberty, guided by a sound discretion; and, inasmuch as different customs have prevailed in different parts of the country, indicating a diversity of judgment and of taste in respect to these matters; this diversity of judgment and of taste, and the somewhat diverse practices resulting therefrom being more likely to be overcome by Christian intercourse, and friendly discussion, and interchange of sentiment, than by legislation; therefore the Committee would recommend no action in the case, and ask to be released from the further consideration of the subject.

The traveling expenses of the Delegates to Corresponding Bodies in Maine, New-Hampshire, Vermont, Massachusetts, Connecticut, New-York, and Wisconsin, and to the Synod of the German Reformed Church; the Janitor's bill; the bill for Printing and Stationery; with the salary and mileage of the Clerks, were ordered to be paid.

The expenses incurred by Rev. A. D. Eddy, D.D., in the perform-

ance of duties connected with a Committee of the Assembly; and of Rev. Henry Little, a Delegate to the General Association of Connecticut in the year 1849, were allowed and ordered to be paid.

The subject of printing the Moderator's sermons was indefinitely postponed.

The Committee to nominate members of the Doctrinal Tract Committee, and Trustees for the Presbyterian Publication House, made the following Report, which was adopted:

Publication Committee—Rev. A. Barnes, Rev. N. S. S. Beman, D.D. LL.D., Rev. Wm. Eagleton, D.D., Rev. Thomas Brainerd, D.D., Rev. Asa D. Smith, D.D., Rev. S. H. Gridley, Rev. A. H. H. Boyd, D.D., Rev. S. T. Spear, D.D., Rev. George Duffield, Jr., Rev. H. Darling, Rev. J. Jenkins, and Messrs. S. H. Perkins, S. T. Bodine, C. S. Wurts, and E. S. Wheelan.

Trustees of the Presbyterian Publication House—Messrs. J. A. Brown, S. H. Perkins, C. S. Wurts, M. M. Baldwin, and J. C. Farr.

The Committee on the Polity of the Church, and the Committee on Devotional Exercises, severally reported that no business was before them, and asked to be discharged. Their request was granted.

The Committee to whom was referred the communication from the "Union of the Evangelical Churches of France," presented a Report, recommending the draft of a reply to their letter, and several resolutions, which were adopted, and are as follows:

Resolved, 1. That this General Assembly do hereby cordially assent to the request of the brethren of the Union of the Evangelical Churches of France, to enter into correspondence with them.

Resolved, 2. That Rev. Jonathan F. Stearns, D.D., of the Presbytery of Newark, be, and hereby is, delegated by this Assembly, to the Synod of said Union, which is to meet at Mazamet, Department du Tarn, on the fourth Thursday of August next, and that he be requested to convey to them the expression of our fraternal regard and Christian sentiments.

Resolved, 3. That the Stated Clerk be directed to forward to Rev. J. F. Stearns, D.D., the accompanying letter, together with a certificate of his appointment.

It was also *Resolved*, That the communication from France, and the response of the Assembly, be printed in the Appendix to the Minutes.

The Committee on the decease of Rev. E. W. Gilbert, D.D, presented the following Report, which was unanimously adopted:

Whereas it has pleased God, since the last General Assembly, to remove to his heavenly rest Rev. Eliphalet W. Gilbert, D.D., the late Permanent Clerk of this body; therefore,

Resolved, 1. That we record on our minutes our testimony to his great worth, his sound piety, and his unselfish regard for the interests of the whole Church, as well as fidelity in discharging the duties of his office; and that, while we deplore his loss, we desire that this unexpected bereavement may be felt by us all as a solemn admonition to be ever prepared for the coming of our Lord.

Resolved, 2. That the Stated Clerk be directed to send to the family of Dr. Gilbert a copy of these resolutions.

The following Report was presented from the Committee of the last Assembly on Foreign Presbyteries:

The correspondence with ministers in connection with our Church on foreign missionary ground, laboring under the direction of the American Board of Commissioners for Foreign Missions, has been carried out according to the instructions of the General Assembly.

More than twenty responses have been received, in answer to the Committee's circular. These communications are characterized by a thoughtful discrimination, a spirit of sincere regard for our Church, and a desire to secure harmonious and successful action in the prosecution of the missionary work.

From a careful review of this correspondence, and a consideration of the whole subject, your Committee would recommend,

1. That this Assembly regard it as inexpedient to take any measures, at present, for organizing Presbyteries or Churches on foreign missionary ground.

2. That an annual correspondence be recommended to be kept up between our foreign missionaries and the Presbyteries to which they respectively belong.

3. That, inasmuch as it has hitherto been found to be impracticable to form distinctive Presbyterian organizations among the converted heathen, and inasmuch as the obstacles which have hitherto existed may possibly be removed by further conference with our foreign missionaries and with the Prudential Committee of the A. B. C. F. M., a Standing Committee of five ministers shall be appointed, who shall take charge of this whole subject, correspond further with our missionaries and the Prudential Committee above referred to, and report to the Assembly from year to year.

The Report was adopted; and Rev. Joel Parker, D.D., Rev. James W. McLane, D.D., Rev. David O. Allen, D.D., Rev. Edwin F. Hatfield, D.D., and Rev. Henry Darling, were appointed the Standing Committee provided for in this Report.

Messrs. Samuel H. Perkins, John A. Brown, and Thomas Fleming were appointed a Committee for the purpose of securing the $12,500 necessary to secure the purchase of the Presbyterian Publication House. It was also

Resolved, That one member of every Synod be appointed to take measures, each within the bounds of his own Synod, to obtain the remaining $12,500.

The Assembly adjourned until to-morrow at 9 o'clock A.M.

Concluded with prayer.

TUESDAY, May 30th, 9 o'clock A.M.

Kirkpatrick, Otis Allen, B. Corwin, S. H. Hungerford, H. Osborn, E. Galpin, P. Stewart, M.D., and J. C. Homan.

The Assembly resumed the consideration of the Report on Romish Baptism, and the whole subject was indefinitely postponed.

The following preamble and resolution upon the subject of the Church Erection Fund were unanimously adopted.

Whereas, The Church Erection Fund of $100,000 must be complete before any part of it can be used;

Whereas, The amount, thus far pledged to the Fund, appears to be less than $80,000, about $50,000 of which has been placed in the Treasury, and nearly $20,000 is held by the churches or individuals pledging the same, to be paid to the Treasurer as soon as they are notified that the $100,000 is secured;

And whereas, It is of the highest importance to our feeble churches, that they soon obtain the aid which they have anticipated from the Fund, and for which they have waited in the hope and expectation of prompt relief after the sitting of this Assembly,

Therefore, *Resolved*, That the General Assembly hereby direct the

Board of Trustees of the Church Erection Fund to take measures immediately to lay the subject before our churches, and especially those of them who have not yet contributed to the Fund; and they earnestly exhort their brethren to come forward to the discharge of their duty towards this object, with promptness and liberality, so that this great enterprise may be speedily complete.

Resolved, That it is inexpedient for the Assembly to proceed to the election of Trustees of the General Assembly and of Directors of the Theological Seminaries for the present year.

The Committee on Bills and Overtures reported that no business was before them, and asked to be discharged; their request was granted.

The Report of the Committee on Church Extension was taken from the docket, and having been amended, was adopted and is as follows:

The General Assembly of 1852, in adopting a plan for the extension of the Church, required each Presbytery to render an annual Report on that subject, designed to indicate the condition and progress of the churches in external affairs, much in the same way that their spiritual state is presented in the Narratives of the State of Religion. These Reports were to be condensed and presented to the Assembly by the Committee on Church Extension, with any additional suggestions calculated to promote the enlargement of the Church.

This Committee regret to state, that not more than one fourth of the Presbyteries have complied with the requirements of the Assembly; and many of these Reports are too indefinite to be of any use for the purposes designed. Enough however has been reported to show, in no inconsiderable degree, the outward prosperity of our churches. Many Presbyteries are seeking enlargement, and are hindered only by the want of ministers, and of suitable places of worship. We cannot avoid the expression of the conviction, that the fact, that about half of the ministry engaged in pastoral labor are stated supplies and not pastors, has a most injurious influence upon the prosperity of the churches. Where no permanent and regular connection exists, and frequent changes are made, no permanent and satisfactory results can be secured.

The facts communicated in these reports are so miscellaneous, that the Committee must excuse themselves from the service of classifying them. The result would be too imperfect to afford any information to the Assembly.

The Reports on Education for the Ministry, from the same Presbyteries, show that but partial attention has been given to the subject in a few of the churches. The general interest felt concerning it is very far below what it should be, for it is second to no one. We believe it will never receive the consideration becoming its importance, until our churches shall cease to rely upon any organization, either ecclesiastical or voluntary, to discharge their duties, and shall make it a matter of daily and prayerful concern among themselves.

The Committee think it highly desirable, that the information sought through these Reports should, from year to year, be communicated to

the Assembly; but they believe, from the experience of the past two years, that it will not readily be done through these separate Reports. They therefore propose a change in the manner of communicating it to the Assembly, and recommend the adoption of the following resolution:

Resolved, That the Presbyteries be directed to forward yearly to the General Assembly, in connection with the Narratives of the State of Religion, a statement of such facts indicating their outward progress, as were called for in the reports required by the Assembly of 1852; and that the Committee on the preparation of the General Assembly's Narrative shall hereafter incorporate them into the Narrative, as far as they may be of special interest to the churches.

In reference to the Report of the Committee of Conference with the American Home Missionary Society and the Philadelphia Home Missionary Society, your Committee would recommend as follows: That the Assembly design and desire that the Presbyteries should continue to coöperate with the American Home Missionary Society and the Philadelphia Home Missionary Society; that, the difficulties apprehended being all happily adjusted, they see no occasion to create any other instrumentality.

The Committee on Church Extension, having completed their business, were discharged.

The resolution on ministerial support, offered on Thursday last, was, by permission of the Assembly, withdrawn.

A member of the Committee appointed by the last Assembly, to report on the *Rights of Conscience*, reported that they had not been called together, and the Committee were discharged.

The Committee to nominate members of the Standing Committee on Education for the Gospel Ministry, presented the following nomination, which was adopted: Rev. Albert Barnes, Rev. Thomas Brainerd, D.D., Rev. J. J. Owen, D.D., Rev. A. A. Wood, Rev. George Duffield, Jr., Hon. William Darling, Mr. Thomas Fleming, Mr. William Purves, and Mr. J. B. Pinneo.

The choice of a Secretary of Education was referred, in accordance with the Plan, to the Standing Committee.

Resolved, That the thanks of this Assembly be tendered to the Committee on Church Erection, for the faithful, efficient, and able manner in which they have performed the duties assigned them.

Resolved, That the thanks of this Assembly be tendered to the citizens of Philadelphia, who have extended their hospitality to the Commissioners and others in attendance, and have contributed to make their stay in this city so peculiarly pleasant; with the assurance of our fervent prayer that the blessing of God in connection with this Assembly may rest upon them.

Also, that the thanks of this Assembly be tendered to the Committee of Arrangements, for their promptness and activity in providing for our comfort.

Also, that the thanks of this Assembly be tendered to the Trustees of the first Presbyterian Church of this city, for the accommodations extended to the Assembly during their present sessions.

Also, that the thanks of this Assembly be tendered to the Waverly Ice Company, for supplying us with ice.

Thanks were also tendered to the Moderator, Rev. Thomas H. Skinner, D.D., for his dignified, kind, and impartial discharge of the duties of his office.

The minutes of the session were read and approved.

The calling of the roll was dispensed with.

The business of the Assembly having been finished, and the vote having been taken for the dissolving of the Assembly, the Moderator, with prayer and the apostolic benediction, declared the Assembly dissolved; and required another General Assembly, chosen in the same manner, to meet in the first Presbyterian Church in the city of St. Louis, on the third Thursday of May, 1855, at 11 o'clock A.M.

HENRY DARLING, *Permanent Clerk.*

APPENDIX.

I. Annual Narrative

OF THE

STATE OF RELIGION

WITHIN THE BOUNDS OF THE

PRESBYTERIAN CHURCH

IN THE

UNITED STATES OF AMERICA,

MAY, 1854.

From somewhat more than half only of the entire number of Presbyteries in connection with the General Assembly, have Narratives of the State of Religion been received. The information furnished, however, may be regarded as descriptive of the state of religion generally within our bounds. The moral landscape spread out before us, though containing barren spots to mar its beauty, presents, nevertheless, a wide extent of fertility and spiritual fruitage. Our hearts are made to rejoice, and the deepest feelings of gratitude to our heavenly Father are excited within us. With equal admiration as expressed by the Psalmist, and adopting his language, though in a spiritual and not a physical sense, we exclaim, "Beautiful for situation, the joy of the whole earth, is Mount Zion."

TEMPORAL PROSPERITY.

The temporal condition of the churches is highly gratifying. The unparalleled prosperity of the country, which attends all branches of business, reäcts favorably upon the pecuniary interests of the Church. As a consequence, many churches have been relieved of debt, more than forty new edifices are reported as having been erected during the year past, quite a large number are now in the process of being built,

and many old ones have been repaired, or entirely remodelled and beautified.

The churches generally meet their pecuniary obligations to their pastors. Some have set the example, worthy to be imitated, of increasing ministerial support, as the materials of living have advanced in value. Much still remains to be done in this direction, before it can be said in its true sense, "They that serve at the altar shall live of the altar."

The subject of Temperance has engaged a large share of public attention during the year past, especially in the shape of a prohibitory law against the manufacture and sale of intoxicating drinks. The people of God, almost without exception, are in favor of such a measure. And it is hoped, that the time is not far distant, when such a law shall be universally adopted and enforced.

Convictions of duty, as to the reforms of the day, have become settled; so that causes which, in years past, affected more or less the tranquillity of the Church, are now but slightly felt. The pastoral relation is more permanent, and never were our churches in a more united and peaceful state.

BENEVOLENCE.

The various objects of benevolence have been met, during the year, with increased liberality on the part of Christians. It was feared by some, that the attempt to raise one hundred thousand dollars for the purposes of Church Erection would materially diminish the amount contributed to other objects. We are happy to state, that such has not been the result. On the contrary, while this enterprise has been in progress, the churches have actually increased their contributions in other directions. We regret that so large a number of churches have contributed nothing to this fund, and that the full amount has not yet been raised; but hope that the remainder will speedily be made up.

SPIRITUAL CONDITION.

In regard to the special spiritual condition of our beloved Zion we find much to gratify and encourage our hearts. The ordinances of Christ's house, Baptism and the Lord's Supper, are generally observed. Attendance on the preached word is good; Christians are edified; the deepest solemnity often sits upon the countenances of multitudes of perishing men, and many of them are converted to God. Sabbath-schools generally are in a prosperous condition, and it is manifest that the blessing of God attends the institution. Many new Bible-classes have been organized. But what is peculiarly gratifying in this connection is the extent to which catechetical instruction is given. In several instances, pastors have revived the old custom of meeting the children at stated seasons, and questioning them as to their knowledge of doctrinal truth, thus guarding them against the errors of the day, and embedding, in their minds and hearts and consciences, truth that

shall live, when corrupted Christianity and every false theory on the subject of religion shall have passed away.

Churches and Presbyteries also are bringing forward a number of young men for the gospel ministry. It is thought, that this subject is assuming a new importance in the minds of Christians, and that we are to have an increased interest respecting it that shall be universally felt.

In regard to revivals of religion, though we may not be able to record as great outpourings of the Holy Spirit as in some other years, yet many churches have been refreshed. Some have enjoyed deep and powerful works of grace. Nearly one hundred revivals of religion have been reported, besides many cases of decided spiritual interest not called revivals. Many precious souls have been gathered into the fold of Christ, showing us that the Lord is with us, and that we have only to sow the seed and water it with our prayers and tears, and He will give the increase.

But while we thus rejoice in our temporal prosperity, in the increased liberality to benevolent objects, and in the number of revivals of religion, we would not disguise it from our minds that there are things to detract from this cheering picture.

TRIALS AND DISCOURAGEMENTS.

There are trials and discouragements. We do not notice, however, any that are peculiar or uncommon to the work in which we are engaged. It is a subject of painful regret that the exhortation, "Be not conformed to this world," is so extensively disregarded. The power of consistent Christian example is lost in numerous cases, and the world may rightly ask, "What do ye more than others?" The ordinance of infant baptism is neglected by some. This subject, we think, pastors should more frequently present to their people; and urge upon them the duty and the benefit of recognizing the Abrahamic covenant. Few young men, compared with the wants of the country and the world, have the gospel ministry in view. This we regard as one of the most discouraging signs of the times in the midst of us.

Outside of the Church is Romanism, infidelity, philosophic error, profanity, Sabbath-breaking, and intemperance; but over all these, the gospel is able to triumph in the hands of a faithful ministry and a praying Church.

DECEASE OF MINISTERS.

In conclusion, we are reminded that the time is short. During the year a number of our most useful and beloved brethren in the ministry have been called away by death. Some of them have been called from the very heights of Zion. Their deeds live after them, and the fragrance of their memory will long remain in the Church. Since the meeting of the last General Assembly the following twenty-four ministers have been called to their reward on high, viz:

Rev.	Solomon Williams,	of the Presbytery of	Champlain.
"	Silas Churchill,	"	Columbia.
"	Samuel N. Steele,	"	"
"	Seth Burt,	"	Utica.
"	Richard F. Cleveland,	"	"
"	William Clark,	"	Chemung.
"	Roderick L. Hurlburt,	"	Ontario.
"	Francis Danforth,	"	Buffalo.
"	Charles Hall, D.D.,	"	New-York, Third.
"	Walter S. F. Graham,	"	Wilmington.
"	Eliphalet W. Gilbert, D.D.,	"	Philadelphia, Fourth.
"	Charles Sharman,	"	Erie.
"	Henry Eastman,	"	Marshall.
"	Henry N. Peck,	"	Kalamazoo.
"	Alanson Saunders,	"	Grand River.
"	Jonathan Bigelow,	"	Cleveland.
"	William A. McCampbell,	"	Indianapolis,
"	Thomas Anderson,	"	Fort Wayne,
"	James Gallaher,	"	St. Louis.
"	David Weir,	"	Osage.
"	Samuel Washburn,	"	District of Columbia.
"	Charles Coffin, D.D.,	"	Holston.
"	George Moore,	"	Clinton.
"	Thomas Magruder,	"	"

By order of the General Assembly,

THOMAS H. SKINNER, *Moderator.*

EDWIN F. HATFIELD, *Stated Clerk.*

II. Correspondence.

I. REPORTS OF DELEGATES.

I. To the General Association of Massachusetts.

I take this mode of reporting to the General Assembly, that, in accordance with my appointment, I attended the General Association of Massachusetts, at their annual meeting, in Falmouth, in June last. As the delegate from the General Assembly I was received with every expression of courtesy and fraternal confidence. The statistics of the Association are contained in their Annual Report on your table. It would give pleasure, I was requested to say, to the members of that body, if our own Minutes could be more generally distributed among their local Associations.

A delegation was appointed to our Assembly by the Association, who will, I doubt not, repeat the assurance, on the part of that body, of a desire to perpetuate our present relations of Christian harmony and affection.

Respectfully submitted, W. ADAMS.

New-York, May 18th, 1854.

II. To the General Association of Connecticut.

The delegate, appointed by the last General Assembly to represent our Church in the General Association of Connecticut, respectfully reports:

That he attended the sessions of that body, in June last, in the City of Waterbury, Ct. There was a large representation of the Congregational ministers of the State, and the proceedings of the Association excited unusual interest.

Your delegate was received with courtesy and kindness; and, at a suitable opportunity, was invited to address the Association.

In the course of the remarks which he offered, your delegate took occasion to assure the Association of the continuance, in our Church, of the fraternal sentiments, which had actuated our fathers toward

their Congregational brethren of Connecticut. He spoke of the satisfaction with which the Assembly always received the representatives of the Association; and expressed regret that their delegate had not attended the sessions of the Assembly at Buffalo.

In the report presented at Buffalo by our delegate to Connecticut for 1852, it was remarked, that "the course pursued by the delegate from the General Association of New-York was highly discourteous to our Church." The undersigned regrets to state, that a similar remark would be within the truth, if made respecting the address of the New-York delegate at Waterbury. No allusion, however, would have been made to this subject in this Report, but for the satisfaction which your delegate feels in informing the Assembly, that there was evidently no sympathy in the Association with the discourteous address of their visitor. So far from it, the tone and manner of the delegate from New-York received a public and effective rebuke from some of the prominent members of the Connecticut Association.

The absence of the delegate of the Association from the Assembly of last year was satisfactorily explained by him in public session; and a representative was chosen to visit the present Assembly on the part of the venerable Association.

Respectfully submitted, JOHN N. LEWIS.

Philadelphia, May 23d, 1854.

III. To the General Association of New-Hampshire.

The undersigned, agreeably to appointment of the General Assembly of 1853, attended the annual meeting of the General Association of New-Hampshire, at Littleton, N. H., in August last. He was fraternally received by that very respectable division of the Christian brotherhood. It was a delegated body from the District Associations, representing 154 ministers, 187 churches, and 20,167 communicants; having increased, notwithstanding a constant emigration to other States, 343 within the last year. An increased permanence in the pastoral relation and in the attendance upon the stated means of grace was reported. The good brethren greatly lamented that their State should be the tippling-ground on which the drunkards of other States around them, unable to get strong drink at home, should so thickly congregate. Intemperance seemed to be increasing among them. The brethren in New-Hampshire, your delegate conceives, *practically* make more and expect more of infant baptism and the consecration of their children to a covenant-keeping God than we do. And they observe, from year to year, the manifest tokens of the Divine approbation in the conversion of their children, and even of their children's children. In this respect they may afford us, on the one hand, reproof, on the other, encouragement. The Association appointed a delegate, whom I hope you will see at Philadelphia.

Respectfully submitted, A. J. FENNEL.

Glen's Falls, N. Y., May, 1854.

IV. To the General Association of New-York.

The undersigned respectfully reports to the General Assembly, that, in accordance with the appointment of the last Assembly, as alternate to Rev. S. T. Spear, D.D., he attended the sessions of the General Association of New-York, which commenced on the 24th of August, at Owego, N. Y. He was kindly received by that body, and had the pleasure of presenting to them the Christian salutation of the Assembly, and of stating generally the condition of our churches, and the prosperity with which they had been blessed during the year; and also of renewing the expression of those sentiments and feelings of fraternal regard, entertained by the Assembly towards them, and the other Congregational bodies with which the Assembly is in friendly correspondence.

The Association was not large, though the number in attendance was greater than in any previous year. The discussions related generally to topics of a denominational character, and were conducted throughout with great harmony and good feeling. There were, however, two points to which your delegate would advert with some particularity. The Association had the previous year appointed a committee "to make out a list of all the Congregational churches in the State, whether connected with the Association, or Independent, or joined with Presbyteries on the Plan of Union."

The Committee in their Report say, that the whole number of said churches, so far as they could ascertain, is three hundred and sixty-one. Of these, one hundred and fifty are printed in the Minutes of the Association; ninety are Independent; and one hundred and twenty-one are connected with Presbyteries. They found considerable difficulty in obtaining the statistics in some cases, and, therefore, conclude that "the number of churches connected with *Presbyterian bodies* upon the Plan of Union is probably considerably larger than that stated above." Six churches are reported by the Committee as having "withdrawn from Presbytery during the year." They also state that the number of churches, whose form of government has been "changed from Congregational to Presbyterian," so far as they could learn, "is *seventy-five;* and among them are some of the most prominent and important churches in the State." The Association voted, that the list of the churches connected with Presbyteries be published in the Minutes. The Minutes, as printed, show but three such churches.

The other point, to which your delegate would advert, is the discussion which took place upon the Report of the Committee to nominate delegates to foreign bodies. A motion was made and seconded, to amend the Report by "omitting the delegation to the Assembly of the Presbyterian Church, and suspending the correspondence with that body." This amendment was urged on the ground that there are slaveholders in churches connected with the Assembly, and that the Assembly, therefore, had not done its duty on the subject, and consequently, that the correspondence should be suspended. On the other hand it was urged, that, in the present state of things, it would be

unwise to discontinue this correspondence, and also, that it would cut off all opportunity of bearing their testimony in the Assembly against the evil, and of influencing that body to do what they wanted it to do in the matter.

Under these circumstances, your delegate felt called upon to say, near the close of the discussion, that while he did not wish to influence the vote about to be taken by any opposition to the proposed amendment, yet he did feel that it was due to the Assembly which he represented to state, that the only possible basis upon which this correspondence could be carried on, was that of a mutual and sincere desire to continue it; and that the idea of continuing it for the sake of urging the Assembly to further action on the subject of slavery might be construed as indicating some abatement of that desire on their part. He, moreover, stated that the Assembly had, in repeated instances, spoken out plainly and strongly against the evil in question—that it had done all that it would probably deem wise and proper to do under existing circumstances.

The motion to amend the Report was lost, two persons only voting for it. The Association, however, after adopting the Report of the Committee, passed the following resolution, slightly varied from that adopted by the General Association of Massachusetts, viz.:

"*Resolved*, That in continuing our correspondence with ecclesiastical bodies having churches in slaveholding States, the Association, so far from expressing any satisfaction with the practice of slaveholding, desire it to be understood, that, in connection with other objects, it is for the purpose of bearing their continued and earnest testimony against the sin of slaveholding and exerting their appropriate influence in favor of its speedy removal."

Whether such a resolution, under the circumstances of the case, should be allowed to affect at all the question of continuing the correspondence, is for the Assembly, in its wisdom, to determine.

All which is respectfully submitted,

JAMES W. McLANE.

Williamsburgh, N. Y., May 24th, 1854.

V. To the General Conference of Maine.

The undersigned respectfully reports to the General Assembly, that, in accordance with the appointment of the last Assembly, he attended the sessions of the General Conference of Maine, at Saco, Me., on the 21st, 22d, and 23d of June last.

Your delegate was received with a cordiality which furnished delightful evidence of a kind, fraternal feeling toward our branch of the Church universal, and a deep interest in the success of the various Evangelical organizations for the diffusion over the earth of "the glorious Gospel of the blessed God." Business sessions were conducted with great harmony and dispatch; leaving much time for the

spiritual and religious. With the ecclesiastical, the benevolent and devotional mingled largely; calling out, from all parts of the State, to this their annual religious convocation, crowds of interested listeners. The sermons, reports, and addresses in behalf of the various benevolent Societies, exhibited great zeal and energy in the Master's cause; and the devotional exercises were conducted with an unction and fervor of spirit worthy of all praise.

Your delegate had the pleasure as well as the privilege of assuring that beloved branch of the Congregational family, that Presbyterians of our connection had no wish to shut out Calvinistic Congregationalists from an occupancy with us of the widening fields of the West and South, no wish to confine Congregationalism to New-England and hermetically seal it up there for ever. One with us in the distinctive doctrines of our faith, and in the propagation of a living, evangelical and aggressive Christianity, we invited them to a participation with us in the responsibilities, the labors, and the joys of making our common country as the garden of the Lord.

Your delegate was pleased to remark the manifestation in all things of their kind and fraternal feelings towards our branch of Zion; and cannot but devoutly wish for a continued correspondence of constantly increasing, fraternal confidence and affection, "for we are brethren." A delegate was appointed to attend the sessions of the General Assembly at Philadelphia on the 18th of May next.

All of which is respectfully submitted,

B. B. BECKWITH.

Gouverneur, N. Y., May 13th, 1854.

VI. To the General Convention of Vermont.

Agreeably to appointment by the last Assembly, the undersigned respectfully reports; that he attended the sessions of the General Convention of Vermont, held at Windsor, Vt., on the 20th, 21st, and 22d of June last. The expressions of fraternal feeling, which your delegate was permitted to make in behalf of the General Assembly, were cordially reciprocated by the Moderator and members of the Convention; and, while mingling with them in the various services of the occasion, he could not but feel the truth of the sentiment so often expressed, that in doctrine and spirit and general aim both they and we are one.

Reports on the state of religion were received from all parts of the State; and though they were not marked by a general outpouring of the Spirit, they were so many evidences, both that God had not left himself without a witness, and that the good seed of the kingdom had been scattered with fidelity. Most cheering accounts of the beneficial effects of the *Maine Law* were also presented.

But the time and attention of the Convention were mostly occupied with the Anniversaries of the various benevolent Societies of the State. These were highly interesting, and showed that the brethren felt the

truth of the Apostle's declaration, "It is good to be zealously affected always in a good thing."

Your delegate felt himself justified in assuring the Convention, that, whatever might be the feelings of a solitary few, the General Assembly had no sympathy with any movement, whose tendency would in anywise interrupt the Christian fellowship which has so long existed between the two bodies. Rev. Mr. Merrill was appointed a delegate to attend the present sessions of the Assembly.

On taking leave of the Convention, your delegate received many expressions of kindness and Christian sympathy; and it is his earnest prayer that these expressions may ever be reciprocated between the members of that body and the General Assembly.

All of which is respectfully submitted,

N. E. PIERSON.

VII. To the Presbyterian and Congregational Convention of Wisconsin.

The undersigned, your delegate to the Presbyterian and Congregational Convention of Wisconsin, for 1853, would respectfully report, that he attended such convention in October last. It was held at Madison, the capital of the State. The attendance was large, and its sessions deeply interesting. Your delegate received every attention which the body he represented could at all claim or desire. A disposition was manifested to continue the correspondence, and a delegate was appointed to attend the General Assembly of 1854, during its sessions in Philadelphia. The brethren of the Convention, without in the least attempting to dictate to your Rev. body, expressed a desire, that, somewhat more frequently than previously, delegates might be sent to them from the East, in order the better to maintain that acquaintance and sympathy between the Eastern and Western Churches which seem not only desirable but necessary for the prosperity of the American Zion.

All of which is respectfully submitted, WM. WISNER.

Lockport, N. Y., May 15th, 1854.

VIII. To the Synod of the German Reformed Church.

The undersigned, delegate from the General Assembly of 1853, to the Synod of the German Reformed Church in the United States, would respectfully report, that he attended a part of the sessions of that body, according to appointment, and was received and treated with Christian kindness. The discussions of the Synod, while your delegate was present, were of a local and personal nature, having

respect to the soundness in doctrinal views of some of their members, in which discussions great ability was displayed, and, as was most apparent, a spirit of true progress in theological knowledge and the expression of faith. The personal acquaintance made with some of the members was very pleasing. Being compelled to leave rather suddenly during the meeting of the Synod, your delegate addressed a letter to the Moderator, stating some facts in respect to our Assembly, especially referring to our proposed action in regard to Church Erection, which letter was read and kindly referred to in the subsequent proceedings of the Synod.

There seemed no disposition to bring the pleasant correspondence of these two bodies to an end; on the contrary, a delegate to our Assembly was chosen, who will doubtless be present at the next meeting, and present the fraternal greetings of the Synod.

All of which is respectfully submitted,

Buffalo, N. Y., May 3d, 1854. ALBERT T. CHESTER.

II. FOREIGN CORRESPONDENCE.

Union des Eglises Evangéliques de France, *Paris, le 4 Mai*, 1854.

To the Rev. Moderator of the General Assembly of the Presbyterian Church:

Reverend and honored Brother in Christ Jesus, our common Lord and Saviour!

Having heard that the General Assembly of the Presbyterian Church is to meet this month, we take the liberty of addressing to you the expression of our desire to enter into correspondence with her. "We are of one body and one Spirit, as there is but one Lord, one faith, one baptism, one God and Father of all;" and we think it is for the glory of God and the advancement of his kingdom, that his children all over the world should show forth the common tie which binds them together in one body, of which Jesus Christ, and he crucified, dead, risen and sitting at the right hand of the Father, is the only and blessed Head, one true and living God, with the Father and the Holy Spirit. We are in regular correspondence already with the Free Church of Scotland, the United Presbyterian Church of Scotland, the Presbyterian Church in Ireland, and some others; and now, after five years' experience, we desire, if it be the will of God, to enter also into correspondence with our sister Churches in America, and with the one represented by the General Assembly, over which you preside in particular.

The origin, in 1849, of our Union of Evangelical Churches in France, you are, no doubt, acquainted with, and know it had its source in the positive refusal of the Synod of the State-paid Reformed churches in

corner-stone;" planted amidst the wide-spread corruptions and desolations of an apostate Church; representing the voluntary principle in opposition to a "State-paid," and therefore a State-controlled, clergy; and having to struggle for life under the unjust and oppressive enactments of the civil power.

The recital of your trials and triumphs, hopes and fears, and especially the expression of your determination to remain true and faithful, even unto death, in the crisis which you foresee as near at hand, calls forth our deepest sympathy, our gratitude to God, and earnest prayer that grace may be given to you all equal to your day. It is no new or strange thing, for the priesthood of Rome to join hands with Cæsar in the work of persecuting the true Church of Christ. And it is no new thing for God to prove his chosen servants in the furnace of affliction. The history of the Protestant Evangelical Church of France is written in blood. We rejoice, in common with you, in that history, as illustrating the life and power of Christianity, and the sustaining and conquering grace of our God and Savior. And, in the existing and coming conflict to which you allude, we beseech Almighty God, that you may, as we confidently believe that you will, prove steadfast and faithful, rendering to the world a testimony, worthy of the Protestant faith, and of the glorious antecedents of the Evangelical Church of France. We will not forget you in this day of trial. We shall continue to watch, with no little solicitude, the progress of events in your country with reference to the kingdom of God. So far as it may be in our power, we will help to bear your burdens, "and so fulfill the law of Christ;" remembering you in your bonds as bound with you, and not ceasing to pray, that your faith fail not, and that final deliverance and enlargement be given to you and to the cause that you represent. We believe that God, who bringeth good out of evil, will overrule these trials and persecutions to the advancement and ultimate triumph of the truth, causing "the wrath of man" to "praise him, and the remainder thereof he will restrain." Be encouraged and refreshed by the divine assurance, "Greater is he that is for you, than all they that are against you."

While thus sympathizing with your Church in its trials, we are pained and grieved at the thought, that, in the middle of the nineteenth century, and contrary to the enlightened sentiments of the Christian world, a government professedly based on the will of the people and on just and equal laws,—a government which has repeatedly guaranteed the principle of Protestant liberty, and which, in alliance with the first Protestant nation of the world, and sanctioned by the almost unanimous voice of Christendom, is now seeking to have this principle established in Turkey,—that a government of such antecedents, professions, and position before the world, should interpose, incited by the Papal priesthood, the sworn universal enemies of civil and religious freedom, to close your houses of worship and your schools, to imprison your pastors, and seek to put a stop to all independent Protestant preaching and labor for the building up of Christ's kingdom. In the name of our common Christianity, of Protestant liberty, of consistency, and of this enlightened age, we unite with you in solemnly protesting against such a wrong.

We have been cheered to learn, that "the spiritual work of God is slowly but steadfastly going on" in France; that your churches are characterized by an active and aggressive missionary spirit; and that some of them at least have been signally favored by Him who "giveth the increase." May the number of your churches be greatly increased! May "pure religion and undefiled" be generally and gloriously revived throughout the Reformed Church; and may the approaching meeting of your Synod be signalized by the special presence of the Great Head of the Church, and by the power of the Holy Ghost shed upon all its members, refreshing your spirits under your sore trials and many difficulties, and strengthening your souls for future toils and conflicts.

The General Assembly has delegated one of our brethren, greatly beloved, (the Rev. Jonathan French Stearns, D.D.,) to convey to you this expression of our sentiments and feelings, and to make whatever additional statements he may choose, if it shall please the Lord so to order it that he shall be present at the meeting of your Synod at Mazamet in August next.

Commending you all, and the cause of Evangelical truth and piety in France, to the care and blessing of God, our Lord and Savior,

We remain, beloved brethren in the faith and hope and sufferings of the Gospel, truly and faithfully yours,

In behalf of the General Assembly of the Presbyterian Church of the United States of America,

THOMAS H. SKINNER, *Moderator.*

EDWIN F. HATFIELD, *Stated Clerk.*

III. Extracts

FROM THE

SECOND ANNUAL REPORT OF THE PUBLICATION COMMITTEE OF THE GENERAL ASSEMBLY, MAY, 1854.

Ordered to be published in the Appendix. (*See page* 508.)

"EVERY DENOMINATION MUST HAVE ITS APPROPRIATE DENOMINATIONAL LITERATURE. Your Committee lay this down as a maxim that admits of no denial. Its catechism, directory of worship, form of government, hymn-book, commentary, doctrinal and practical treatise, its history, biography, and various periodicals for information and discussion, are as natural to it as the leaves and flowers upon the tree. They are equally essential to growth and fruit. The literature of a Church is just as necessary as that of a nation. The main reliance of a nation for its prosperity and permanence must be on those of its citizens who are *intelligent* in their preference, and whose patriotism is based on something more substantial than mere local sympathy. So with a denomination. Cease to preach a doctrine, and it will soon cease to be believed. In this country, and in this age of the world, particularly, let the denomination cease to represent itself by the press, and it will soon cease to exist, and be superseded by others, whose denominationalism is more zealous and effective."

"Regarding a true denominational spirit as kindred in its nature to the love of country, and the love of home, and just as innocent, the very love we bear to the Church as a whole, should lead us to desire the prosperity of our own particular part. If, then, next to the pulpit for securing this prosperity, we perceive that the most potential agency is THE PRESS, we should unhesitatingly employ it as an auxiliary. We cannot afford to be without that which is already in the possession of every other denomination. If our doctrines are worth preaching, they are worth printing and circulating. If other Churches think it all-important that the teachings of the pulpit and the press should be in harmony, we think the reasons equally strong why this harmony should exist among ourselves. Other agencies will not, and cannot publish and circulate books and tracts in which the distinctive doctrines and polity of our Church are exhibited; in some form or other,

therefore, we must have an agency of our own. The place for our light is not under a bushel, but on a candlestick. If we *are* a denomination, we must *be* a denomination in the face of all the world!

The *necessity* for such a literature thus established, your Committee further think that its progress may usually be traced through three distinct and successive stages:

I. Its CREATION.
II. Its COLLECTION.
III. Its DISTRIBUTION OR CIRCULATION.

The wants of the Church, the country, and the times, are imperative, and must be supplied. First of all, therefore, the books must be written. Written by different individuals, at different times and places, and scattered from the Atlantic to the Pacific, and from the St. Lawrence to the Gulf of Mexico, convenience soon requires that they should be gathered into one place. Hence the necessity for a rallying-point; some national head-quarters, in the form of a denominational bookstore, where *all* the books that are needed by the members of our churches for various purposes may be kept, and not merely those that command the readiest sale. One step more. The reservoir is comparatively worthless without its pipes for distribution. It is now perfectly understood by those who are at all familiar with the book-trade in our country, that it is not enough for a book to be written and placed in a store. It must be advertised, and that not merely once, but frequently, and indeed continually; not in one paper, but in many papers, all over the country. Hence again, the necessity of a regular system of distribution, descriptive catalogues, colporteurs, &c.

A single establishment of this kind, properly arranged and conducted would be amply sufficient for the wants of the entire Church."

"To quicken the greatly flagging zeal of our denomination in this respect, let us glance for a moment at what is now doing by others.

I. THE METHODIST BOOK CONCERN.—Originating in 1789 on $600 of borrowed capital, its capital at the present time is more than half a million. In 1850, its sales amounted to $202,358.27. Hereafter they expect their annual sales to amount to $250,000, or one million of dollars every four years.

II. PRESBYTERIAN BOARD OF PUBLICATION.—Commencing their present operations in 1840 with a capital of $40,000, raised by a simultaneous collection throughout all their churches, the total number of volumes and tracts issued by the Board from 1840 to March, 1853, was 4,151,900. (15th Annual Report, p. 15.) Sales for 1852, $72,746.35. In 1851, their Colporteurs found 2772 Presbyterian families without the Confession of Faith. Sometimes they have found one hundred families in a single church without a copy; sometimes whole churches with only one! We fear that the destitution of our own churches, in this respect, would afford a melancholy parallel.

III. AMERICAN BAPTIST PUBLICATION SOCIETY.—Receipts for 1852, $43,404.88. Total number of publications, 432,700; pages of tracts,

3,000,000. Total issue of pages for 1852, 19,678,800. 'The cash receipts from business operations pay all the expenses incurred in stereotyping, printing, binding, salaries of officers,' &c. Receipts for the last year, $50,000. At their annual meeting last week an elaborate Report was presented and adopted, showing the importance of transfering their House of Publication from Arch street to Chestnut street. Of the $50,000 necessary for this purpose $37,800 have been already raised; $10,000 of which were subscribed by two gentlemen in this city, $5000 each.

IV. DOCTRINAL TRACT AND BOOK SOCIETY.—Established about thirty years ago; up to 1847, this Society had published and circulated 45 tracts. It was then resolved, that the object of the Society should be prosecuted with more zeal and vigor, and on a more enlarged scale. Liberal subscriptions of $1000 each were accordingly secured from a few individuals, and the Society began to publish books as well as tracts. In 1852 it was virtually recognized in the resolutions of the Congregational Convention, at Albany, as the book concern of the denomination, and hereafter there is every reason to believe that its operations will be conducted with very great energy."

DUTIES.

Carefully to estimate our resources in reference to such an enterprise. Have we the money? Of this, if the object is seen to be a desirable one, there can be no doubt whatever. Have we the books? We answer, THAT WE HAVE. As we endeavored to show in our first Report, it is not necessary for us to *create* a denominational literature; we find it already done to our hands, and a better one for the most part we do not desire. Since then, the catalogue that we presented has been largely increased. Without going further than the authors in this very Assembly, we can find works enough in every department of religious literature to afford a broad and solid foundation for all time to come. Now that they have the golden opportunity for this purpose, your Committee do most earnestly entreat these fathers and brethren to take care of their own children, and suffer them no longer to wander through the country as waifs and strays. What they are too modest to do for themselves as individuals, their modesty should not prevent them from doing unitedly, for the good of the Church as a whole. These children in their turn may become the fathers of other intellectual offspring. 'It pleased God,' said RICHARD BAXTER, 'that a poor pedlar came to the door, that had ballads, and some good books, and my father bought of him Dr. Sibbes' Bruised Reed. This I read, and found it suited to my taste and seasonably sent to me. After this we had a servant that had a little piece of Mr. Perkins' work on Repentance, and the reading of that did further inform and confirm me; and thus *without any means but books was God pleased to resolve me for himself.*' DODDRIDGE borrowed the works of Baxter, and the practical writings of the earlier divines of the seventeenth century, which he read often and carefully, and with much spiritual benefit. 'The Rise and Progress of Religion in the Soul,'

from the pen of Doddridge, which contains solemn appeals characterized by the spirit and earnestness of Baxter, led WILBERFORCE to seek for pardon through a Redeemer; whilst 'The Practical View of Christianity,' by that eminent philanthropist, was the instrument employed by the Holy Spirit to lead Rev. LEIGH RICHMOND to repentance; and who can calculate the number that have been safely guided to the rest of the righteous by 'the Dairyman's Daughter,' and 'the Young Cottager?'—[Jubilee Memorial of the London Religious Tract Society.] The influence that the Church is bound to exert is not merely a present but a *posthumous* influence; and in what better way can this be done than through the press? If we hide this talent in a napkin, we do so at our peril.

Thus estimating our resources and responsibilities in this matter, your Committee would recommend, as the SECOND duty of the Church, as speedily as possible to provide a HOUSE OF PUBLICATION."

"Thus far, this has been the principal object on which their eye has been fixed in the prosecution of their enterprise. They want a House, not merely for the few tracts that they have published, or may hereafter publish, but as a place *in* which to collect, and *from which to distribute, the literature of the entire denomination.* Printing a book, however favorable the terms on which it may be done, is not publishing it; publishing it is not by any means sufficient to insure its circulation. There must of necessity be some fixed and definite point, where the demand and supply may meet and concentrate. In short, it must be with us just as it is with other denominations, in this respect; *we must have a House, and there is no alternative.* A year ago, your Committee were authorized by the Assembly, 'to take such measures as they might deem advisable, to secure *the necessary funds* for the erection of a House of Publication.' Without detailing the successive steps in the case, they would say, that this important matter has recently worked out into a new and unexpected form."

"The publications issued during the past year, are as follows:

	Copies.
Tract No. 1, viz.: Rev. Dr. Richards on the Extent of the Atonement,	1,500
Tract No. 2, viz.: Rev. Dr. Gilbert on the Perseverance of the Saints,	1,000

RECEIPTS AND EXPENDITURES.

Monies received from all sources,	$1,123 32
Expenditures for stereotype-plates, paper, press-work, &c.,	1,002 66

6.	Stereotype-plates of the Shorter Catechism, . . .

Though as yet but a day of small things with our Publication cause, your Committee are thankful and encouraged for the present, and hopeful for the future. "There shall be an handful of corn in the earth, upon the top of the mountains: the *fruit* thereof shall shake like Lebanon." The Church Erection Fund has given assurance to the world of our denominational existence. The next organic step on the part of the Assembly, we trust, will be the establishment of the Press, as the proper exponent of our great denominational principles. If we are not worthy of a denominational literature, we are not worthy to be a denomination at all!"

IV. Miscellaneous.

I. DELINQUENT CHURCH MEMBERS.

Extract from the Minutes of the General Assembly of 1825, Vol. V. 255–6:

"The committee appointed on the Overture from the Synod of New-Jersey, inquiring what a Church Session ought to do with members in communion who have been absent for years without having taken a certificate of dismission, and whose place of residence is unknown, made a report which, being read and amended, was adopted, and is as follows, viz.:—

"That although this particular case is not provided for by a specific regulation in our Book of Discipline, yet it is embraced by certain general principles, which are recognized in that book, and interwoven with many of its provisions. These principles, together with the result, bearing on the case in question, the Committee beg leave most respectfully to state.

"1. Every church member is amenable to some appropriate tribunal, by the wisdom and fidelity of which, in case of his falling into any error, immorality, or negligence, he may be dealt with according to the word of God.

"2. No member of a church can properly cease to be such but by death, exclusion, a regular dismission, or an orderly withdrawing to join some other Christian denomination; and must of necessity continue to be amenable to that church until he becomes regularly connected with another.

"3. For a church member to withdraw from a use of his privileges as a member, either by irregularly connecting himself with another denomination, or by going to a distant part of the world, to reside for a number of years, without making known his removal to the Church Session, and asking a certificate either of good standing, for the purpose of enjoying occasional communion elsewhere, or of dismission, to join some other church, is itself a censurable violation of the principles of church fellowship, and may infer suspension from its privileges.

"4. Church members, therefore, who have been absent for a number of years in unknown places, are by no means to have their names erased from the churches to which they respectively belong; but are to be held responsible to their respective churches, and, if they should ever return, or be heard from, are to be regularly dealt with, according to the word of God and the principles of our Church; and, although great caution and tenderness ought to be exercised towards those whose with-

drawing from Christian privileges may be occasioned by the unavoidable dispensations of Providence, without any material fault of their own, yet in all cases in which a Church Session has good reason to believe, that any of the church under their care have absented themselves with design, either from a disregard of Christian privileges, or from a wish to escape from the inspection and discipline of the church, they ought without unnecessary delay to declare such persons suspended from the privileges of the church until they give evidence of repentance and reformation; and of course, in making their statistical reports, ought to enumerate such among the members under suspension."

II. PRAYER FOR THE ASSEMBLY.

Extract from the Minutes of the General Assembly, in Session at Philadelphia, May 19th, 1821:

"An overture from the Synod of North Carolina was received and read, and is as follows:—

"Whereas, the General Assembly is the highest and most important judicatory of the Presbyterian Church; and whereas, to obtain the Divine blessing on that judicatory must appear, to every Christian of our denomination, to be a matter of the utmost moment; therefore,

"*Resolved*, That this Synod do respectfully suggest to the General Assembly the propriety of recommending to all the churches under their care to observe the *afternoon or evening previous to the meeting* of that body, as a season of special prayer to Almighty God for his blessing; that he would, of his infinite mercy, condescend to superintend and direct all their measures, deliberations and decisions; so that all may redound to the promotion of his own glory, and the general prosperity of that particular Church to which we belong.

"After some discussion, the above overture was adopted."

III. COMMISSIONERS' FUND.

Extract from the Minutes of the General Assembly, in Session at Philadelphia, May 23d, 1843:

"The Committee on the *Commissioners' Fund* made the following Report, which was adopted:—

"*Resolved*, 1. That the regulations of the Assembly, passed in 1838, be and the same are hereby repealed.

"2. That hereafter any Presbytery which had formerly obtained leave to pay the expenses of their own Commissioners to the Assembly, shall have liberty to pursue the same course if they shall desire it.

"3. Nevertheless, the Assembly would earnestly desire and recommend, that all the churches and Presbyteries under care of this

Assembly should make common cause, in raising an adequate fund to defray the necessary expenses of all Commissioners, whose circumstances may constrain them to apply for the same. This course of conduct the Assembly deem most equitable, fraternal, and Christian; for thus the strong will help to bear the infirmities of the weak, and all parts of the Church be best tempered together and edified.

"4. That every Presbytery be and hereby is earnestly requested to cause a contribution for the Commissioners' Fund to be taken up in all their churches, in the winter preceding each future General Assembly, and transmit the whole amount of the same to the Assembly, by their own or some neighboring Commissioner.

"5. That such Commissioner to this or any future General Assembly, whose Presbytery has not preferred to defray his expenses by the application of their own funds, and who has returned his mileage, or, at any time within four days from and after the opening of any future Assembly, returns to the Mileage Committee the number of miles which he has necessarily traveled from home in going to the Assembly, shall be entitled to receive his share of the Commissioners' Fund, provided the Presbytery from which he comes shall have made any reasonable contribution to the said fund out of which his mileage is to be drawn; of which the Mileage Committee, subject to an appeal to the Assembly, shall be competent to judge.

"6. That all funds sent up to the Assembly for this purpose shall be, at every General Assembly, committed to the Mileage Committee, to be divided between the lawful applicants for the same, in proportion to the number of miles which they have necessarily traveled.

"7. That, should the Commissioners' Fund in any one year be sufficient to allow each applicant Commissioner for allowance of mileage more than five cents for each mile traveled in coming to the Assembly, then the surplus at each Assembly, after paying five cents a mile to the applicants, shall be reserved and paid to the Treasurer for the time being, for the purpose of being divided at the next Assembly, if needful."

☞ See also Minutes of 1851, p. 24.

IV. CONTINGENT FUND.

A COLLECTION is to be taken in every congregation, annually, for the funds of the Assembly. A part of this collection should be designated, either by the Session of the Church or the Presbytery, as a contribution to the Contingent Fund of the General Assembly. At the present ratio of expenses, about eight hundred dollars are needed yearly to defray the expense of printing the Annual Minutes, of paying salaries and traveling expenses of delegates to Corresponding Bodies, and for other incidental matters.

V. ANNUAL MINUTES.

The price, either with or without postage, of a copy of the Annual Minutes, with the usual Appendix, is *forty* cents. Every Presbytery that contributes to the Contingent Fund an amount equal to *forty* cents for each minister, will have one copy of the Minutes forwarded by mail, as soon as published, to each of its ministers whose post-office address is given in the Statistical Report. The Minutes will also be sent, free of postage, when ordered, to any address at the same rate. The postage on all orders must be pre-paid.

Agreeably to a resolution of the Assembly, a copy of the Minutes will be sent, post-paid, to each of the Stated Clerks of the Presbyteries and Synods, for the use of those Bodies respectively.

VI. SYNODICAL REPORTS.

A *Statistical Report* is to be prepared and forwarded to the Assembly by the Stated Clerk of every Synod, in which are to be stated the number of Presbyteries, ministers, churches, licentiates and candidates within their bounds, and how distributed; the changes which may have been made in the number or arrangement of their Presbyteries; the place and hour of their next Annual Meeting, and the names of the Moderator and Stated Clerk.

VII. PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly—

1. A *Statistical Report*, according to the form exhibited on page 543 of the present Appendix, of which a printed blank will be furnished in due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. *A Narrative of the State of Religion* within the bounds of the Presbytery for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sunday-schools and Bible-classes organized, the number of scholars in each, &c.; also the decease, if any, of the ministers of the Presbytery during the year. Also, as directed by the General Asembly of 1854, its various arrangements for Church Extension; stating the number of its ministers, and the particular manner in which they are employed; the number of its churches, and how they are supplied; the gross amount of funds collected in its

bounds for Home Missions and church erection; the amount received by its churches from the American Home Missionary Society, or any similar institution; the number of houses of worship, with their probable value, and whether they are free from debt; the number of new churches organized and new houses of worship erected; what itinerant arrangements have been adopted for preaching the gospel; what and how much agency has been employed; together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ. As the Narratives are not to be publicly read, less care may be given to their style, and more to the detail of particulars such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church.

VIII. STATED CLERKS OF PRESBYTERIES.

Attention is requested to the following particulars. Let the Stated Clerk of every Presbytery take special care,

1. That the Commissioners to the Assembly are furnished with a *Commission*, according to the model prescribed in the Form of Government, chap. XXII., sec. ii.

2. That *Collections* for the Commissioners' and Contingent Funds of the Assembly be ordered annually by the Presbytery, on or before a particular Sabbath, and that the amount be forwarded by the hands of one of the Commissioners.

3. That the *Presbyterial Reports* specified in the previous article, be duly prepared, *authenticated*, and forwarded. These reports should be on separate papers, for the convenience of the Assembly in referring them to distinct Committees.

In preparing the Statistical Report, let the following rules be observed:

(1.) Carefully copy the blank form and order of columns, &c., on page 543. ☞

(2.) Record ministers in the order of their *ministerial* age, with their *Christian* names in full, and their address in the adjoining column.

(3.) Place the name of every church opposite the name of its pastor or stated supply; or, if vacant, at the foot of the roll.

(4.) Place, after the name of every minister, an abbreviation denoting his occupation; e. g.: P., for a Pastor; P. E., for a Pastor Elect; P. C., for a Pastor of a Congregational Church; S. S., for a Stated Supply; H. M., for a Home Missionary; C. M., for a City Missionary; T. M., for a Tract Missionary; F. M., for a Foreign Missionary; Pres., for the President of a College; Prof., for a Professor in a College or Theological Seminary; Sec., for a Secretary of a benevolent institution; D. Sec., for a District Secretary; Ag., for an Agent

of do.; Ch., for a Chaplin; Tea., for a Teacher; Ed., for an Editor; W. C., for a Minister without charge; and Col., for a Colporteur.

(5.) Place after the name of every church the abbreviations, P., for one that has a Pastor; P. E., for one that has a Pastor Elect; S. S., for one that has a Stated Supply; or V., for one that is vacant.

(6.) If a church fails to report, let the "whole number" of communicants be given as reported to the Synod, or to the last Assembly, with an asterisk (*) in the column of communicants, denoting the fact.

(7.) In the *additions* to the church, distinguish between those on *examination* and those on *certificate;* in the *baptisms*, between the *adults* and the *infants;* and be careful to observe the order of the columns in which these particulars are recorded.

(8.) In the report of "*Funds*" contributed, observe the directions, at the foot of the blank form on the next page. ☞

(9.) The *names* of the Licentiates are to be recorded immediately after the list of Ministers, in the same column; but of the Candidates the *number* only is to be given.

drawing from Christian privileges may be occasioned by the unavoidable dispensations of Providence, without any material fault of their own, yet in all cases in which a Church Session has good reason to believe, that any of the church under their care have absented themselves with design, either from a disregard of Christian privileges, or from a wish to escape from the inspection and discipline of the church, they ought without unnecessary delay to declare such persons suspended from the privileges of the church until they give evidence of repentance and reformation; and of course, in making their statistical reports, ought to enumerate such among the members under suspension."

II. PRAYER FOR THE ASSEMBLY.

Extract from the Minutes of the General Assembly, in Session at Philadelphia, May 19th, 1821:

"An overture from the Synod of North Carolina was received and read, and is as follows:—

"Whereas, the General Assembly is the highest and most important judicatory of the Presbyterian Church; and whereas, to obtain the Divine blessing on that judicatory must appear, to every Christian of our denomination, to be a matter of the utmost moment; therefore,

"*Resolved*, That this Synod do respectfully suggest to the General Assembly the propriety of recommending to all the churches under their care to observe the *afternoon or evening previous to the meeting* of that body, as A SEASON OF SPECIAL PRAYER to Almighty God for his blessing; that he would, of his infinite mercy, condescend to superintend and direct all their measures, deliberations and decisions; so that all may redound to the promotion of his own glory, and the general prosperity of that particular Church to which we belong.

"After some discussion, the above overture was adopted."

III. COMMISSIONERS' FUND.

Extract from the Minutes of the General Assembly, in Session at Philadelphia, May 23d, 1843:

"The Committee on the *Commissioners' Fund* made the following Report, which was adopted:—

"*Resolved*, 1. That the regulations of the Assembly, passed in 1838, be and the same are hereby repealed.

"2. That hereafter any Presbytery which had formerly obtained leave to pay the expenses of their own Commissioners to the Assembly, shall have liberty to pursue the same course if they shall desire it.

"3. Nevertheless, the Assembly would earnestly desire and recommend, that all the churches and Presbyteries under care of this

Assembly should make common cause, in raising an adequate fund to defray the necessary expenses of all Commissioners, whose circumstances may constrain them to apply for the same. This course of conduct the Assembly deem most equitable, fraternal, and Christian; for thus the strong will help to bear the infirmities of the weak, and all parts of the Church be best tempered together and edified.

"4. That every Presbytery be and hereby is earnestly requested to cause a contribution for the Commissioners' Fund to be taken up in all their churches, in the winter preceding each future General Assembly, and transmit the whole amount of the same to the Assembly, by their own or some neighboring Commissioner.

"5. That such Commissioner to this or any future General Assembly, whose Presbytery has not preferred to defray his expenses by the application of their own funds, and who has returned his mileage, or, at any time within four days from and after the opening of any future Assembly, returns to the Mileage Committee the number of miles which he has necessarily traveled from home in going to the Assembly, shall be entitled to receive his share of the Commissioners' Fund, provided the Presbytery from which he comes shall have made any reasonable contribution to the said fund out of which his mileage is to be drawn; of which the Mileage Committee, subject to an appeal to the Assembly, shall be competent to judge.

"6. That all funds sent up to the Assembly for this purpose shall be, at every General Assembly, committed to the Mileage Committee, to be divided between the lawful applicants for the same, in proportion to the number of miles which they have necessarily traveled.

"7. That, should the Commissioners' Fund in any one year be sufficient to allow each applicant Commissioner for allowance of mileage more than five cents for each mile traveled in coming to the Assembly, then the surplus at each Assembly, after paying five cents a mile to the applicants, shall be reserved and paid to the Treasurer for the time being, for the purpose of being divided at the next Assembly, if needful."

☞ See also Minutes of 1851, p. 24.

IV. CONTINGENT FUND.

A COLLECTION is to be taken in every congregation, annually, for the funds of the Assembly. A part of this collection should be designated, either by the Session of the Church or the Presbytery, as a contribution to the Contingent Fund of the General Assembly. At the present ratio of expenses, about eight hundred dollars are needed yearly to defray the expense of printing the Annual Minutes, of paying salaries and traveling expenses of delegates to Corresponding Bodies, and for other incidental matters.

V. ANNUAL MINUTES.

The price, either with or without postage, of a copy of the Annual Minutes, with the usual Appendix, is *forty* cents. Every Presbytery that contributes to the Contingent Fund an amount equal to *forty* cents for each minister, will have one copy of the Minutes forwarded by mail, as soon as published, to each of its ministers whose post-office address is given in the Statistical Report. The Minutes will also be sent, free of postage, when ordered, to any address at the same rate. The postage on all orders must be pre-paid.

Agreeably to a resolution of the Assembly, a copy of the Minutes will be sent, post-paid, to each of the Stated Clerks of the Presbyteries and Synods, for the use of those Bodies respectively.

VI. SYNODICAL REPORTS.

A *Statistical Report* is to be prepared and forwarded to the Assembly by the Stated Clerk of every Synod, in which are to be stated the number of Presbyteries, ministers, churches, licentiates and candidates within their bounds, and how distributed; the changes which may have been made in the number or arrangement of their Presbyteries; the place and hour of their next Annual Meeting, and the names of the Moderator and Stated Clerk.

VII. PRESBYTERIAL REPORTS.

It is required of every Presbytery to prepare and forward to the General Assembly—

1. A *Statistical Report*, according to the form exhibited on page 543 of the present Appendix, of which a printed blank will be furnished in due season, by order of the Assembly, to the Stated Clerk of every Presbytery. This Report should, if possible, embrace all the changes in the Presbytery previous to the first day of April.

2. *A Narrative of the State of Religion* within the bounds of the Presbytery for the year ending April 1st. These Narratives should specify facts in regard to the particular churches, their state, trials, encouragements and prospects; how many of them, and which, have enjoyed revivals of religion through the year; in which of them the Catechisms are taught, Sunday-schools and Bible-classes organized, the number of scholars in each, &c.; also the decease, if any, of the ministers of the Presbytery during the year. Also, as directed by the General Assembly of 1854, its various arrangements for Church Extension; stating the number of its ministers, and the particular manner in which they are employed; the number of its churches, and how they are supplied; the gross amount of funds collected in its

bounds for Home Missions and church erection; the amount received by its churches from the American Home Missionary Society, or any similar institution; the number of houses of worship, with their probable value, and whether they are free from debt; the number of new churches organized and new houses of worship erected; what itinerant arrangements have been adopted for preaching the gospel; what and how much agency has been employed; together with all such other facts and suggestions as will show, from year to year, what has been accomplished, and what may need to be undertaken, to bring all the churches to a proper degree of effort to promote the kingdom of Christ. As the Narratives are not to be publicly read, less care may be given to their style, and more to the detail of particulars such as will aid the Committee of the Assembly in preparing their Annual General Narrative of the State of the Church.

VIII. STATED CLERKS OF PRESBYTERIES.

Attention is requested to the following particulars. Let the Stated Clerk of every Presbytery take special care,

1. That the Commissioners to the Assembly are furnished with a *Commission*, according to the model prescribed in the Form of Government, chap. XXII., sec. ii.

2. That *Collections* for the Commissioners' and Contingent Funds of the Assembly be ordered annually by the Presbytery, on or before a particular Sabbath, and that the amount be forwarded by the hands of one of the Commissioners.

3. That the *Presbyterial Reports* specified in the previous article, be duly prepared, *authenticated*, and forwarded. These reports should be on separate papers, for the convenience of the Assembly in referring them to distinct Committees.

In preparing the Statistical Report, let the following rules be observed:

(1.) Carefully copy the blank form and order of columns, &c., on page 543. ☞

(2.) Record ministers in the order of their *ministerial* age, with their *Christian* names in full, and their address in the adjoining column.

(3.) Place the name of every church opposite the name of its pastor or stated supply; or, if vacant, at the foot of the roll.

(4.) Place, after the name of every minister, an abbreviation denoting his occupation; e. g.: P., for a Pastor; P. E., for a Pastor Elect; P. C., for a Pastor of a Congregational Church; S. S., for a Stated Supply; H. M., for a Home Missionary; C. M., for a City Missionary; T. M., for a Tract Missionary; F. M., for a Foreign Missionary; Pres., for the President of a College; Prof., for a Professor in a College or Theological Seminary; Sec., for a Secretary of a benevolent institution; D. Sec., for a District Secretary; Ag., for an Agent

of do.; Ch., for a Chaplin; Tea., for a Teacher; Ed., for an Editor; W. C., for a Minister without charge; and Col., for a Colporteur.

(5.) Place after the name of every church the abbreviations, P., for one that has a Pastor; P. E., for one that has a Pastor Elect; S. S., for one that has a Stated Supply; or V., for one that is vacant.

(6.) If a church fails to report, let the "whole number" of communicants be given as reported to the Synod, or to the last Assembly, with an asterisk (*) in the column of communicants, denoting the fact.

(7.) In the *additions* to the church, distinguish between those on *examination* and those on *certificate;* in the *baptisms*, between the *adults* and the *infants;* and be careful to observe the order of the columns in which these particulars are recorded.

(8.) In the report of "*Funds*" contributed, observe the directions, at the foot of the blank form on the next page. ☞

(9.) The *names* of the Licentiates are to be recorded immediately after the list of Ministers, in the same column; but of the Candidates the *number* only is to be given.

(10.) Avoid erasures or interlineations, and make names and numbers distinctly legible.

(11.) ADD UP every column, and authenticate the Report with your *signature.*

(12.) Affix no extraneous matter, such as memoranda, explanations, or orders for the delivery of the printed Minutes of the Assembly; let these be given on a separate sheet.

☞ If any thing should prevent the forwarding of the Statistical Report in time for the Meeting of the General Assembly, let it be sent, as soon as possible, by mail, to the Stated Clerk of the General Assembly, No. 202 Henry street, New-York.

GENERAL SUMMARY.

THE preceding tables show that Statistical Reports, for the year ending in April, 1854, have been received from all but five of the Presbyteries: Oswego, Medina, Minnesota, Kingston, and West-Tennessee. An imperfect Report has since been received from the Presbytery of Oswego, the totals of which appear in the Schedule, p. 638. The following names of ministers are to be added to the roll of that Presbytery:—W. W. Warner, New-Haven, N. Y.; Henry H. Morgan, Hannibal, N. Y.; Lewis Kellogg, Oswego, N. Y.; and Stephen D. Voorhees, Phœnix, N. Y.

In a few instances, the name of a minister is given twice, having been reported by two different Presbyteries; owing to the fact, that, in a few cases, the Reports date as far back as June, 1853, and in several others are brought down not later than January or February, 1854; while the greater part, as is proper, are brought down to last April. It is much to be desired that a greater uniformity be obtained in this respect. In each of the Presbyteries of Medina, Athens, and Fort Wayne, the name of a minister appears in about one half of the edition, which, owing to the above cause, is repeated on a subsequent page, the repetition not having been discovered until the form had gone to press.

No change has been made in the number or arrangement of the Presbyteries and Synods during the past year. The preceding page gives the following results:

The Report of the number of Candidates for the Ministry is quite imperfect. In many cases, only those who have been regularly received under the care of the Presbytery have been reported. It is expected that every *Church* will report annually to its Presbytery the number of its members who are pursuing a course of pre-

paratory study for the ministry, in whatever stage of preparation they may be; and that every Presbytery report annually to the General Assembly, the whole number of persons connected with the churches under their care who are thus preparing for the ministry. It is probable that scarcely more than one half of this number has been reported to the Assembly for the past year.

A large number of churches, and some whole Presbyteries, have failed to report the amount of their contributions to benevolent objects. The contributions to the Church Erection Fund are classed, except in a few instances, under the head of Domestic Missions; but in many cases have been enumerated, not in the Statistical Report, but in the Church Extension Report, and therefore do not appear in this Summary. As nearly $80,000 have been contributed to this fund, and not less than $60,000, judging from the Reports of last year, to Domestic Missions, the total under this head should be about $140,000. The principal contributions to the Education cause have been from the two Synods of New-York and New-Jersey, and of Cincinnati, for the endowment of the two Theological Seminaries within their bounds.

From 77 Presbyteries no Reports have been received of their ecclesiastical acts during the year:—their Licensures; Ordinations; Installations; Dissolutions of the Pastorate, and of Churches; Depositions; Dismission of Ministers and Licentiates to, and Reception from, other Denominations; Organization, Reception from, and Dismission to, other Denominations, of Churches. It is very desirable that every Presbytery require their Stated Clerk to include these facts in their Annual Report to the Assembly. Owing to the failure of so many Presbyteries in this matter, no general summary of these acts can be given in this Appendix.

All which is respectfully submitted.

EDWIN F. HATFIELD, *Stated Clerk.*

The Church Psalmist.

ND HYMNS FOR PUBLIC AND PRIVATE WORSHIP.

l Assembly of the Presbyterian Church, in the United States, unani-
mend the Church Psalmist, as the most desirable and unexceptionable
Psalms and Hymns for the use of churches, extant; and its adoption
hurches as "The Assembly Book" (as well to secure uniformity in the
e of the churches as to have the best book) was strongly urged. Since
en taken upon the subject, it has come into general use in the Presby-
rches, is it considered, that it has been introduced into churches of other
enominations of discriminating judgment, among whom may be mentioned
f Congregational Churches in New York, Rev. Dr. Cheever's, Rev. Joseph
ewis, Broadway Tabernacle, &c. In addition to the emphatic and re-
mmendation of The Church Psalmist by the *General Assembly*, the pub-
ter to that of the *Synods of New York* and *New Jersey*, *Albany*, *Genesee*,
Presbyterian and *Congregational General Convention of Wisconsin*, and
s, *Ohio*, *Indiana*, *Illinois*, *Peoria*, as well as of the various *Presbyteries*,
trongly expressed letters of approbation from the many eminent clergymen,
e congregations the merits of this book have been hotly, among whom are the
v. Dr. Erskine Mason, Rev. Drs. Hatfield, Duffield, Fisher, Lansing, McLane,
r, Aiken, and others.

book is published in three different sizes, and put up in a great variety of

...pression, which (says the *N. Y. Evangelist*), "evince a cultivated musical taste,
...d add materially to the value of the book." The large number of copies of this
...iddle size having already worn out one set of stereotype plates, the present
...d future editions will be printed from a new and improved set just finished.

...feel confident that this book will meet the wants of Christians, in their social, even-
